The Berenstain Bears' New Neighbors

The highly demanded next book in the First Things series. Wear You Down reveals the scintillating story of Emma, a

character from the bestselling romance, All My Life. Emma Paes has had a very Dickensian start to her life. She was born in a dumpster, rescued by a missionary and caged in a convent. Over the years, fueled by her love for sitcoms and classics, Emma dreams of visiting the land of Gilmore Girls, becoming a governess and maybe even finding her very own Mr. Rochester. When she bumps into Harry Colt while backpacking in Paris, she starts wondering if she's finally found him. But Harry doesn't fit into any of Emma's fictional cut-outs. He is neither a beautiful bastard nor a walking disaster. Dammit, he doesn't even have fangs popping out during sexy times! Driven by circumstances, they share a hotel room and spend two loquacious nights together in Paris. But then Harry does something which breaks Emma's heart and she runs away without saying goodbye. It takes a whole year for them to meet again. But things are different this time. Emma is no longer the naive girl Harry met in Paris. She's become the reigning Samba queen of Rio and doesn't need the crutches of fictional or real heroes to lead her life. And not all the sexy v's and smoldering eyes in the world can make her change her mind. Undaunted and undeterred, Harry summons all his courage and charm to pursue Emma and convince her that he is worthy of winning her heart back. But will she let him? ***** Contemporary Romance. HEA ending. 18+ *Wear You Down unravels the story of a side-character from All My Life and can be read as a stand-alone novel.*

Boyser Bear

Snuggle in for the cabin adventure of Boyser Bear, Grandma Gray Bonnets and her golden retriever, Sunbeam. A read-aloud story for families who love the outdoors, nature and children. It is important that we keep closeness with our kids and what better way than to read together. Boyser Bear book is a wonderful story for children to enjoy. In writing Boyser Bear, Ames researched Black Bears and tried to keep Boyser as real as possible. Still he needed to have a personality. By watching the different bears through the years she observed that each bear is unique in deportment and appearance, and chose the best of all her wonderful bear adventures to create Boyser Bear. As for Grandma's big yellow dog, Sunbeam is based on Ames lovely golden retriever, who lived to be eleven years of age. And, yes, she really did chase a bear up a tree and she really did find raspberries for me. Review: "It follows the life of Boyser Bear, a black bear who lives in the woods near Grandma and her dog, Sunbeam. Their lives intermingle off and on as the years pass. Boyser is a curious bear, not always the best thing for him. The story begins at the beginning, and ends at the end, offering interesting information about the life of a black bear." Elizabeth Shawn, author of the Rachael Penzra mysteries and other books

The Berenstain Bears and the Papa's Day Surprise

Mount Airy North Carolina was the birthplace of the late actor Andy Griffith and Historian Tom Perry. In this memoir of their hometown, Perry tells the story of the real Mayberry and his thoughts of the most famous son of the piedmont North Carolina town. This book is part memoir, part biography and part tour guide about Andy Griffith and Mount Airy, North Carolina. Beginning on the day Andy Griffith died, July 3, 2012, Perry tells about the town that day and goes back in time to bring Griffith and his own family to Mount Airy to work in the factories in the twentieth century. Sharing his connections with Griffith, Perry tells about the youth both shared in Mount Airy. The book then follows Andy Griffith to the University of North Carolina at Chapel Hill, Goldsboro to teach school and then Broadway, television and movies in a career that lasted decades. The book also details the effect of Andy Griffith on Mount Airy with the decades long tourism boom that began in the 1980s with the town taking on the persona of the fictional Mayberry that Griffith obviously used to in his highly successful Andy Griffith Show that ran on CBS for eight years ending its run as the number one show on television.

