Grammar, Meaning, and Concepts: A Discourse-Based Approach to English
Grammar is a book for language teachers and learners that focuses on the
meanings of grammatical constructions within discourse, rather than on language
as structure governed by rigid rules. This text emphasizes the ways in which users
of language construct meaning, express viewpoints, and depict imageries using
the conceptual, meaning-filled categories that underlie all of grammar. Written by
a team of authors with years of experience teaching grammar to future teachers of
English, this book puts grammar in the context of real language and illustrates
grammar in use through an abundance of authentic data examples. Each chapter
also provides a variety of activities that focus on grammar, genre, discourse, and
meaning, which can be used as they are or can be adapted for classroom practice.
The activities are also designed to raise awareness about discourse, grammar, and
meaning in all facets of everyday life, and can be used as springboards for upper
high school, undergraduate, and graduate level research projects and inquiry-
based grammatical analysis. Grammar, Meaning, and Concepts is an ideal textbook

for those in the areas of teacher education, discourse analysis, applied linguistics, second language teaching, ESL, EFL, and communications who are looking to teach and learn grammar from a dynamic perspective.

Perfect English Grammar

Better understand American English by mastering its phrasal verbs This authoritative reference offers thousands of American English phrasal verbs, two-word verbs, prepositional verbs, and verbs that are used together. Entries include definitions and examples of phrasal verbs used in context. With help from McGraw-Hill's Essential American Phrasal Verbs Dictionary, you will become familiar with English as it is used in the media, at work, around the house, and in everyday conversations. This knowledge will help you comprehend English as it is spoken in the United States and add variety to your word usage. Inside you will find: 1,800 entries with examples of everyday usage The latest phrasal verbs used in the American lexicon Fun illustrations that show the humor of taking expressions too literally

Doing English Grammar

Journalism, fake news & disinformation

English Verbs & Essentials of Grammar for ESL Learners

The Oxford Dictionary of English Grammar is a straightforward and accessible A-Z guide to the diverse and often complex terminology of English grammar. It contains over 1,600 entries with clear and concise definitions, enhanced by numerous example sentences, as well as relevant quotations from the scholarly literature of the field. This second edition is written and edited by Professor Bas Aarts of University College London, writer of the acclaimed Oxford Modern English Grammar. It has been fully revised and updated, with particular attention paid to refreshing the example sentences included within the text. There are over 150 new entries that cover current terminology which has arisen since the publication of the first edition, and there are also new entries on the most important English grammars published since the start of the 20th century. Hundreds of new cross-references enhance the user-friendly nature of the text, and the list of works cited has been thoroughly updated to reflect the current state of the field. A short appendix of web links has been added. All in all, this Dictionary is an invaluable guide to English grammar for all students and teachers of the subject, as well as all those with an informed interest in the English language.

Explaining English Grammar

The aim of this book is to provide teachers with a fresh approach to thinking about English grammar. Each chapter focuses on a problematic area, for example "Articles", "Conditionals", and "Direct and indirect speech". First the basic grammatical form is described, and then the meaning distinctions conveyed by particular forms. The final section of each chapter shows how meaning can be shaped by context and communicative purpose. The book includes exercises, teaching ideas, and a glossary.

The Oxford English Grammar

The bestselling ESL guide—now with extra review exercises to reinforce lessons learned Do you tend to repeat the same mistakes when you speak or write in English? This fun and engaging guide will help you communicate like a native English speaker on a consistent basis. Correct Your English Errors, Second Edition is a comprehensive guide to correcting the bad habits that can leave your audience confused. This skill-building book clearly explains all the key elements of English grammar and provides hundreds of examples of errors learners often make—all presented in color to make them stand out and easier to avoid. Correct Your English Errors, Second Edition:

- Highlights common ESL pitfalls, including mispronunciation, misspelling, verb tense issues, and subject-verb agreement
- Helps you avoid the misapplication of your own native grammar rules to English
- Includes practical review exercises at the end of each chapter
- Includes a new review chapter designed to test your mastery of the book's entire content

The Chicago Guide to Grammar, Usage, and Punctuation

By combining theory and practice, this book provides a comprehensive overview of the whole process of English grammar teaching.

