Britain's leading authority on Oriental massage integrates classic tui na techniques into a new, whole-body treatment never before seen in East or West.

China Monthly Review

A monumental retelling of world history through the lens of maritime enterprise, revealing in breathtaking depth how people first came into contact with one another by ocean and river, lake and stream, and how goods, languages, religions, and entire cultures spread across and along the world's waterways, bringing together civilizations and defining what makes us most human. Lincoln Paine takes us back to the origins of long-distance migration by sea with our ancestors' first forays from Africa and Eurasia to Australia and the Americas. He demonstrates the

critical role of maritime trade to the civilizations of ancient Egypt, Mesopotamia, and the Indus Valley. He reacquaints us with the great seafaring cultures of antiquity like those of the Phoenicians and Greeks, as well as those of India and Southeast and East Asia, who parlayed their navigational skills, shipbuilding techniques, and commercial acumen to establish thriving overseas colonies and trade routes in the centuries leading up to the age of European expansion. And finally, his narrative traces how commercial shipping and naval warfare brought about the enormous demographic, cultural, and political changes that have globalized the world throughout the post-Cold War era. This tremendously readable intellectual adventure shows us the world in a new light, in which the sea reigns supreme. We find out how a once-enslaved East African king brought Islam to his people, what the American “sail-around territories” were, and what the Song Dynasty did with twenty-wheel, human-powered paddleboats with twenty paddle wheels and up to three hundred crew. Above all, Paine makes clear how the rise and fall of civilizations can be linked to the sea. An accomplishment of both great sweep and illuminating detail, *The Sea and Civilization* is a stunning work of history.

"Spans more than 2,000 years from antiquity to the early seventh century to recover the stories of numerous women, nearly all of them unknown in the West. Covers the lives of women who have been previously excluded from historical studies and reference works"--Del editor.

The Chinese Recorder and Missionary Journal

On October 1, 2009, the People's Republic of China (PRC) celebrated the 60th anniversary of its founding. And what an eventful and tumultuous six decades it

had been. During that time, under the leadership of the Chinese Communist Party (CCP), China was transformed from one of the world's poorest countries into the world's fastest growing major economy, and from a weak state barely able to govern or protect its own territory to a rising power that is challenging the United States for global influence. Over those same years, the PRC also experienced the most deadly famine in human history, caused largely by the actions and inactions of its political leaders. Not long after, there was a collapse of government authority that pushed the country to the brink of (and in some places actually into) civil war and anarchy. Today, China is, for the most part, peaceful, prospering, and proud. This is the China that was on display for the world to see during the Beijing Olympics in 2008. The CCP maintains a firm grip on power through a combination of popular support largely based on its recent record of promoting rapid economic growth and harsh repression of political opposition. Yet, the party and country face serious challenges on many fronts, including a slowing economy, environmental desecration, pervasive corruption, extreme inequalities, and a rising tide of social protest. Politics in China is an authoritative introduction to how the world's most populous nation and rapidly rising global power is governed today. Written by leading China scholars, the book's chapters offers accessible overviews of major periods in China's modern political history from the mid-nineteenth century to the present, key topics in contemporary Chinese politics, and developments in four important areas located on China's geographic periphery: Tibet, Xinjiang, Hong Kong, and Taiwan.

China's Millions

If you are prepared to connect with China, it will make all the difference. Joan Turley provides all the signposts and insights to help those working with China understand the value of relationships and the importance of people as the key elements in making business and everything else work. This extremely powerful book will unlock your ability to build working relationships with China, for mutual success. "The book provides an invaluable reference for all businesses with any current or future interest of building a successful relationship with China. This is a topic that is as complicated and diffuse as the Chinese language itself and a reference such as this can save both time and money." —David Paice, Marketing Manager, Cathay Pacific "Joan Turley's deep and delicate observation is really refreshing and practical and her understanding about China goes beyond my expectations. I believe Ms. Turley's new book will not only be welcomed by the British people but the Chinese people as well." —Dizun Chen, Director of the General Office, Liaoning Provincial Party Committee "Joan Turley has great insight as well as ability to interpret different cultures for each other. Her knowledge is thorough as she has both academic and practical business experience of China. Her book has relevance both to the West and to China." —Mr Huo, President, North Media "An indispensable handbook for developing successful UK/China business relationships. For an industry which thrives on ideas which turn customer understanding into commercial or social advantage, Joan's insights into Chinese

