Knowledge

Chess openings are the most important part of every novices journey and the most fun. The most common and important openings are presented in an easy-to-use format with large, frequent diagrams showing every position along with clear explanations of the goals, objectives, and concepts behind the moves. No other book so perfectly presents the openings in a manner so easy to learn and use. 176 pages.

Win with the Stonewall Dutch

The Killer Dutch

Deemed "irreplaceable" by Robert E. Lee, Stonewall Jackson assumed his nickname during the Battle of Bull Run in the Civil War. It is said that The Army of Northern Virginia never fully recovered from the loss of Stonewall's leadership when he was

accidentally shot by one of his own men and died in 1863. Davis highlights Stonewall Jackson's a general who emphasized the importance of reliable information and early preparedness (he so believed in information that he had a personal mapmaker with him at all times) and details Jackson's many lessons in strategy and leadership.

Stonewall Jackson: A Biography

Hands Across The Sea

The book discusses in detail the chess opening known as the Rubinstein Attack, and presents analysis and typical games in all the main branches of the opening. This opening system for White can provide the basis for a solid opening strategy that nevertheless provides great opportunities to launch effective attacks against the enemy king. It has been used by many top chessplayers and has been seen in many important tournament encounters. The author presents key middlegame concepts in fully annotated games, so that the reader learns how to carry out the various forms of attack. See other books by Dr. Schiller: *Of Kings and Pawns: Chess Strategy in the Endgame*, US \$17.95

Stonewall Jackson

Stonewall Jackson and the American Civil War

Dutch Defense players often have the smug satisfaction of knowing their opening better than their opponents. But if you play the Dangerfield Attack, the joke will be on Black! Like the American comic icon Rodney Dangerfield, those who use an

early Bf4 against the Dutch "get no respect." Dutch Defense manuals frequently dismiss it, but then they ignore White's best continuation, often assuming the first player will follow up with a meek London System setup. Rudel presents an entirely new way to play Bf4 against the Dutch. This attack is a plug-and-play solution for those opening 1.d4. All standard Dutch Defense formations are covered, including Q-side fianchetto defenses and the deferred Leningrad. NOTE: This book is essentially the anti-Dutch segment from Rudel's much larger book, *Fight the King's Indian, Grunfeld, and Dutch Defenses with Zuka*. This smaller book has been released concurrently specifically (and solely!) for those who are satisfied with their lines against g6 and only want a new response to the Dutch.

Chess Openings for the Average Player

Having learned the basic moves, how exactly should a player improve? In this popular classic, the author explains 33 complete games, in detail, move by move, including the reason for each one. Playing through these games and explanations gives real insight into the power of the pieces and how to post them most effectively. "The novice who plays through *Logical Chess* can learn an ocean of basic chess wisdom."—Leonard Barden, English chess master and broadcaster "Entertains . . . as it reinforces strategic lessons gleaned from chess titans. Illustrates effective middle-game plans."—Library Journal

The Rubinstein Attack!

Clearly written guide covers all openings: the Benko Gambit, Bird's Opening, Centre Game, Dutch Defence, Four Knights Game, King's Gambit, others. Techniques are designed to help moderate players whose games are confined to club play or by correspondence, and aid good players who want to improve in tournament or club events.

A chess book on the openings, aimed at a club audience.

Logical Chess

A commonsense approach to creating effective new strategies from ones that are proven to work From Napoleon through Jack Welch, great leaders have always "borrowed" great ideas from others. The Art of What Works cuts against the grain of today's one-size-fits-all strategic gurus to argue that there are no intrinsically good or bad strategies--just flexible strategies that work best in given situations. Welch's appropriation of Six Sigma from Motorola, and use of its best features to revitalize GE, is a recent example of this approach. In this insightful and practical guide, leading strategist William Duggan lays the groundwork for building new strategic frameworks by observing what works--and what doesn't--in the real world. The Art of What Works shows business professionals how to: Recognize and adopt great ideas and strategies Modify strategically sound ideas to their own benefit Decide on a course of action--then modify it when necessary

The Stonewall Attack

These collections were put together by Jackson's widow, Mary Anna Jackson, in 1895. Her commentary adds a poignant picture of Jackson found through reading his letters and journal entries.