Oxford Practice Grammar Basic: With Key Practice-Boost CD-ROM Pack

New Oxford English Grammar is Oxford's brand new and definitive guide to grammar usage. This book has been written by a leading expert in the field, covers both British and American English, and makes use of the unrivalled language monitoring of Oxford's English Dictionaries programme. Arranged in three clear parts for ease of use, its comprehensive coverage ranges from the very basic to the most complex aspects of grammar, all of which are explained clearly and engagingly. This descriptive source of reference is invaluable for those with an interest in the English language, undergraduate students of all disciplines, and for anyone who would like a clear guide to English grammar and how to use it.

Modern Russian

Correct Your English Errors, Second Edition

Essai Sur la Poésie Luxembourgeoise

Henri Lefebvre has considerable claims to be the greatest living philosopher. His work spans some sixty years and includes original work on a diverse range of subjects, from dialectical materialism to architecture, urbanism and the experience of everyday life. The Production of Space is his major philosophical work and its translation has been long awaited by scholars in many different fields. The book is a search for a reconciliation between mental space (the space of the philosophers) and real space (the physical and social spheres in which we all live). In the course of his exploration, Henri Lefebvre moves from metaphysical and ideological considerations of the meaning of space to its experience in the everyday life of home and city. He seeks, in other words, to bridge the gap between the realms of theory and practice, between the mental and the social, and between philosophy and reality. In doing so, he ranges through art, literature, architecture and economics, and further provides a powerful antidote to the sterile and obfuscatory methods and theories characteristic of much recent continental philosophy. This is a work of great vision and incisiveness. It is also characterized by its author's wit and by anecdote, as well as by a deftness of style which Donald Nicholson-Smith's sensitive translation precisely captures.

The Production of Space

How English Works

The authoritative guide to using the English language effectively, from "the

greatest writer on grammar and usage that this country has ever produced” (David Yerkes, Columbia University). The author of *The Chicago Manual of Style*’s popular “Grammar and Usage” chapter, Bryan A. Garner is renowned for explaining the vagaries of English with absolute precision and utmost clarity. With *The Chicago Guide to Grammar, Usage, and Punctuation*, he has written the definitive guide for writers who want their prose to be both memorable and correct. Garner describes standard literary English—the forms that mark writers and speakers as educated users of the language. He also offers historical context for understanding the development of these forms. The section on grammar explains how the canonical parts of speech came to be identified, while the section on syntax covers the nuances of sentence patterns as well as both traditional sentence diagramming and transformational grammar. The usage section provides an unprecedented trove of empirical evidence in the form of Google Ngrams, diagrams that illustrate the changing prevalence of specific terms over decades and even centuries of English literature. Garner also treats punctuation and word formation, and concludes the book with an exhaustive glossary of grammatical terms and a bibliography of suggested further reading and references. *The Chicago Guide to Grammar, Usage, and Punctuation* is a magisterial work, the culmination of Garner’s lifelong study of the English language. The result is a landmark resource that will offer clear guidelines to students, writers, and editors alike. “[A manual] for those of us laboring to produce expository prose: nonfiction books, journalistic articles, memorandums, business letters. The conservatism of his advice pushes you to consider audience and occasion, so that you will understand when to follow convention and when you can safely break it.”—John E. McIntyre, *Baltimore Sun*

Oxford Word Skills Advanced: Student's Pack (Book and CD-ROM)

Oxford Modern English Grammar

Our national language, and the culture from which it has formed, is the rightful inheritance of all English-speaking people. It deserves to be taught with knowledge and respect. English is now spoken, also, by more than 500 million people around the world. They need the opportunity to learn to speak and write it confidently, and correctly. Grammar provides a language to talk about language. As a mechanic needs naming words for the parts of an engine, so a student needs naming words for the components of speech and writing. This practical book provides all who learn or teach Grammar with these skills in a clear step-by-step process. It provides teachers with an armoury of learning strategies to use at all levels. Grammar should be fun to teach and fun to learn.

