16 MILLION COPIES SOLD 'A book to read, to cherish, to debate, and one that will ultimately keep the memories of the victims alive' John Boyne, author of *The Boy in the Striped Pyjamas* A prominent Viennese psychiatrist before the war, Viktor Frankl was uniquely able to observe the way that both he and others in Auschwitz coped (or didn't) with the experience. He noticed that it was the men who comforted others and who gave away their last piece of bread who survived the longest - and who offered proof that everything can be taken away from us except the ability to choose our attitude in any given set of circumstances. The sort of person the concentration camp prisoner became was the result of an inner decision and not of camp influences alone. Frankl came to believe man's deepest desire is to search for meaning and purpose. This outstanding work offers us all a way to transcend suffering and find significance in the art of living.

The Civilization of China

Master storyteller Christopher Paul Curtis's Newbery Honor novel, featuring his trademark humor, unique narrative voice, and new cover art--now in paperback! Eleven-year-old Elijah lives in Buxton, Canada, a settlement of runaway slaves near the American border. He's the first child in town to be born free, and he ought to be famous just for that. Unfortunately, all that most people see is a "fra-gile" boy who's scared of snakes and talks too much. But everything changes when a former slave steals money from Elijah's friend, who has been saving to buy his family out of captivity in the South. Now it's up to Elijah to track down the thief--and his dangerous journey just might make a hero out of him, if only he can find the courage to get back home.
