That's Gross!

A brilliant quiz book for clever kids - put your general knowledge to the test and boggle your family and friends with your brainpower! Can you name the longest river in Europe? Do you know your skull from your sternum? Can you identify an archaeopteryx and an allosaurus? Can you recognise the flags of India and Italy? You can! Then what are you waiting for? Open the pages of Knowledge Genius! to find out what you know, and challenge yourself to learn even more! With more than 60 topics, from across the encyclopedia, there's something for everyone. The pages are packed with eye-popping pictures - but do you know what they show? To help you, "Test Yourself" panels list what you're looking for. With three levels of difficulty, the challenge gets harder as you work your way from Starter, to Challenger, and finally the truly tricky Genius category. If you need it, there's a fun fact with every picture to give a helpful clue. Take on the Knowledge Genius!

brain-busting challenge!

Big Hero 6 Super-Brain Science Book of Why

Bestselling author Chris Grabenstein and the Mystery Writers of America bring together twenty peerless puzzles—from bestselling authors such as Peter Lerangis, Stuart Gibbs, Lauren Magaziner, Kate Milford, and, of course, Grabenstein himself—in an anthology of mystery short stories that invite readers to try to unravel the riddles themselves. From tales of hapless superheroes and stolen squirrel monkeys to murderous triplets and haunted basements, these thrilling, puzzling, and hilarious cases have one thing in common—YOU get a chance to be the detective before the author reveals the solution. With twenty-never-before-published mysteries stories, this collection will leave young detectives sleuthing for more!

Fake News

In this fun, fascinating and full-color guide, the fan-favorite heroes of Big Hero 6 introduce young readers to the most fascinating, unusual and downright mind-boggling concepts from science, technology, engineering and math - and of the critical thinking skills they'll need to become super-brain superheroes in their own right! Jam-packed with answers to hundreds of fascinating "why" questions that are sure to keep kids turning pages for hours, this book leverages the STEM backgrounds of the Big Hero 6 characters to make every question and concept relevant to today's kids. They'll learn why robots will soon develop AI (whether we want them to or not), why our fingertips wrinkle when they get wet, why the sun is able to eject solar flares into space when there's no oxygen to feed them, why water sometimes runs uphill, and much, much more. While there are other books for children that try to answer the question "why?," the Big Hero 6 Super-Brain Science Book of Why is the only one completely devoted to STEM topics, which are a huge focus of children's education today. What's more, this book also introduces kids to the concept of "critical thinking," with sidebars and callouts throughout, challenging readers to understand how the scientists arrived at the conclusions to these STEM-based questions. With publication timed to coincide with the second season of this hit Disney cartoon, this book will help keep young kids educated and entertained year round.

Mental_Floss Trivia

Presents a variety of jokes and facts, including knock-knocks, tongue twisters, riddles, and traditional question and answer jokes.

Quizzles

So you think you're smarter than a fifth grader? Well, as many contestants have already discovered on the smash hit TV show hosted by Jeff Foxworthy, you may have either forgotten more than you realize about "the three R's" or simply never learned in the first place! How much do you really know about third grade math? Fourth grade social studies? Fifth grade science? First grade spelling? You may have a high school diploma or a college degree hanging on your wall, but are you smarter than a fifth grader? You'll find out in this book, which includes brain-teasing ten-question quizzes (including million-dollar bonus questions) on information the average eleven-year-old is expected to know—plus there are great bits of fun and fascinating trivia sprinkled throughout. Go ahead—we dare you to prove you're as bright as that gum-chewing kid with the backpack who's waiting on the corner for that yellow bus every morning. School is back in session. And maybe you'll even learn a thing or two that you missed by not paying attention the first time around.

537 Hilarious Trivia Questions for Kids

Presents a collection of over two thousand thematic trivia questions on such subjects as "questions on question marks," "fake fast food," and "animal nicknames."

Family Flip Quiz

"According to Hoyle" is the card-table synonym for Correct --a definitive guide to the correct playing of all known card games, with full descriptions and explanations of rules and techniques for each game and its variations. B & W photographs throughout.

