The Scarlet Letter

Aylmer is a brilliant and recognized scientist and philosopher who drops his focus from his career and experiments to marry the beautiful Georgiana (who is physically perfect except for a small red birthmark in the shape of a hand on her cheek). As the story progresses, Aylmer becomes unnaturally obsessed with the birthmark on Georgiana's cheek. One night, he dreams of cutting the birthmark out of his wife's cheek (removing it like scraping the skin from an apple) and then continuing all the way to her heart. He does not remember this dream until Georgiana asks about what his sleep-talking meant. When Aylmer remembers the details of his dream, Georgiana declares that she would rather risk her life having the birthmark removed from her cheek than to continue to endure Aylmer's horror and distress that comes upon him when he sees her. The following day, Aylmer deliberates and then decides to take Georgiana to the apartments where he keeps a laboratory. He glances at Georgiana casually and normally but can't help but shudder violently at seeing her imperfection; Aylmer's reaction causes her to faint. When she awakens, he treats her warmly and comforts her with some of his scientific concoctions but when he attempts to take a portrait of her, the image is blurred save for her birthmark revealing the disgust he has of it. He experiments some more and describes some of the successes to her but as he questions how she is feeling, Georgiana begins to suspect that Aylmer has been experimenting on

her the entire time without her knowledge and consent. One day, she follows him into his laboratory, and on seeing her there, Aylmer accuses her of not trusting him and says that having her birthmark in the room will foil his efforts. She professes complete trust in him but demands that he inform her of his experiments. He agrees and reveals that his current experiment is his last attempt to remove the birthmark, and Georgiana vows to take the potion, regardless of any danger it poses to her.

A Study in Scarlet is an 1887 detective novel by Scottish author Arthur Conan Doyle. Written in 1886, the story marks the first appearance of Sherlock Holmes and Dr. Watson, who would become the most famous detective duo in popular fiction. The book's title derives from a speech given by Holmes, a consulting detective, to his friend and chronicler Watson on the nature of his work, in which he describes the story's murder investigation as his "study in scarlet": "There's the scarlet thread of murder running through the colorless skein of life, and our duty is to unravel it, and isolate it, and expose every inch of it."

All the King's Men

This remarkable and monumental book at last provides a comprehensive answer to the age-old riddle of whether there are only a small number of 'basic stories' in the world. Using a wealth of examples, from ancient myths and folk tales via the plays and novels of great literature to the popular movies and TV soap operas of today, it shows that there are seven archetypal themes which recur throughout every kind of storytelling. But this is only the prelude to an investigation into how and why we are 'programmed' to imagine stories in these ways, and how they relate to the inmost patterns of human psychology. Drawing on a vast array of examples, from Proust to detective stories, from the Marquis de Sade to E.T., Christopher Booker then leads us through the extraordinary changes in the nature of storytelling over the past 200 years, and why so many stories have 'lost the plot' by losing touch with their underlying archetypal purpose. Booker analyses why evolution has given us the need to tell stories and illustrates how storytelling has provided a uniquely revealing mirror to mankind's psychological development over the past 5000 years. This seminal book opens up in an entirely new way our understanding of the real purpose storytelling plays in our lives, and will be a talking point for years to come.

The Scarlet Letter

"The Scarlet Pimpernel is the first novel in a series of historical fiction by Baroness Orczy, published in 1905. It was written after her stage play of the same title enjoyed a long run in London, having opened in Nottingham in 1903. The novel is set during the Reign of Terror following the start of the French Revolution. The title is the nom de guerre of its hero and protagonist, a chivalrous Englishman who rescues aristocrats before they are sent to the guillotine. Sir Percy Blakeney leads a double life: apparently nothing more than a wealthy fop, but in reality a formidable swordsman and a quick-thinking escape artist. The band of gentlemen who assist him are the only ones who know of his secret identity. He is known by his symbol, a simple flower, the scarlet pimpernel (*Anagallis arvensis*). Marguerite Blakeney, his French wife, does not share his secret. She is approached by the new French envoy to England, Chauvelin, with a threat to her brother's life if she does

not aid in the search for the Pimpernel. She aids him, and then discovers that the Pimpernel is also very dear to her. She sails to France to stop the envoy."

