### The Federalist Papers

Presentation of the little-known story of the American Revolution told from the perspectives of the African-American slaves who fought on the side of the British Royal Army in exchange for a promise of freedom.

### A Son of Thunder

Looks at the life of Patrick Henry, the Virginia lawmaker and politician known for his stirring speeches and eloquent writing.

### First Founding Father

In *Death or Liberty*, Douglas R. Egerton offers a sweeping chronicle of African American history stretching from Britain's 1763 victory in the Seven Years' War to the election of slaveholder Thomas Jefferson as president in 1800. While American slavery is usually identified with antebellum cotton plantations, Egerton shows that on the eve of the Revolution it encompassed everything from wading in the South Carolina rice fields to carting goods around Manhattan to serving the households of Boston's elite. More important, he recaptures the drama of slaves, freed blacks, and white reformers fighting to make the young nation fulfill its republican slogans. Although this struggle often unfolded in the corridors of power, Egerton pays special attention to what black Americans did for themselves in these decades, and his narrative brims with compelling portraits of forgotten African American activists and rebels, who battled huge odds and succeeded in finding liberty--if never equality--only in northern states. Egerton concludes that despite the real possibility of peaceful, if gradual, emancipation, the Founders ultimately lacked the courage to end slavery.

### Journal of the American Revolution

"A brilliant orator, a firebrand for freedom and individual rights, Henry stands as an American luminary, and Kukla's magisterial biography shines the glow of achievement on subject and author alike" (Richmond Times Dispatch). Patrick

Henry restores its subject, long underappreciated in history as a founding father, to his seminal place in the story of American independence. Patrick Henry is best known for his fiery declaration, "Give me liberty, or give me death!" Born in 1736, he became an attorney and planter before being elected as the first governor of Virginia after independence, winning reelection several times. After declining to attend the Constitutional Convention of 1787, Henry opposed the Constitution, arguing that it granted too much power to the central government. He pushed vigorously for the ten amendments to the new Constitution, and then supported Washington and national unity against the bitter party divisions of the 1790s. Henry denounced slavery as evil, but he accepted its continuation. Henry was enormously influential in his time, but many of his accomplishments were subsequently all but forgotten. Jon Kukla's "detailed, compelling...definitive" (Kirkus Reviews) biography restores Henry and his Virginia compatriots to the front rank of advocates for American independence. Kukla has thoroughly researched Henry's life, even living on one of Henry's estates. He brings both newly discovered documents and new insights to Henry, the Revolution, the Constitutional era, and the early Republic. This "informational and enlightening biography of the great agitator for democracy" (Library Journal) is a vital contribution to our understanding of the nation's founding.

## **Sheep No More**

Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755-1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

## **Under a War-Torn Sky**

## **Rough Crossings**

Patrick Henry, the famous statesman, has a secret: He keeps his wife in the cellar. Slowly losing her mind, Sarah Henry has become a danger to herself and her children. But daughter Anne has a secret of her own: She knows which child will inherit their mother's madness. Told from the point of view of the Henry children, this compassionate tale explores the possibility that Patrick Henry's immortal cry of "Give me liberty, or give me death," which roused a nation to arms, was first spoken by his wife as she pleaded for her own freedom. Includes a reader's guide.

## **Liberty or Death**

Before Washington, before Jefferson, before Franklin or John Adams, there was Lee--Richard Henry Lee, the First Founding Father Richard Henry Lee was first to call for independence, first to call for union, and first to call for a bill of rights to protect Americans against government tyranny. A towering figure in America's Revolutionary War, Lee was as much the "father of our country" as George Washington, for it was Lee who secured the political and diplomatic victories that ensured Washington's military victories. Lee was critical in holding Congress together at a time when many members sought to surrender or flee the approach of British troops. Risking death on the gallows for defying British rule, Lee charged into battle himself to prevent British landings along the Virginia coast--despite losing most of his left hand in an explosion. A stirring, action-packed biography, First Founding Father will startle most Americans with the revelation that many historians have ignored for more than two centuries: Richard Henry Lee, not Thomas Jefferson, was the author of America's original Declaration of Independence.

