The Second Peter Principle is an engaging yet instructive word for Christians who want to discover how to apply the Bible to everyday life. Based on 2 Peter 1:310, the author walks you through Gods prescription for being effective and productive in all areas of life. He underscores the universal application of the principle using references from both the Christian and secular worlds. It is a must-read for Christians of all maturity levels.

A practical exposition of the Gospel according to st. John

Exalting Jesus in 2 Peter and Jude is part of the Christ-Centered Exposition Commentary series. Edited by David Platt, Daniel L. Akin, and Tony Merida, this new commentary series, projected to be 48 volumes, takes a Christ-centered approach to expositing each book of the Bible. Rather than a verse-by-verse approach, the authors have crafted chapters that explain and apply key passages in their assigned Bible books. Readers will learn to see Christ in all aspects of Scripture, and they will be encouraged by the devotional nature of each exposition presented as sermons and divided into chapters that conclude with a "Reflect & Discuss" section, making this series ideal for small group study, personal devotion, and even sermon preparation. It's not academic but rather presents an easy reading, practical and friendly commentary. The authors of Exalting Jesus in 2 Peter and Jude are Danny Akin and Jim Shaddix

2 Peter and Jude MacArthur New Testament Commentary

An Exposition on the Book of Common Prayer. With Notes, practical and explanatory. [With the text.]

Perhaps of all the apostles, most Christians find themselves most readily drawn to Simon Peter. His failure, restoration and subsequent usefulness provide hope for those who face testing and temptation. Despite that, Peter's twin epistles are probably given less attention than many other sections of the New Testament. But they continue to speak with power and relevance. They provide encouragement and assurance from one who himself needed both; they give basic instruction in Christian living; they also provide clear teaching on false doctrine. They are therefore essential letters for Christians today. Nisbet's outstanding practical treatment is an ideal aid for preachers, teachers, group leaders and all students or readers of the Bible.

Second Peter

First and Second Peter - Complete Bible Commentary Verse by Verse

An Exposition of 1 & 2 Peter

A Practical Exposition of St. Paul's Epistles to the Thessalonians, to Timothy, Titus, Philemon, and to the Hebrews, in the form of lectures By John Bird Sumner Archbishop of Canterbury. [With the text.]

The apostles Peter and Jude wouldn't have made good postmodernists. They insist that there is such a thing as absolute, non-negotiable truth, as well as error and deception. They speak of false doctrines and those who teach them as if they actually believe that eternity hangs in the balance and that God, far from

shrugging his shoulders like a good relativist, takes the matters of truth and spiritual authority very seriously. Today the fiery, unapologetic language of 2 Peter and Jude can open our eyes to stark spiritual realities. Like few other apostolic writings, these two letters shake us awake to the vital necessity of embracing the true gospel and transmitting it undistorted. The message is as countercultural as possible, and profoundly timely.

In their letters, Peter and Jude directly address the hard realities that all Christians face—suffering, persecution, false teachers, and contradictory views of the gospel. Yet, even in the face of such challenges, Christians have nothing to fear in light of the sovereignty and grace of God. In this exposition of 1–2 Peter and Jude, pastor David R. Helm explores these letters in depth, reminding us that present suffering precedes future glories for all who are in Christ. Pointing us to the only steadfast foundation for our faith, this meditative volume reminds us to look to God's grace for the strength we need to contend for the faith and finish well in light of Christ's return. Part of the Preaching the Word series.

Meditationes Hebraicae, or A doctrinal and practical exposition of the Epistle of st. Paul to the Hebrews

Matthew Henry (1662 -1714) was a British Non-Conformist minister and author. Henry's commentaries are primarily exegetical, dealing with the scripture text as presented, with his prime intention being explanation, for practical and devotional purposes. While not being a work of textual research, for which Henry recommended Matthew Poole's Synopsis Criticorum, Henry's Exposition gives the result of a critical account of the original as of his time, with practical application. It was considered sensible and stylish, a commentary for devotional purposes. Famous evangelical Protestant preachers such as George Whitefield and Charles Spurgeon used and heartily commended the work, with Whitefield reading it through four times - the last time on his knees. Spurgeon stated, "Every minister ought to read it entirely and carefully through once at least." Perhaps his best-known quotation is about the relationship between men and women, from the story of the creation of Eve, in the Book of Genesis: "the woman was made of a rib out of the side of Adam; not made out of his head to rule over him, nor out of his feet to be trampled upon by him, but out of his side to be equal with him, under his arm to be protected, and near his heart to be beloved."