Wear You Down

"Did I ever tell you about Wilt Chamberlain?" "Did I ever tell you about Bob Cousy?" "Did I ever tell you about Joe DiMaggio?" Whenever Arnold "Red" Auerbach starts a sentence with those six words -- "Did I ever tell you about . . ." -- anyone within earshot should prepare to hear a marvelous story. As a living legend among sports fans, Red Auerbach -- the fiery coach who led the Boston Celtics to nine NBA championships, eight of them consecutive -- has long been renowned for his formidable personality: brash, opinionated, and unfailingly accurate. As a coach, he had a great eye for talent, drafting such Hall of Famers as Bill Russell and Larry Bird, and managed to build a powerful franchise with an abiding legacy. Red never stood still along the sidelines and was never seen without his trademark cigar. Now in retirement, at age eighty-seven, he remains a lively part of the game, still consulted by coaches, players, and general managers. And his admirers continue to be legion. Not long ago a former president postponed a meeting with Bill Gates so as not to pass up the chance to talk with Red. For the past several years, John Feinstein has met regularly with Red Auerbach and his friends in a series of raucous, unforgettable sessions. Out of those smoke-and-laughter-filled rooms have emerged the stories of Red's life, from his childhood on the playgrounds of Brooklyn to his triumphs at the famed Boston Garden, where he coached for sixteen years. Just listen as Red colorfully recalls all the players and coaches he has worked with and played against: Bill Russell, Larry Bird, Bob Cousy, Wilt Chamberlain, Sam Jones, and Michael Jordan -- you name them, the basketball greats are all here. Red holds nothing back. In *Let Me Tell You a Story*, Red Auerbach's unique experiences in sports and John Feinstein's unparalleled skills as a storyteller combine to produce one of the most richly entertaining books ever written

about the game of basketball.

Remembering James B. Reuter, SJ

Born in 1922 in a poor section of Jersey City, New Jersey, to parents with only third grade educations, this is the life story of Gus Prinsell. In this autobiography, Gus starts by reflecting on his humble beginnings -- his earliest childhood memories are of poverty wrought by the Great Depression. His father was unemployed for a decade. Gus's parents never wavered in insisting that their children pursue an education. World War II started as he was entering his 20s, and he served his country in the US Navy. After becoming a "born again" Christian in the early 1940s and marrying Louise Binger, he finished college and earned his medical doctor degree from Columbia University in 1952. From there, Gus went on to study surgery and tropical medicine. He then turned away from material gains and dedicated his life to medical missions in West Africa, where he moved with Louise and their four sons and opened the new Kamakwie Wesleyan Hospital in 1959. In 1964, Gus returned to the States where he served as a family physician in Western New York until his retirement. Gus still lives in Houghton, New York, with his wife of over 70 years, Louise. At the ages of 94 and 91, Gus and Louise now have seven grandchildren and two great grandchildren. Gus takes us through his life's journey in his own words. Not only does he tell the story of his own life, but he effectively weaves in the stories of many of his family and friends. His trust in the Lord through faith has led Gus through his life of achievement. When asked to describe himself in one phrase, he defines himself as "a Christian missionary physician and humanitarian." His life of dedication to God and mankind is an example for us all.

Elma, a bear's life - Volume 1 - The Great Journey

Two strangers, one city, four days, one night, one lie and a fantastic journey. 'When We Clicked' is my twisted love story. I am Akhil Parlekar, a Mumbaikar in my early twenties. Like every other Mumbaikar I love my city, consider Sachin Tendulkar a God fantasize about Katrina Kaif, but I am about to die. Before I was dying, I lived my life in four days, when we clicked. It was love at first sight for me, but not for her. I spent the four days with her wandering in the city, thinking that she would fall in love with me, but the night that followed the fourth day, changed everything. This journey is about emotions like humour, lust, hatred, betrayal, heroism, friendship and the biggest emotion of them all; love. I am letting you in my heart as well as my brain, you be the judge if this is a love story or not. `You are the protagonist of your life's story, the central character around which all the other characters and incidents occur. When the protagonist of your story changes to someone else, you are in love. That person becomes the central character of your story and everything else revolves around the person you love.'

In Papa Bear's Bed

The first truly comprehensive biography on George Halas, the father of professional football The founder of the National Football League and father of the Chicago Bears, George Halas single-handedly changed the way Americans spend their Sundays. Papa Bear tells the incredible story of how one man grabbed an outlaw game by the throat, shook it up, and made it into the richest and most popular spectator sport on the planet. Nearly 20 years after his death, Halas remains one of the towering figures of professional sports--rivaling the legendary Vince Lombardi--yet there has never been an authoritative biography published about this great American success story. At last, Papa Bear fills that gap. Written with unprecedented access to Halas's family, his closest friends, and associates, this thoroughly researched account includes exclusive interviews and a treasure trove of never-published archival materials on the Hall of Famer and his enduring legacy.

