Sewing Animal Dolls

A lovable con woman and a disgraced detective team up to find a redneck reality TV star in this raucous and razor-sharp new novel from Carl Hiaasen, the bestselling author of *Bad Monkey*. Merry Mansfield, the eponymous Razor Girl, specializes in kidnapping for the mob. Her preferred method is rear-ending her targets and asking them for a ride. Her latest mark is Martin Trebeaux, owner of a private beach renourishment company who has delivered substandard sand to a mob hotel. But there's just one problem: Razor Girl hits the wrong guy. Instead, she ends up with Lane Coolman, talent manager for Buck Nance, the star of a reality TV show about a family of Cajun rooster farmers. Buck Nance, left to perform standup at a Key West bar without his handler, makes enough off-color jokes to incite a brawl, then flees for his life and vanishes. Now a routine promotional appearance has become a missing persons case. And Andrew Yancy, disgraced detective-turned-health inspector, is on the job. That the Razor Girl may be the key to Yancy's future will be as surprising to him as anything else he encounters along the way—including the giant Gambian pouched rats that are haunting his restaurant inspections.

This early work on Martin Luther is both expensive and hard to find in its first edition. It details the life of the monk responsible for translating the Bible from Latin into German and for inspiring the Lutheran movement. This is a fascinating work and is thoroughly recommended for anyone interested in the history of European religion. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

The Immortal Life of Henrietta Lacks

The arrival of the Spanish in South America in 1532 permanently transformed the Andean cultural landscape. Within a generation, societies that had developed over thousands of years, including the great Inca Empire, had been irrevocably altered. The arts from the Spanish colonial period--those that drew on native traditions,

such as textiles, silver, woodwork, and stonework, as well as painting, sculpture, and other genres introduced by the Spanish--preserve an unspoken dialogue that developed between Andean and European modes of expression. This beautiful book presents silver objects, textiles, and other masterpieces of colonial Andean culture. Essays discuss the artistry of this culture and explain how it has been recently reevaluated and celebrated for its vibrant energy reflecting the convergence of two essentially distinct cultural traditions. This book accompanies an exhibition at The Metropolitan Museum of Art (September 29 to December 12, 2004). Elena Phipps is conservator, Textile Conservation, and Johanna Hecht is associate curator, European Sculpture and Decorative Arts, at The Metropolitan Museum of Art.