culture and thinking are both instructive and relevant." —Janet Hull, Consultant Head, Marketing and Reputation Management, IPA "The chapter on Law and Successful Relationships in China is a must for any lawyer wanting to do business in that part of the world." —Eifion Morris, Partner, Stephenson Harwood, Law Firm of the Year 2009 "An authoritative and informative insight into conducting business in China, from an original standpoint that gives practical advice to both those with existing business and those approaching the Chinese market for the first time." —Philip Moore, Asia-Pacific Manager, Andor Plc "Turley has taken her vast experience in working closely with Chinese companies, government and individuals to deliver robust advice on developing strategic and long term business relationships through communication, relationship development and sound planning and research." —Barry Allaway, Managing Director, Worldwide Magazine Distribution Joan Turley has enormous understanding working successfully with China. Pivotal to her success is the understanding that connectivity is the key to building relationships, and it is this that will ultimately determine your success in business culture. Connecting with China aims to facilitate a smooth path for all those at the brink of working with China, or who are already involved but need further guidance. Understanding the forces that shape Chinese strategic thinking will only partially assist you in progressing up the very formal hierarchy which the Chinese use to codify relationships and signal degrees of trust and the will to cooperate. Full of insights, tools, techniques and tips this book provides invaluable lessons on how to build relationships, and how to channel Western skills into

Chinese ways of working.

Journal of the North China Branch of the Royal Asiatic Society

"A classic must-read for everyone coming to work or live in China." - Shelley Warner and Tony Voutas, cross-cultural trainers and founders of Asia Pacific Access Ltd, China China is in the midst of unprecedented economic and cultural growth. In the last decade alone, China joined the World Trade Organization, hosted the 2008 Olympics and experienced a remarkable, record-high increase in its foreign currency reserves. As these changes unfold, frequency of contact between the Chinese and Westerners is dramatically increasing in the office, the classroom and the home. With thought-provoking glimpses into history and tradition, Encountering the Chinese provides fundamental information on Chinese cultural norms and values, giving clear context for contemporary social standards. Readers will learn the etiquette necessary to build successful personal and professional relationships with the Chinese both inside and outside the People's Republic of China. This revised edition of Encountering the Chinese also explains how Chinese values are changing rapidly-and why it is more important than ever to keep up. For instance, compliments, once declined out of modesty, are now widely accepted in coastal cities; and some terms of address that were proper to use only a decade ago have grown offensive. Encountering the Chinese provides invaluable insight into the diverse and changing Chinese culture.

This book LOVE—THE GIVER Book 2 is a continuation of LOVE FOUND LOVE LOST, Book 1. The Heroine has her dramatic highs and lows on her wild ride through life. Often she finds solace in her appreciation of nature. However, the people she resides with are unbelievably extraordinary. She falls into a quagmire because her boyfriend would not move in with her. Therefore, she had to seek shelter elsewhere. It leads her down a most intriguing path of strange people. One wants her body and the other takes her money by hook or by crook. The heroine strives to be a career girl. She is also hungry for love. Her boyfriend gives her love on Saturday nights. However, she craves love and affection seven days a week. After one explosive relationship with a younger guy, she shares her passion with three

other mature guys while working at three different jobs. In the end her desires are fulfilled with joy and happiness. This book can increase your sex life because when you tread where the heroine trod you can get sexually aroused. Be aware.
