### How to Play Jazz Piano

(Educational Piano Library). Whether the goal is to be a classical or a jazz performer, improvisation is a deep, intense way to learn the rules of music. Good improvisers become native speakers of musical language and not just readers of notes. This book is especially geared to the classically-trained late elementary/early intermediate pianist (and their teacher) who wants to grasp the basics of improv. Siskind guides student and teacher through fun, easy exercises along with helpful tips and guidelines.

### Wedgwood Blue

Who is Madame Badobedah? Mabel sets out to prove that an eccentric new hotel guest is really a supervillain in this witty storybook about an intergenerational friendship. There's a strange new guest at the Mermaid Hotel -- a very old lady with a growly voice, bags stuffed with jewelry and coins and curiosities, and a beady-eyed pet tortoise. Mabel, whose parents run

the hotel, is suspicious. Who is this "Madame Badobedah" (it rhymes with "Oo la la") who has come to stay indefinitely and never has any visitors? To find out, Mabel puts on her spy costume and observes the new guest. Conclusion? She must be a secret supervillain hiding out from the law. The grown-ups think Madame Badobedah is a bit rude -- and sad -- but when she invites "dahlink" Mabel for a cup of forbidden tea and a game of pirates, the two begin a series of imaginary adventures together, and Mabel realizes that first impressions can sometimes be very wrong. Conjuring two quirky heroines that young readers will love, Sophie Dahl adds her talented voice to a grand tradition of books that celebrate the alliance of the old and young in the face of humdrum adults, while Lauren O'Hara's illustrations are as packed with intriguing details as Madame Badobedah's suitcases.

(Book). Pianist Mike Garson was David Bowie's most frequent musician, on record and onstage throughout Bowie's life. They played over a thousand shows together between 1972 and 2004, and Garson is featured on over 20 of Bowie's albums.

Bowie's Piano Man is the first-ever biography of Mike Garson, written by Clifford Slapper, a fellow pianist who also played for Bowie, working closely with him on his last-ever television appearance. The book explores the special relationship between Garson and Bowie, beginning with the extraordinary story of how Garson went overnight from playing in tiny jazz clubs to touring the world on arena rock tours with Bowie after one short phone call and audition. A noted master of jazz, classical, and other genres, Garson has composed thousands of original works and has taught countless students, acting as mentor to many. Bowie's Piano Man explores his roots and childhood in Brooklyn, his ongoing strong presence in the jazz world, and his collaborations with a huge range of other artists in addition to Bowie. Touring and recording with the Smashing Pumpkins and Nine Inch Nails are given in-depth attention, as is his approach to teaching and creating music. Explored in detail in particular is his commitment to improvisation as a form of composition, a manifestation of his more general dedication to living in the moment and always moving forward a trait he shared with Bowie.

## **Jazz-Rock Piano Chops**

NEW YORK TIMES BESTSELLER • From the genre-defying icon Ben Folds comes a memoir that is as nuanced, witty, and relatable as his cult-classic songs. “A Dream About Lightning Bugs reads like its author: intelligent, curious, unapologetically punk, and funny as hell.”—Sara Bareilles NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR AND PASTE Ben Folds is a celebrated American singer-songwriter, beloved for songs such as “Brick,” “You Don’t Know Me,” “Rockin’ the Suburbs,”

and “The Luckiest,” and is the former frontman of the alternative rock band Ben Folds Five. But Folds will be the first to tell you he’s an unconventional icon, more normcore than hardcore. Now, in his first book, Folds looks back at his life so far in a charming and wise chronicle of his artistic coming of age, infused with the wry observations of a natural storyteller. In the title chapter, “A Dream About Lightning Bugs,” Folds recalls his earliest childhood dream—and realizes how much it influenced his understanding of what it means to be an artist. In “Measure Twice, Cut Once” he learns to resist the urge to skip steps during the creative process. In “Hall Pass” he recounts his 1970s North Carolina working-class childhood, and in “Cheap Lessons” he returns to the painful life lessons he learned the hard way—but that luckily didn’t kill him. In his inimitable voice, both relatable and thought-provoking, Folds digs deep into the life experiences that shaped him, imparting hard-earned wisdom about both art and life. Collectively, these stories embody the message Folds has been singing about for years: Smile like you’ve got nothing to prove, because it hurts to grow up, and life flies by in seconds. Praise for A Dream About Lightning Bugs “Besides being super talented, and an incredibly poignant and multifaceted musician, Ben Folds is a fantastic author. I couldn’t put this book down—and not just because I taped it to my hand. Ben takes us into his mind and into his process from the very beginnings of his childhood to where he is today—one of the greatest musicians and writers that has ever graced the art.”—Bob Saget