## **Custer**

The fourth annual compilation of selected articles from the online Journal of the American Revolution.

## **Death Or Liberty**

The only thing that gets recent widower Dan through the long lonely nights is Anni, his cherished dog. Stolen from Dan's front yard, Anni is rescued from an abusive tenant by Andrea Keller, who is recovering from the heartbreak of a messy divorce. As Anni works to find her way home, can she bring these two lost souls together?

## **The Anti-Federalist Papers**

Dr. Jonathan Mayhew was the most politically influential clergyman in eighteenth-century America; he championed the principles of natural rights, constitutionalism, and resistance to tyranny in press and pulpit from 1750 to 1766. He did more than any other clergyman to prepare New England for disobedience to British authority in the 1760s.

## **Sketches of the Life and Character of Patrick Henry**

If you have ever asked, "Why do people have to die?" then this book is for you. The answer is that no, death is not necessary, inevitable, or good. In fact, death is wrong. Death is the enemy of us all, to be fought with medicine, science, and technology. This book introduces you to the greatest, most challenging, most revolutionary movement to radically extend human lifespans so that you might not have to die at all. You will learn about some amazingly long-lived plants and animals, recent scientific discoveries that point the way toward lengthening lifespans in humans, and simple, powerful arguments that can overcome the common excuses for death. If you have ever thought that death is unjust and

should be defeated, you are not alone. Read this book, and become part of the most important quest in human history. This book was written by the philosopher and futurist Gennady Stolyarov II and illustrated by the artist Wendy Stolyarov. It is here to show you that, no matter who you are and what you can do, there is always a way for you to help in humanity's struggle against death. "I thought the book was fun to read and important in what it tries to accomplish." - Zoltan Istvan, Psychology Today

## **Patrick Henry**

Often referred to as "the voice of the Revolution," Patrick Henry played a vital role in helping to launch the revolt of the American colonies against British rule. An early and compelling Revolutionary orator, Henry played an active part in the debates over the founding of the United States. As a leading anti-federalist, he argued against the ratification of the Constitution, and at the state level, he opposed Thomas Jefferson's Statute of Religious Freedom in Virginia. In both his political triumphs and defeats, Henry was influential in establishing the nature of public discourse for a generation of new Americans. In this concise biography, John A. Ragosta explores Henry's life and his contributions to shaping the character of the new nation, placing his ideas in the context of his times. Supported by primary documents and a supplementary companion website, *Patrick Henry: Proclaiming a Revolution* gives students of the American Revolution and early Republic an insightful and balanced understanding of this often misunderstood American founder.

## **Father of Liberty**

An in-depth biography of the iconic American revolutionary that "helps us understand the significance of Henry's enduring image" (The New York Times Book Review). Patrick Henry was a charismatic orator whose devotion to the pursuit of liberty fueled the fire of the American Revolution and laid the groundwork for the United States. As a lawyer and a member of the Virginia House of Burgess, Henry championed the inalienable rights with which all men are born. His philosophy inspired the Declaration of Independence, the Constitution, and, most significantly, the Bill of Rights. Famous for the line "Give me liberty or give me death!" Patrick Henry was a man who stirred souls and whose dedication to individual liberty became the voice for thousands. In *A Son of Thunder*, Henry Mayer offers "a biography as [Patrick] Henry himself would have wanted it written—a readable style, informal, engaging, and entertaining" (Southern Historian). "This is history and biography at its best." —Charleston Evening Post "A fine job of placing Henry's idea of republican rectitude in context without ignoring the many ironies of his life as a mediator between the yeomanry and the elite." —The New York Times Book Review "A narrative that eases the reader with seemingly effortless grace into the rough-and-tumble world of eighteenth-century Virginia. Patrick Henry, patriot, emerges . . . a lion of a man, proud, earnest, melancholy, eloquent. The biographer has done his job; one sets this book down having heard the lion's roar and having felt the sorrow that he is no more." —San Francisco Examiner

## **Death is Wrong**

## **Give Me Liberty**

It began in Boston, with angry colonists objecting to the tyranny of a king who ruled from an ocean away. It was voiced by patriots such as Sam Adams and Patrick Henry and echoed by citizens from New England all the way to the Carolinas. It was fought by many -- colonists and patriots, Loyalists and slaves, Frontiersmen and Indians, British and French soldiers. Over more than ten years, sides were taken, guns drawn, lives lost. But through it all, one man -- a general from Virginia named George Washington -- held the young colonies together and led them to victory, beating almost impossible odds. History lovers Betsy and Giulio Maestro tell this true story of extraordinary times, incredible drama, and the birth of a new nation.

