The Seventh-Day Adventist Bible Commentary: Acts to Ephesians

Blessed are those who defy God. Although bumper stickers abound that propose otherwise, the Bible itself reveals that just because "God says it," does not, in fact, mean "that settles it." On the contrary, a close reading of Scripture reveals that God does not want us to blindly obey him, but rather, invites us to "lock hands" with him and fight. The purpose of this book is to show another way to understand the Bible, one in which readers are not asked to accept what God says, but on the contrary: to say no to it, not because they merely want to, but because the God of the Bible actually requires it.

Why do Seventh-day Adventists worship on Saturdays only? Who was the 7th Day Adventist's prophet, Ellen G. White, and what did Ellen White teach about Jesus (identified as Michael the Archangel), the Trinity (both God the Father and Jesus have tangible bodies), and salvation? What is the Seventh-day Adventists Bible paraphrase, The Clear Word Bible, and how does the Clear Word translation alter the original Greek and Hebrew meanings to fit Ellen White's unusual teachings? Why do Seventh-day Adventists consider Sunday worship "the mark of the beast?" Seventh-Day Adventists Answer Questions on Doctrine

Beginning with the destruction of Jerusalem and continuing through the persecutions of Christians in the Roman Empire, the apostasy of the Dark Ages, the

shining light of the Reformation, and the worldwide religious awakening of the nineteenth century, this volume traces the conflict into the future, to the Second Coming of Jesus and the glories of the earth made new. In this concluding volume, the author powerfully points out the principles involved in the impending conflict and how each person can stand firmly for God and His truth.

Counsels to Writers and Editors

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

The Great Controversy

In recent decades, reception history has become an increasingly important and controversial topic of discussion in biblical studies. Rather than attempting to recover the original meaning of biblical texts, reception history focuses on exploring the history of interpretation. In doing so it locates the dominant historical-critical scholarly paradigm within the history of interpretation, rather than over and above it. At the same time, the breadth of material and hermeneutical issues that

reception history engages with questions any narrow understanding of the history of the Bible and its effects on faith communities. The challenge that reception history faces is to explore tradition without either reducing its meaning to what faith communities think is important, or merely offering anthologies of interesting historical interpretations. This major new handbook addresses these matters by presenting reception history as an enterprise (not a method) that questions and understands tradition afresh. The Oxford Handbook of the Reception History of the Bible consciously allows for the interplay of the traditional and the new through a two-part structure. Part I comprises a set of essays surveying the outline, form, and content of twelve key biblical books that have been influential in the history of interpretation. Part II offers a series of in-depth case studies of the interpretation of particular key biblical passages or books with due regard for the specificity of their social, cultural or aesthetic context. These case studies span two millennia of interpretation by readers with widely differing perspectives. Some are at the level of a group response (from Gnostic readings of Genesis, to Post-Holocaust Jewish interpretations of Job); others examine individual approaches to texts (such as Augustine and Pelagius on Romans, or Gandhi on the Sermon on the Mount). Several chapters examine historical moments, such as the 1860 debate over Genesis and evolution, while others look to wider themes such as non-violence or millenarianism. Further chapters study in detail the works of popular figures who have used the Bible to provide inspiration for their creativity, from Dante and Handel, to Bob Dylan and Dan Brown.

The Seventh-Day Adventist Bible Commentary: Philippians to Revelation

The Christian nonfiction book reveals the truth about Ellen G. White and her writings for the Seventh Day Adventist Church. After working with the church and attending Bible studies with members, the author and his wife discovered troubling inconsistencies between the Bible and the teachings of the Seventh Day Adventist Church's leader. He found that she lied and plagiarized in her writings in an attempt to brainwash her followers. The non-biblical church is a false, bogus church that should not be spreading its propaganda, mind bending, and delusion. The church uses their false prophetess's writings and teachings as the final word instead of the Bible. Many pastors will not admit to relying on her writing, but they lean on Ellen G. White's literature to teach their religion and their beliefs. The author discusses Ellen G. White's fake visions, fictional writing, imposed rules, doctrinal beliefs, the Seventh Day Adventist's twenty-eight fundamental beliefs, the mark of the beast, Ellen G. White's contradictions, William Miller and his followers. Fear Worry Stress These emotions can overwhelm and consume us. They fill our minds with unanswerable questions. What will I lose...my health? my family? my job? my home? Will our lives ever be normal again? What is "normal"? We live in a sin-sick world. Catastrophes surround us, but we can surrender our fears to Jesus. He is the answer to overwhelming fears that consume our energy, rob our joy, and ruin our health. Fear is an emotion. Faith is an attitude, and focus is a choice. Fear must give way to faith as we adjust our focus. If our eyes are focused on the problem, fear will overcome us. If our eyes are fixed upon Jesus, the emotion of fear may still be present, but it will not cripple us. Fear will no longer dominate our lives. Discover with Pastor Mark Finley as he shows us that we have One who is larger than our fears, bigger than our worries, and greater than our anxieties by our side, and He has practical, down-to-earth, real solutions to our problems. We have the assurance of the One who said, "I will never leave you nor forsake you" (Hebrews 13:5).

