Seventh-day Adventist authors have maintained a fairly consistent understanding of Daniel's major prophecies, though several significant disagreements have taken place. One well known difficulty, and the theme of this research, has been the Church's interpretation of Daniel 8:14. In light of the current discussions, the purpose of this book is to 1--demonstrate that a clearer understanding of the SDA doctrine of the sanctuary may be obtained by studying the Hebrew rendering *nisdaq*; 2--reestablish the validity of the LXX translation; 3--highlight Daniel 8:14's close relationship to the rest of the chapter and the typical Day of Atonement; and 4--show the necessity of an investigative judgment.

The Word Biblical Commentary delivers the best in biblical scholarship, from the

leading scholars of our day who share a commitment to Scripture as divine revelation. This series emphasizes a thorough analysis of textual, linguistic, structural, and theological evidence. The result is judicious and balanced insight into the meanings of the text in the framework of biblical theology. These widely acclaimed commentaries serve as exceptional resources for the professional theologian and instructor, the seminary or university student, the working minister, and everyone concerned with building theological understanding from a solid base of biblical scholarship. Overview of Commentary Organization Introduction—covers issues pertaining to the whole book, including context, date, authorship, composition, interpretive issues, purpose, and theology. Each section of the commentary includes: Pericope Bibliography—a helpful resource containing the most important works that pertain to each particular pericope. Translation—the author’s own translation of the biblical text, reflecting the end result of exegesis and attending to Hebrew and Greek idiomatic usage of words, phrases, and tenses, yet in reasonably good English. Notes—the author’s notes to the translation that address any textual variants, grammatical forms, syntactical constructions, basic meanings of words, and problems of translation. Form/Structure/Setting—a discussion of redaction, genre, sources, and tradition as they concern the origin of the pericope, its canonical form, and its relation to the biblical and extra-biblical contexts in order to illuminate the structure and character of the pericope. Rhetorical or compositional features important to understanding the passage are also introduced here. Comment—verse-by-verse interpretation of the text and dialogue with other interpreters, engaging with current opinion and scholarly research. Explanation—brings together all the results of the discussion in previous sections to expose the meaning and intention of the text at several levels: (1) within the context of the book itself; (2) its meaning in the OT or NT; (3) its place in the entire canon; (4) theological relevance to broader OT or NT issues. General Bibliography—occurring at the end of each volume, this extensive bibliography contains all sources used anywhere in the commentary.

Topics in the Book of Revelation by William R. Horsley What is the Book of Revelation? Is it a prophecy foretelling the end of the world? Is it a vision of the apocalypse? If Hollywood and a certain subset of preachers are to be believed, John's final message to Christians is one only of doom and destruction. But what if the real message was one of hope? What if Revelation was less foresight and more history? How would you look at the final book of the Bible if you could read it and feel overjoyed rather than frightened? In Topics in the Book of Revelation, William R. Horsley presents definitive arguments for a reinterpretation of John's writings. Rather than a warning meant to resound throughout history, Horsley shows that John was writing primarily to the early church and its people using language and symbols that would have been familiar to them. Revelation carries a message of hope to all Christians. Horsley sees lessons to Christians to be encouraged, faithful and victorious to the end. The way is right, and worthy is the Lamb!

Intuitive logical thinking would suggest that Revelation should be: One biblically coherent and complete narration, That uses only natural and biblical symbols, To retell God's consistent work from beginning to end; That reveals Jesus and his resurrection as the focus; To call for decisive response from every person, For the creation which God loves and will glorify; To close God's written oracle to humankind. But almost no one has been able to demonstrate these. Through the lens of God bringing his created order from the beginning to his final Sabbath in Jesus Christ, and noticing an overlooked peculiarity of Revelation (chapter 20 is glaringly different to the rest of the chapters), the "mysteries" of Revelation are shown to be plainly manifested truths already in the Bible rather than esoteric and hidden teachings still to be deciphered. Centering Jesus in all things, Revelation filters out inconsequential and errant teachings and highlights the essential core of Judeo-Christianity to prompt a response from every person made in God's image. Poignantly, it shines a light on the current global crises—environmental, political, religious, and economic. This book's common-sense, context-first exegesis sets it apart from most other Revelation commentaries on the market.