Quiz Whiz 6

1000 Trivia Questions for Kids continues the challenge in finding out how much young people know about our world, and beyond. As the title implies, there are 1000 questions that are fun and challenging for young people in the 9-17 age range. There are many categories in the book, such as geography, history, maths, English grammar and punctuation, entertainment, sport, science, current events and even the unusual things that make our world special. 1000 Trivia Questions for Kids is the perfect companion for teachers in the Years 6-10 grades. They can create their own quiz rounds with the questions available, they can pick specific questions for the specialist subject they are teaching, or they can just fire random questions at students to gauge an understanding of the world. 1000 Trivia Questions for Kids is designed to stimulate thinking in young, inquiring minds, as well as promote group thinking skills, and also having fun in answering the

questions. After the last question, 1000 Trivia Questions for Kids has the answers to all the questions-some with more elaboration on the answers. 1000 Trivia Questions for Kids is a terrific addition to any school or home library.

1,000 Super Fun Mind-Bending Totally Awesome Trivia Questions

8 Stories in 1. Darla is a young and spunky astronaut-in-training. She wants to go to Mars one day, just like her favorite doll, Astronautica. But, to do so, she'll need to practice using her Power to Choose wisely. You can help Darla through her day by making choices for her. There are eight stories in one, so the fun never ends.

Quiz Whiz

Presents facts, brief stories, and photos on topics including extreme hotels, freaky foods, and crazy art, showing that fact can be as weird as fiction.

Knowledge Genius!

Explore the galaxies! Aliens, space ships, and constellations, oh my! Ride on a rocket ship to another galaxy with this stellar book. With The Everything Kids' Astronomy Book, astronomers-in-training will learn: How galaxies like the Milky Way were built. Why the sun's surface is 20,000-50,000-degrees Fahrenheit. Why the earth spins and how gravity works. What comets and asteroids are made of and how they affect planets. The truth about the man in the moon. Why Mars is so hot and what those rings around Saturn are. What scientists think about aliens and life in outer space. If you want to build a sky-watching kit or change your room into a small universe, this book will take you on a journey that is out-of-this-world!

Hoyle's Modern Encyclopedia of Card Games

Disguise learning time as fun family bonding time. Studies have found that when kids associate learning with a strong positive emotion, they're more likely to retain information. What if you could give them this without piling on extra homework or trying to make fractions more interesting? Learning should be fun. And when it's done right, children shouldn't

even be aware that it's happening. In times of need, fun trivia games are your secret weapon and as an added bonus, you'll even boost your chances of winning future pub quizzes! Asking and answering trivia questions has been shown to not only enhance children's intelligence, but also their memory. And when this is incorporated into your family's quality bonding time, it creates the ultimate activity sure to tick off any parent's boxes. In *537 Hilarious Trivia Questions for Kids: Questions and Answer Book for Kids*, you'll find hours of fun and knowledge. You'll discover: A guaranteed way to capture even the most reluctant learner's attention 537 fun and engaging questions to challenge the whole family Easy-to-find answers so no one is left in the dark A foolproof way to keep the little ones occupied during long car rides Unusual facts that your kids will be dying to find the answers to--and even learn from in the process A rich mixture of pop culture, sports trivia, and general knowledge questions Questions that allow the adults to learn just as much as the children A refreshing alternative to dry workbooks and school quizzes And much more. It can be hard to justify quality family time when you're worrying about making sure your kids are prioritizing their education--but you don't have to choose. Research shows that learning is most successful when it's fun. Is there any better excuse to put down the homework and start playing together? If you want to boost your child's knowledge without them whining in boredom, then click "Add to Cart" right now.

Quiz Whiz 4

This is the first in a series of 4 books that will tell the true and hilarious stories of animals that love hijinks. In this book you'll meet 3 naughty animals, including Fu Manchu, the orangutan escape artist. Fu Manchu lived at the Omaha Zoo and would routinely break out of his habitat to explore the zoo on a nice day. Zookeepers were baffled as to how the ape was escaping, until one day they caught him in the act. Fu Manchu knew how to pick locks. Not only that, he had created his own tool that he used to pick the locks with, which he would store in his mouth so as not to be found out. This and two other charming stories will engage readers and leave them wondering if humans are really the smartest animals.

Weird But True! 5