Papa Bear and the Kids — Real (Sometimes Extreme) Outdoor Trips (Part 3)

One of only two remaining charter members of the National Football League, the Chicago Bears are a team steeped in history. With nine pro football championships and twenty-six hall of famers, the Bears are also among the most successful franchises in all of professional sports. Revised and updated to include the latest seasons on the gridiron, Chicago Bears:

The Complete Illustrated History brings the team's vibrant history to life. Beginning with the franchise's 1919 origins as the Decatur Staleys, this lavishly illustrated book presents the highs and lows from more than nine decades of football. Here is the story of the first dynasty under George "Papa Bear" Halas; the "Monsters of the Midway" of the 1940s; the team's resurgence in the late 1960s; its 1985 Super Bowl win; and the run for the title in 2006. Former Chicago Tribune sportswriter and longtime Bears aficionado Lew Freedmen highlights the legends who have donned Bears uniforms, outsize characters like Red Grange, Bronko Nagurski, Sid Luckman, Mike Ditka, Dick Butkus, Gayle Sayers, Walter Payton, Mike Singletary, Brian Urlacher, and many more. He includes the numbers behind the stories---the stats and team records---as well as pivotal plays in Bears' history, from Halas' T-formation to William "The Refrigerator" Perry's touchdown runs. The book presents a key chapter of sports history and offers a fitting tribute to one of football's most beloved teams.

The New Goldilocks and the Three Bears

Family is arguably one of the most important influences in a child's life. A family is there from the first moments of life, and children depend on parents to protect and provide for them. Parents and family form a child's first relationships. These relationships teach and prepare a child for the experiences the life ahead of them will bring. Some experiences, however inevitable they may be, can not be prepared for. It is in the face of these experiences that a family must rally together. Papa-Bear, the beloved patriarch of a bear family, is called to battle against an undefeated opponent. The pillars of faith, love, and family, must stand resilient against the immense weight of panic, fear, and loss as Papa-Bear prepares to fight for his life. Papa-Bear answers the challenge despite being untried, unprepared, and tragically outmatched. Though this challenger has never been slain, strong and weak alike have faced this destructive foe and forced its retreat. Will Papa-Bear be one of the victors? Sudden loss is painful for adults to understand and more so for the youngest in the family. When Cancer infects someone, it's not just the individual the disease attacks. It attacks every family member from the youngest leaves down to the oldest root of the family tree. Idealism is natural. Optimism surrounds every "What if". The darker side of "What if" may haunt the back of everyone's mind, but it is seldom discussed. When a dark nightmare becomes a crushing reality, the strength to accept and understand losing one of life's purest loves is difficult to muster despite love and support all around. Papa-Bear was the self-claimed title of my late father, whose memory this book is both based on and dedicated to. After losing his three-month fight with aggressive Cancer in late July 2017, I wrote the enclosed story for my grief-stricken sister to help her have the much-needed conversation with her young children in the face of their first genuine loss. "Papa-Bear Isn't Feeling Well" not only helps open a dialogue between family elder and child, but also serves as a reminder to young and old alike, that as difficult as life will be after a tragic loss, life will go on! Love will always persevere in the end. Love will forever remain, and memories will help sustain!

What if it isn't a matter of more training or effort but simply receiving and releasing everything he already purchased? "Life in the Overflow" invites you to know God intimately as your Daddy in a way that spills out of you naturally. Filled with disarming honesty and fervent expectation, this book mirrors a reflection of who you are, who your God is and what he actually longs to do through "ordinary, messy kids" today!

The Last Cowboy: A Life of Tom Landry

“An eloquent, honest tribute to a sports genius.” —Publishers Weekly, Best 100 Books of 2013 As the coach during professional football's most storied era, Tom Landry transformed the gridiron from a no-holds-barred battlefield to the highly-technical chess match it is today. With his trademark fedora and stoic facade, he was a man of faith and few words, for twenty-nine years guiding “America's Team” from laughingstock to well-oiled machine, with an unprecedented twenty consecutive winning seasons and two Super Bowl titles. Now, more than a decade after Landry's death, acclaimed biographer Mark Ribowsky takes a fresh look at this misunderstood legend, telling us as much about our country's obsession with football as about Landry himself, the likes of whom we'll never see again.