You Can Understand the Bible

Early Americans have long been considered "A People of the Book" Because the nickname was coined primarily to invoke close associations between Americans and the Bible, it is easy to overlook the central fact that it was a book-not a geographic location, a monarch, or even a shared language-that has served as a cornerstone in countless investigations into the formation and fragmentation of

early American culture. Few books can lay claim to such powers of civilization-altering influence. Among those which can are sacred books, and for Americans principal among such books stands the Bible. This Handbook is designed to address a noticeable void in resources focused on analyzing the Bible in America in various historical moments and in relationship to specific institutions and cultural expressions. It takes seriously the fact that the Bible is both a physical object that has exercised considerable totemic power, as well as a text with a powerful intellectual design that has inspired everything from national religious and educational practices to a wide spectrum of artistic endeavors to our nation's politics and foreign policy. This Handbook brings together a number of established scholars, as well as younger scholars on the rise, to provide a scholarly overview--rich with bibliographic resources--to those interested in the Bible's role in American cultural formation.

Adventist doctrine. Controversy regarding the book's position on the nature of Christ and the atonement soon stopped its circulation.; Intended as a complete reference on the book itself, this new edition faithfully reproduces the original text of Questions on Doctrine, with in-text indicators of the original pagings. It includes later important documents that bring the work up to date. The original bibliography is followed by an updated selected bibliography. Commentary on various historical or bibliographic topics is included in new footnotes throughout the text, all while preserving the reading integrity of the original edition.; George Knight's introductory essays provide the background for how the book came about and describe the interaction of the principal players involved in the dispute about a small section of content that shelved this classic work for more than a generation.; This new edition of Question on Doctrine beautifully preserves this outstanding and winsome work of Adventist apologetics to future generations of scholars, laypersons, and critics. It is an essential element of every Adventist library.

text is approached from a passage-by-passage basis, rather than a verse-by-verse basis. This allows for more engagement with the extended thought of the passage. Other occasional features include general articles, short word studies and explanations set off from the regular text, and short essays on important topics related to the passage at hand. A personal relationship with Jesus transforms the way we read Scripture. We come to the Bible to inform and focus the worship of Jesus as Savior and Lord. And, in a special way, we come to the Bible to nourish hope in His Second Coming. We are not disappointed, for the theme of the great Day of the Lord and of Christ's Return permeates the entire biblical record. It is the purpose of the Andrews Bible Commentary to trace "the Blessed Hope" (Titus 2:13) in the pages of Scripture and to read all of the Bible in the light of that hope. This time between the First and Second Advents of Jesus is a challenging one. We need instruction and inspiration as we wait. What does the Bible have to say to believers who, with both longing and joy, anticipate the Return of Jesus? Answering that question is at the heart of the Andrews Bible Commentary, which seeks to instruct and inspire all who long for Christ's Second Coming"--

The Text of New Testament

Before the entrance of sin, Adam enjoyed open communion with his Maker; but since man separated himself from God by transgression, the human race has been cut off from this high privilege. By the plan of redemption, however, a way has

been opened whereby the inhabitants of the earth may still have connection with heaven. God has communicated with men by His Spirit, and divine light has been imparted to the world by revelations to His chosen servants. “Holy men of God spake as they were moved by the Holy Ghost.” 2 Peter 1:21. During the first twenty-five hundred years of human history, there was no written revelation. Those who had been taught of God, communicated their knowledge to others, and it was handed down from father to son, through successive generations. The preparation of the written word began in the time of Moses. Inspired revelations were then embodied in an inspired book. This work continued during the long period of sixteen hundred years,—from Moses, the historian of creation and the law, to John, the recorder of the most sublime truths of the gospel. The Bible points to God as its author; yet it was written by human hands; and in the varied style of its different books it presents the characteristics of the several writers. The truths revealed are all “given by inspiration of God” (2 Tim. 3:16); yet they are expressed in the words of men. The Infinite One by His Holy Spirit has shed light into the minds and hearts of His servants. He has given dreams and visions, symbols and figures; and those to whom the truth was thus revealed, have themselves embodied the thought in human language. The ten commandments were spoken by God Himself, and were written by His own hand. They are of divine, and not of human composition. But the Bible, with its God-given truths expressed in the language of men, presents a union of the divine and the human. Such a union existed in the nature of Christ, who was the Son of God and the Son of man. Thus it

is true of the Bible, as it was of Christ, that “the Word was made flesh, and dwelt among us.” John 1:14. Written in different ages, by men who differed widely in rank and occupation, and in mental and spiritual endowments, the books of the Bible present a wide contrast in style, as well as a diversity in the nature of the subjects unfolded. Different forms of expression are employed by different writers; often the same truth is more strikingly presented by one than by another. And as several writers present a subject under varied aspects and relations, there may appear, to the superficial, careless, or prejudiced reader, to be discrepancy or contradiction, where the thoughtful, reverent student, with clearer insight, discerns the underlying harmony. As presented through different individuals, the truth is brought out in its varied aspects. One writer is more strongly impressed with one phase of the subject; he grasps those points that harmonize with his experience or with his power of perception and appreciation; another seizes upon a different phase; and each, under the guidance of the Holy Spirit, presents what is most forcibly impressed upon his own mind—a different aspect of the truth in each, but a perfect harmony through all. And the truths thus revealed unite to form a perfect whole, adapted to meet the wants of men in all the circumstances and experiences of life. God has been pleased to communicate His truth to the world by human agencies, and He Himself, by His Holy Spirit, qualified men and enabled them to do this work. He guided the mind in the selection of what to speak and what to write. The treasure was intrusted to earthen vessels, yet it is, none the less, from Heaven. The testimony is conveyed through the imperfect expression of human

language, yet it is the testimony of God; and the obedient, believing child of God beholds in it the glory of a divine power, full of grace and truth.