## **The World's Famous Orations**

Most Americans know Patrick Henry as a fiery speaker whose pronouncement "Give me liberty or give me death!" rallied American defiance to the British Crown. But Henry's skills as an orator—sharpened in the small towns and courtrooms of colonial Virginia—are only one part of his vast, but largely forgotten, legacy. As historian Thomas S. Kidd shows, Henry cherished a vision of America as a virtuous republic with a clearly circumscribed central government. These ideals brought him into bitter conflict with other Founders and were crystallized in his vociferous opposition to the U.S. Constitution. In *Patrick Henry*, Kidd pulls back the curtain on one of our most radical, passionate Founders, showing that until we understand Henry himself, we will neglect many of the Revolution's animating values.

## **Patrick Henry**

In this action-packed history, award-winning author Harlow Giles Unger unfolds the epic story of Patrick Henry, who roused Americans to fight government tyranny—both British and American. Remembered largely for his cry for "liberty or death," Henry was actually the first (and most colorful) of America's Founding Fathers—first to call Americans to arms against Britain, first to demand a bill of rights, and first to fight the growth of big government after the Revolution. As quick with a rifle as he was with his tongue, Henry was America's greatest orator and courtroom lawyer, who mixed histrionics and hilarity to provoke tears or laughter from judges and jurors alike. Henry's passion for liberty (as well as his very large family), suggested to many Americans that he, not Washington, was the real father of his country. This biography is history at its best, telling a story both human and philosophical. As Unger points out, Henry's words continue to echo across America and inspire millions to fight government intrusion in their daily lives.

## **Or Give Me Death**

Examines the events leading to the speech which stirred the colonies to start the American Revolution, discussing the reason for the speech, and the impact it had

on the United States.

## **A Picture Book of Patrick Henry**

Chronicles the life of Patrick Henry from his childhood on a tobacco plantation in Virginia to the American Revolution, when he spoke the famous words "Give me liberty or give me death," one month before the first shots rang out

## **Liberty Or Death**

Presents a biography of the principled Virginia orator.

## **Liberty or Death**

1 voice rallied a nation to Independence with 7 words: "Give me Liberty, or Give me Death!" The Order of the Seven must help birth one nation under God by entering the lives of a unique generation of children chosen to become the Founding Fathers of America. Liz is given the assignment of helping Patrick Henry become the Voice of the Revolution, setting the entire war in motion. If Max can't protect George Washington, the patriots will lose the Sword of the Revolution to lead them. Nigel must ensure that Benjamin Franklin's efforts succeed, and Al must gather intelligence right under the nose of the King of England. Victory will be impossible without the powerful ally of France to join in the fight led by its patriotic son, the Marquis de Lafayette. But will Kate be able to protect the young Marquis in time? The fight for liberty will be costly, with an enemy determined to give the patriots and anyone who helps them the other course--death.

Each day, Missouri reporters and politicians, and many in our nation's capital, read THE TURNER REPORT to get their first glimpse at stories that later appear in the traditional media. In his first non-fiction book, Randy Turner offers a collection of some of his favorite stories, old and new Combine those stories with Turner's examination of the effect lobbyists and special interests are having on Missouri and

Washington, and you have a must-read book as the nation prepares for the 2008 elections.

