THE INSTANT NATIONAL BESTSELLER *No Ordinary Dog* is the powerful true story of a SEAL Team Operator and military dog handler, and the dog that saved his life. Two dozen Navy SEALs descended on Osama bin Laden's compound in May 2011. After the mission, only one name was made public: Cairo, a Belgian Malinois and military working dog. This is Cairo's story, and that of his handler, Will Chesney, a SEAL Team Operator whose life would be irrevocably tied to Cairo's. Starting in 2008, when Will was introduced to the SEAL canine program, he and Cairo worked side by side, depending on each other for survival on hundreds of critical operations in the war on terrorism. But their bond transcended their service. Then, in 2011, the call came: Pick up your dog and get back to Virginia. Now. What followed were several weeks of training for a secret mission. It soon became clear that this was no ordinary operation. Cairo was among the first members of the U.S. military on the ground in Pakistan as part of Operation Neptune Spear, which resulted in the successful elimination of bin Laden. As Cairo settled into a role as a reliable "spare dog," Will went back to his job as a DEVGRU operator, until a grenade blast in 2013 left him with a brain injury and PTSD. Unable to participate in further missions, he suffered from crippling migraines, chronic pain, memory issues, and depression. Modern medicine provided only modest relief. Instead, it was up to Cairo to save Will's life once more—and then up to Will to be there when Cairo needed him the most.

Two dozen Navy SEALs descended on Osama bin Laden's compound in May 2011. After the mission, only one name was made public: Cairo, a Belgian Malinois and military working dog. *Warrior Dog* is the story of Cairo and his handler, Will Chesney, a member of SEAL Team Six whose life would be irrevocably tied to Cairo's, specially adapted for young readers from Chesney and Joe Layden's *No Ordinary Dog*. Starting in 2008, when Will was introduced to the canine program, he and Cairo worked side by side, depending on each other for survival on hundreds of critical operations in the war on terrorism. But their bond went beyond their military service. As Cairo aged and went on fewer missions, Will moved on to other assignments, forced to slowly—and painfully—distance himself from the dog. Then, in 2011, the call came: Pick up your dog and get back to Virginia. Now. Cairo and Will trained for weeks for a secret mission, but it soon became clear that this was no ordinary operation. Cairo was among the first members of the U.S. military on the ground in Pakistan as part of Operation Neptune Spear, which resulted in the successful elimination of bin Laden. As Cairo settled into a role as a reliable “spare dog,” Will went back to his job—until a grenade blast in 2013 left him severely injured. As Seen on "60 Minutes"! As a Navy SEAL during a combat deployment in Iraq, Mike Ritland saw a military working dog in action and instantly knew he'd found his true calling. Ritland started his own company training and supplying dogs for the SEAL teams, U.S. Government, and Department of Defense. Though fiercely aggressive and athletic, these dogs develop a close bond with the handlers they work side by side with and the other team members. Truly integrating themselves into their units, these K9 warriors are much like their human counterparts—unwavering in their devotion to duty, strong enough and tough enough to take it to the enemy through pain, injury, or fear. The uplifting and unforgettable true story of a US Marine, the stray dog he met on an Afghan battlefield, and how they saved each other and now travel America together, "spreading the message of stubborn positivity." In 2010, Sergeant Craig Grossi was doing intelligence work for Marine RECON—the most elite fighters in the Corps—in a remote part of Afghanistan. While on patrol, he spotted a young dog "with a big goofy head and little legs" who didn't seem vicious or run in a pack like most strays they'd encountered. After eating a piece of beef jerky Craig offered—against military regulations—the dog began to follow him. "Looks like you made a friend," another Marine yelled. Grossi heard, "Looks like a 'Fred.'" The

name stuck, and a beautiful, life-changing friendship was forged. Fred not only stole Craig's heart; he won over the RECON fighters, who helped Craig smuggle the dog into heavily fortified Camp Leatherneck in a duffel bag—risking jail and Fred's life. With the help of a crew of DHL workers, a sympathetic vet, and a military dog handler, Fred eventually made it to Craig's family in Virginia. Months later, when Craig returned to the U.S., it was Fred's turn to save the wounded Marine from Post-Traumatic Stress. Protecting Caroline: A Navy SEAL Military Romantic Suspense

In this special edition of War Dogs, adapted specifically for a younger audience, Rebecca Frankel offers a riveting mix of on-the-ground reporting her own hands-on experiences in the military working dog world, and a look at the science of dogs' special abilities—from their amazing noses and powerful jaws to their enormous sensitivity to the emotions of their human companions. Her narrative gives us insight into the world of dogs in combat and the touching aspect of the relationship between soldiers and their dogs. Frankel explores the long, rich history of dogs in the US military, from the spirit-lifting mascots of the Civil War to the dogs still leading patrols hunting for IEDs today. Frankel not only interviewed handlers who deployed with dogs in wars from Vietnam to Iraq, but top military commanders, K-9 program managers, combat-trained therapists who brought dogs into war zones as part of a preemptive measure to stave off PTSD, and veterinary technicians stationed in Bagram. She makes a passionate case for maintaining a robust war-dog force. In this YA edition, Rebecca Frankel gives further insight into her work as a journalist and how it led her to explore the world of dogs and their handlers. With a compelling cast of humans and animals, this moving book is a must read for all

dog lovers.

The Making of a Navy SEAL

Chris Beck played high school football. He bought a motorcycle, much to his mother's dismay, at age 17. He grew up to become a U.S. Navy SEAL, serving our country for twenty years on thirteen deployments, including seven combat deployments, and ultimately earned a Purple Heart and the Bronze Star. To everyone who saw him, he was a hero. A warrior. A man. But underneath his burly beard, Chris had a secret, one that had been buried deep inside his heart since he was a little boy—one as hidden as the panty hose in the back of his drawer. He was transgender, and the woman inside needed to get out. This is the journey of a girl in a man's body and her road to self-actualization as a woman amidst the PTSD of war, family rejection and our society's strict gender rules and perceptions. It is about a fight to be free inside one's own body, a fight that requires the strength of a Warrior Princess. Kristin's story of boy to woman explores the tangled emotions of the transgender experience and opens up a new dialogue about being male or female: Is gender merely between your legs or is it something much bigger?