Stonewall in the Valley

The New York Times–bestselling biography of the South’s most brilliant and audacious military commander: “Completely fascinating” (Kirkus Reviews). With the exception of Robert E. Lee, no Confederate general was more feared or admired than Thomas “Stonewall” Jackson. Once derisively known as “Tom Fool,” Jackson was an innovative battlefield strategist who struck terror in the hearts of Union army commanders and inspired Confederate soldiers to victory after victory in the early days of the Civil War. A fanatically religious man, Jackson prayed at the start and conclusion of every battle—yet showed no mercy when confronting the enemy. Eccentric, enigmatic, and fiercely intelligent, he became the stuff of legend soon after he died from wounds suffered during the Battle of Chancellorsville; his untimely death would help to change the course of the conflict. Based on a wealth of first-person sources, including Jackson’s private papers and correspondences, and the memoirs of family, friends, and colleagues, *They Called Him Stonewall* is a masterful portrait of the man behind the myth.

Stonewall Jackson: a Military Biography

Dismantle the Dutch Defense with the Dangerfield Attack

What happens when real talk gets a little too real? That's the 800-lb. gorilla confronting the Office of the Sheriff. This character-driven saga puts the rear echelon in the crosshairs as Hands Across the Sea delves into the professional and personal sides of the badge where the rubber meets the road. The Office of the Sheriff, known as the Agency, comes face-to-face with the unexpected: the changing of the guard. Their larger-than-life Sheriff, Garrison Cottrell, abruptly resigns and passes the torch to his hand-picked successor - Brendan Callaghan. Explore how the Command staffers' isms intertwine with their leadership styles and come to light during kaleidoscopic situations. Gear up for what happens when the door shuts and the dialogue begins - and sometimes, not in that order. Will it bring the Agency together or tear it apart? Brian Cook doesn't just peer back the curtain, he pulls it down and gives you a look into personalities that often takes on the guise of Peyton Place. But we're still talking about professionals, right?

History of the Campaign of Gen. T.J. (Stonewall) Jackson in the Shenandoah Valley of Virginia

51 Chess Openings for Beginners

This is a biography of the Confederate general who earned the nickname "Stonewall" for standing firm in the First Battle of Manassas.

The life of Stonewall Jackson

Grandmaster Viktor Moskalenko shakes up the lines of yet another chess opening! For those who have the Dutch Defense in their repertoire or play against it, this brings an explosive mixture of danger and opportunity. Danger if you stick to your old ways, opportunity if you are ready to take up Moskalenko's new weapons or his refutations of old ones. Moskalenko covers the Anti-Dutch, Leningrad, Stonewall and Classical variations. He guides you through this ground-breaking opening book with the enthusiasm, the ease and the humor that characterize his style. For 'The Diamond Dutch' goes what chess star Vassily Ivanchuk said about Moskalenko's previous work 'The Perfect Pirc-Modern': "This book will undoubtedly help you to master not just the Pirc and Modern Defences, but also to systematize and perfect your understanding of the key points of other openings."

General Alpheus S. Williams

The Life of Stonewall Jackson

The Book of the London International Chess Congress, 1899

Grandmaster Simon Williams has played the Classical Dutch for over twenty years. It remains his favourite opening and has featured in some of his greatest individual results, including a win over World Championship finalist Boris Gelfand. In this book, Williams examines the Classical Dutch in great depth. He also presents a complete repertoire for Black with the Dutch Defence, which is based on his own repertoire he has used successfully at grandmaster level for many years. As well as presenting the latest theory and revealing his new ideas in the key lines, Williams highlights the main tactical and strategic ideas for both sides and covers important issues such as move orders. Each chapter includes a series of tests at the end, so that readers are able to assess how well they have understood the main concepts. This books tells you everything you need to know about successfully playing the Classical Dutch. A Dutch repertoire against 1 d4, 1 c4 and 1 Nf3Written by a world-renowned Classical Dutch expert Packed with new ideas and critical analysis

The Complete Book of Chess Strategy

“Stonewall Jackson.” The life and military career of Thomas Jonathan Jackson With a portrait

An easy-to-understand guide to chess strategy -- conceptual planning -- has always been the amateur's dream. This book makes that dream a reality. This comprehensive guide in dictionary form, the first of its kind, makes all aspects of chess strategy quick, easy, and painlessly accessible to players of all degrees of strength. Each strategic concept is listed alphabetically and followed by a clear, easy-to-absorb explanation accompanied by examples of how this strategy is used in practice. Such great World Champions as Steinitz, Capablanca, Petrosian, Fischer, and Karpov have used these strategies in virtually all of their games. Now you can arm yourself with their weapons. As you incorporate these weapons into your own play, they will enrich your appreciation of the game and lead you to one beautiful victory after another.