## **American Colonial History**

The name George Armstrong Custer looms large in American history, specifically for his leadership in the American Indian Wars and unfortunate fall at the Battle of Little Bighorn. But before his time in the West, Custer began his career fighting for the Union in the Civil War. In *Custer: The Making of a Young General*, legendary Civil War historian Edward G. Longacre provides fascinating insight into this often-overlooked period in Custer's life. In 1863, under the patronage of General Alfred Pleasonton, commander of the Army of the Potomac's horsemen, a young but promising twenty-three-year-old Custer rose to the unprecedented rank of brigadier general and was placed in charge of the untried Michigan Cavalry Brigade. Although over time Custer would bring out excellence in his charges, eventually leading the Wolverines to prominence, his first test came just days later at Hanover, then Hunterstown, and finally Gettysburg. In these campaigns and subsequent ones, Custer's reputation for surging ahead regardless of the odds (almost always with successful results that appeared to validate his calculating recklessness) was firmly established. More than just a history book, *Custer: The Making of a Young General* is a study of Custer's formative years, his character and personality; his attitudes toward leadership; his tactical preferences, especially for the mounted charge; his trademark brashness and fearlessness; his relations with his subordinates; and his attitudes toward the enemy with whom he clashed repeatedly in Pennsylvania and Virginia. Custer goes into greater depth and detail than any other study of Custer's Civil War career, while firmly refuting many of the myths and misconceptions regarding his personal life and military service. Fascinating and insightful, it belongs on the shelf of every history buff.

## **Patrick Henry**

Never collected in a definitive form and written using pseudonyms, these essays, speeches, and letters warned of the dangers inherent in a powerful central government, helping shape the passage of the United States Bill of Rights.

## **The Turner Report**

By the middle of 1792, just a little more than three years after America's new government under the Constitution had been set in motion, Alexander Hamilton and Thomas Jefferson - President George Washington's two most important cabinet secretaries and two of the most eminent men among the American founders - had become open and bitter political enemies. Their dispute was not personal but political in the highest sense. Each believed that the debate between them was over regime principles. Each believed that he was protecting the newly established republic, and that the other was laboring to destroy it. Carson Holloway's *Hamilton versus Jefferson in the Washington Administration* examines Hamilton and Jefferson's differences, seeking to explain why these great founders came to disagree so profoundly and vehemently about the political project to which both were committed and had dedicated so much thought and effort.

## **Hamilton versus Jefferson in the Washington Administration**

### **Hello Love**

If you were black in America at the start of the Revolutionary War, which side would you want to win? When the last British governor of Virginia declared that any rebel-owned slave who escaped and served the king would be emancipated, tens of thousands of slaves fled from farms, plantations, and cities to try to reach the British camp. A military strategy originally designed to break the plantations of the American South had unleashed one of the great exoduses in U.S. history. With powerfully vivid storytelling, Schama details the odyssey of the escaped blacks through the fires of war and the terror of potential recapture, shedding light on an extraordinary, little-known chapter in the dark saga of American slavery.

### **Give Me Liberty**

#### **Patrick Henry**

An exciting novel for tweens that captures the dawn of the American Revolution. Life is tough for thirteen-year-old Nathaniel Dunn, an indentured servant in colonial Virginia. Then in a twist of luck, he meets Basil, a kind schoolmaster, and an arrangement is struck lending Nathaniel's labor to a Williamsburg carriage maker. Basil introduces Nathaniel to music, books, and philosophies that open his mind to new attitudes about equality. The year is 1775, and as colonists voice their rage over England's taxation, Patrick Henry's words "give me liberty, or give me death" become the sounding call for action. Should Nathaniel and Basil join the fight? What is the meaning of "liberty" in a country reliant on indentured servants and slaves? Nathaniel must face the puzzling choices a dawning nation lays before him. "Filled with action, well-drawn characters, and a sympathetic understanding of many points of view." —ALA Booklist

### **Give Me Liberty Or Give Me Death (Annotated)**

Shot down on a mission, 19-year-old pilot Henry is alone in a treacherous land. Desperate to get back to his family and the girl he loves, he is forced to rely on the cunning of the French Resistance. But in his battle to survive the deadly journey across Nazi-occupied Europe, he must face a terrible choice: can he take a life to save his own? "A brilliantly paced, action-packed story with some breathtaking moments" - Primary Times

### **Lion of Liberty**

A biography of Patrick Henry, the Virginia lawmaker and politician known for his stirring speeches and eloquent writing.