Rappaccini's Daughter

"The Pit and the Pendulum" is a short story written by Edgar Allan Poe and first published in 1842. The story is about the torments endured by a prisoner of the Spanish Inquisition, though Poe skews historical facts. The narrator of the story is deemed guilty for an unnamed crime and put into a completely dark room. He passes out while trying to determine the size of the room. When he wakes up, he realizes there is a large, deep pit in the middle of the room. He loses consciousness again and awakens strapped on his back, unable to move more than his head. He soon realizes there is a large blade-like pendulum hanging above him, slowly getting closer to cutting through his chest. He finds a way to escape but the walls of his prison start to move and close in on him, pushing him closer and closer to falling into the pit. The story is especially effective at inspiring fear in the reader because of its heavy focus on the senses, such as sound, emphasizing its reality, unlike many of Poe's stories which are aided by the supernatural. The traditional elements established in popular horror tales at the time are followed but critical reception has been mixed.

Study Guide to The Scarlet Letter and Other Works by Nathaniel Hawthorne

Set in the 1870s, the same period as Wharton's *The Age of Innocence*, *The Buccaneers* is about five wealthy American girls denied entry into New York Society because their parents' money is too new. At the suggestion of their clever governess, the girls sail to London, where they marry lords, earls, and dukes who find their beauty charming—and their wealth extremely useful. After Wharton's death in 1937, *The Christian Science Monitor* said, "If it could have been completed, *The Buccaneers* would doubtless stand among the richest and most sophisticated of Wharton's novels." Now, with wit and imagination, Marion Mainwaring has finished the story, taking her cue from Wharton's own synopsis. It is a novel any Wharton fan will celebrate and any romantic reader will love. This is the richly engaging story of Nan St. George and guy Thwarte, an American heiress and an English aristocrat, whose love breaks the rules of both their societies.

The Scarlet Pimpernel Illustrated

"I am doomed to remember a boy with a wrecked voice—not because of his voice, or because he was the smallest person I ever knew, or even because he was the instrument of my mother's death, but because he was the reason I believe in God; I am a Christian because of Owen Meany." In the summer of 1953, two eleven-year-old boys—best friends—are playing in a Little League baseball game in Gravesend, New Hampshire. One of the boys hits a foul ball that kills the other boy's mother. The boy who hits the ball doesn't believe in accidents; Owen Meany believes he is God's instrument. What happens to Owen, after that 1953 foul ball, is extraordinary and terrifying.

A Study in Scarlet Illustrated

The first ten lies they tell you in high school. "Speak up for yourself--we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless, outcast, because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. As time passes, she becomes increasingly isolated and practically stops talking altogether. Only her art class offers any solace, and it is through her work on an art project that she is finally able to face what really happened at that terrible party: she was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. Her healing process has just begun when she has another violent encounter with him. But this time Melinda fights back, refuses to be silent, and thereby achieves a measure of vindication. In Laurie Halse Anderson's powerful novel, an utterly believable heroine with a bitterly ironic voice delivers a blow to the hypocritical world of high school. She speaks for many a disenfranchised teenager while demonstrating the importance of speaking up for oneself. *Speak* was a 1999 National Book Award Finalist for Young People's Literature.

The House of the Seven Gables

Overnight, Reverend Hooper has taken to wearing a translucent, but dark veil. Believing the veil to be symbolic of his sin, Hooper refuses to remove it, and wears it throughout the rest of his life. Like the majority of Hawthorne's stories, "The Minister's Black Veil" is an allegorical criticism of Puritan beliefs. Hawthorne may have been inspired by clergyman Joseph Moody, who accidentally killed his friend and, in response, wore a black veil until his own death. The May-Pole of Merry Mount (+Biography and Bibliography) (Matte Cover Finish): There is an admirable foundation for a philosophic romance in the curious history of the early settlement of Mount Wollaston, or Merry Mount. In the slight sketch here attempted, the facts, recorded on the grave pages of our New England annalists, have wrought themselves, almost spontaneously, into a sort of allegory. The masques, mummeries, and festive customs, described in the text, are in accordance with the manners of the age. Authority on these points may be found in Strutt's *Book of English Sports and Pastimes*.
