In this extensively revised and expanded second edition, Uncle Eric introduces the concept of model. Models (or paradigms) are how people think; they are how we understand our world. Models help us recognize and use the information that is important and bypass that which is not. To achieve success in our careers, investments, and every other part of our lives, we need sound models. In this book, Mr. Maybury introduces the models he has found most useful (Economics and Higher Law). This is the first book in the Uncle Eric series and, while designed to stand alone, provides an excellent foundation for Maybury's other books. Quality paper, 5-1/2" x 8-1/2", 192 pages. Focus on Personal Finance is a brief, 14-chapter book, covering the critical topics in Personal Finance courses. This 4-color,

paperback text is designed and written to appeal to a range of ages, life situations, and levels of financial literacy. A unique aspect of this text is its active approach. This text will not only get your students thinking about their current situation and financial goals, but also encourage them to put these in writing to use as a guide and revise over the course of their lives. New for this edition, sections are oriented around specific action-items for students. The more a student involves themselves in the assessments, exercises and worksheets provided, the more they will discover about their current habits and how to improve them for greater financial freedom. Students have many different financial goals, but none are more important than having a basic understanding of financial issues and peace of mind with regard to their decisions. The ultimate goal of Focus on Personal Finance is to get students to this point as a first step to achieving the many financial goals they have set for themselves.

INSTANT NEW YORK TIMES, USA TODAY, WALL STREET JOURNAL, AND INTERNATIONAL BESTSELLER Discover #1 New York Times bestselling author David Bach's three secrets to financial freedom in an engaging story that will show you that you are richer than you think. Drawing on the author's experiences teaching millions of people around the world to live a rich life, this fast, easy listen reveals how anyone—from millennials to baby boomers—can still make his or her dreams come true. In this compelling, heartwarming parable, Bach and his bestselling coauthor John David Mann (The Go-Giver) tell the story of Zoey, a twenty-something woman living and working in New York City. Like many young professionals, Zoey is struggling to make ends meet under a growing burden of credit card and student loan debt, working crazy hours at her dream job but still not earning enough to provide a comfortable financial cushion. At her boss's suggestion, she makes friends with Henry, the elderly barista at her favorite Brooklyn coffee shop. Henry soon reveals his "Three Secrets to Financial Freedom," ideas Zoey dismisses at first but whose true power she ultimately comes to appreciate. Over the course of a single week, Zoey discovers that she already earns enough to secure her financial future and realize her truest dreams—all she has to do is make a few easy shifts in her everyday routine. The Latte Factor demystifies the secrets to achieving financial freedom, inspiring you to realize that it's never too late to reach for your dreams. By following the simple, proven path that Henry shows Zoey, anyone can make small changes today that will have big impact for a lifetime, proving once again that "David Bach is the financial expert to listen to when you're intimidated by your finances" (Tony Robbins, #1 New York Times bestselling author of Money: Master the Game).

What if there were a way to cut through all the financial mumbo-jumbo? Wouldn't it be great if someone could really explain to us-in plain and simple English-the basics we must know about investing in order to insure our financial freedom? At last, here's good news. Jargon-free and written for all investors-experienced, beginner, and everyone in between-THE INVESTMENT ANSWER distills the process into just five decisions-five straightforward choices that can lead to safe and sound ways to manage your money. When Wall Street veteran Gordon Murray told his good friend and financial advisor, Dan Goldie, that he had only six months to live, Dan responded, "Do you want to write that book you've always wanted to do?" The result is this eminently valuable primer which can be read and understood in one sitting, and has advice that benefits you, not Wall Street and the rest of the traditional financial services industry. THE INVESTMENT ANSWER asks readers to make five basic but key decisions to stack the investment odds in their favor. The advice is simple, easy-to-follow, and effective, and can lead to a more profitable portfolio for every investor. Specifically: \* Should I invest on my own or seek help from an investment professional? \* How should I allocate my investments among stocks, bonds, and cash? \* Which specific asset classes within these broad categories should I include in my portfolio? \* Should I take an actively managed approach to investing, or follow a passive alternative? \* When should I sell assets and when should I buy more? In a world of fast-talking traders who believe that they can game the system and a market characterized by instability, this extraordinary and timely book offers guidance every investor should have.