### **Peyton Randolph, 1721-1775**

\*Includes pictures \*Includes Henry's quotes about his life and career \*Includes a bibliography for further reading "If this is treason, make the most of it." - Patrick Henry

The American Revolution is replete with seminal moments that every American learns in school, from the "shot heard 'round the world" to the Declaration of Independence, but the events that led up to the fighting at Lexington & Concord were borne out of 10 years of division between the British and their American colonies over everything from colonial representation in governments to taxation, the nature of searches, and the quartering of British regulars in private houses. From 1764-1775, a chain of events that included lightning rods like the Townshend Acts led to bloodshed in the form of the Boston Massacre, while the Boston Tea Party became a symbol of nonviolent protest. Of course, the Revolutionary era also produced some of the most famous Americans in history, and Patrick Henry has the ironic distinction of frequently being overlooked in comparison to his contemporaries while also being remembered for speaking one of the most famous lines in American history despite the fact he may never have actually said it. When Henry famously cried out, "Give me liberty or give me death," he knew a surprising amount about both. He had known the liberty of running across open fields on warm Virginia mornings and of riding at breakneck speed across fields he owned. He had fought for, and won, the liberty of numerous clients he defended in Virginia's colonial courts. He had also taken the liberty of others, though for different reasons. He owned slaves and saw what it cost them to serve him each day, and he had even kept his own young wife in chains to prevent her from harming herself or one of their children. In the midst of the Revolutionary War, he was spared the horror of ordering men to their deaths by instead serving in an executive role during the war. He buried one wife and married another, and he lived to see 17 children born to the freedom he so cherished. Over time, he also helped shape this hard won freedom, speaking out against a strong federal government that he felt might take away the new nation's liberty. At the same time, he also lived to see the effects of unbridled liberty in France, and he was shaped by what he learned, to the extent that he spoke toward the end of his life for a more centralized government. Henry played crucial roles both during the Revolution and before it, locally and nationally. He was Virginia's first governor, and he was instrumental in convincing Virginian politicians to go to war. And yet, his life and career have mostly been reduced to the famous phrase "Give me liberty, or give me death," even though it's actually unclear whether those most famous of words were actually in the speech. This is because the first transcript of the speech came over a generation after Henry delivered it, in a biography of Henry written by William Wirt. Thus, ironically, historians are divided over whether the phrase Henry's best known for was actually his words or those of his biographer. Moreover, similar variations of that phrase already existed, and it's possible Henry was familiar with them, much the same way Franklin Roosevelt's line about fear had predecessors as far back as Duke Wellington over a century earlier. Either way, the words and the debate over it have overshadowed what was a monumental career in service of his new country, and the fact that Henry was at the forefront of the battles that ultimately shaped its direction. Patrick Henry: The Life and Legacy of the Founding Father and Virginia's First Governor looks at one of colonial Virginia's most important political leaders. Along with pictures of important people, places, and events, you will learn about Patrick Henry like never before.

## **The Voice, the Revolution & the Key**

"Give me Liberty, or give me Death!" is a famous quotation attributed to Patrick Henry from a speech he made to the Virginia Convention. It was given March 23, 1775, at St. John's Church in Richmond, Virginia, ..

## **Sketches of the Life and Character of Patrick Henry**

Follows the life of the Virginia lawmaker and politician, known for his stirring speeches and eloquent writing.

### **Patrick Henry**

"In graphic novel format, tells the life story of Patrick Henry, who is known as the 'Voice of the American Revolution.'"--Provided by publisher.

### **Patrick Henry**

"Give me liberty, or give me death!" A passionate speaker, Patrick Henry mesmerized and motivated audiences with his powerful words. Henry believed that Britain had stolen America's freedom, and he was determined to prevent this injustice. Using his skills as a lawyer and politician, he inspired his fellow colonists to prepare for a war against Britain--and helped to create a new nation.