Oxford Practice Grammar

Oxford English Grammar Course

Updated and revised with more examples and expanded discussions, this second edition continues the aim of providing teachers with a solid understanding of the

use and function of grammatical structures in American English. The book avoids jargon and presents essential grammatical structures clearly and concisely. Dr. DeCapua approaches grammar from a descriptive rather than a prescriptive standpoint, discussing differences between formal and informal language, and spoken and written English. The text draws examples from a wide variety of authentic materials to illustrate grammatical concepts. The many activities throughout the book engage users in exploring the different elements of grammar and in considering how these elements work together to form meaning. Users are encouraged to tap into their own, often subconscious, knowledge of grammar to consciously apply their knowledge to their own varied teaching settings. The text also emphasizes the importance of understanding grammar from the perspective of English language learners, an approach that allows teachers to better appreciate the difficulties these learners face. Specific areas of difficulties for learners of English are highlighted throughout.

Oxford Practice Grammar Advanced Supplementary Exercises

Practice Makes Perfect helps you put your German vocabulary and grammar skills together! You may have all the vocabulary down pat and every grammar point nailed--but without the skill of knowing how to put these elements together, communicating in your second language would be nearly impossible. Practice Makes Perfect: German Sentence Builders picks up from where other grammar books leave off, showing you the variety of structures and how to combine them to make solid sentences. And like every Practice Makes Perfect title, these books feature crystal-clear explanations, numerous realistic examples, and dozens of opportunities to practice, practice, practice!

Each unit focuses on a single verbal or grammatical concept, providing concise yet comprehensive explanations.

MLA Handbook for Writers of Research Papers

The purpose of this book English, like all languages, is full of problems for the foreign learner. Some of these points are easy to explain - for instance, the formation of questions, the difference between since and for, the meaning of after all. Other problems are more tricky, and cause difficulty even for advanced students and teachers. How exactly is the present perfect used? When do we use past tenses to be polite? What are the differences between at, on and in with expressions of place? We can say a chair leg - why not * a cat leg? When can we use the expression do so? When is the used with superlatives? Is unless the same as if not? What are the differences between come and go, between each and every, between big, large and great, between fairly, quite, rather and pretty? Is it correct to say There's three more bottles in the fridge? How do you actually say $3 \times 4 = 12$? And so on, and so on. Practical English Usage is a guide to problems of this kind. It deals with over 600 points which regularly cause difficulty to foreign students of English. It will be useful, for example, to a learner who is not sure how to use a particular structure, or who has made a mistake and wants to find out why it is wrong. It will also be helpful to a teacher who is looking for a clear explanation of a difficult language point. There is very full coverage of grammar, as well as explanations of a large number of common vocabulary problems. There are also some entries designed to clarify more general questions (e.g. formality, slang, the nature of standard English and dialects) which students and teachers may find themselves concerned with.

Practice Makes Perfect German Sentence Builder

Oxford English Grammar Course: Advanced: with Key (includes E-book)

Language is primarily a tool for communication, yet many textbooks still treat English grammar as simply a set of rules and facts to be memorised by rote. This new textbook is made for students who are frustrated with this approach and would like instead to understand grammar and how it works. Why are there two future tenses in English? What are auxiliaries and why are they so confusing? Why are English motion verbs hard to use? Why are determiners so important in English? These and many other frequently asked questions are answered in this handy guide. Student learning is supported with numerous exercises, chapter summaries and suggestions for further reading. An accompanying website offers further resources, including additional classroom exercises and a chance to interact with the author. It is the essential grammar toolkit for students of English language and linguistics and future teachers of English as a Second Language.

Oxford English Grammar Course
