To Marry Medusa

The Open Access version of this book, available at www.taylorfrancis.com/books/9781472453983, has been made available under a Creative Commons Attribution-Non Commercial-No Derivative 4.0 license. Experiences of hearing the voice of God (or angels, demons, or other spiritual beings) have generally been understood either as religious experiences or else as a feature of mental illness. Some critics of traditional religious faith have dismissed the visions and voices attributed to biblical characters and saints as evidence of mental disorder. However, it is now known that many ordinary people, with no other evidence of mental disorder, also hear voices and that these voices not infrequently include spiritual or religious content. Psychological and interdisciplinary research has shed a revealing light on these experiences in recent years, so that we now know much more about the phenomenon of "hearing voices" than ever before. The present work considers biblical, historical, and scientific accounts of spiritual and mystical experiences of voice hearing in the Christian tradition in order to explore how some voices may be understood theologically as revelatory. It is proposed that in the incarnation, Christian faith finds both an understanding of what it is to be fully human (a theological anthropology), and God's perfect self-disclosure (revelation). Within such an understanding, revelatory voices represent a key point of interpersonal encounter between human beings and God.

Hearing Voices

"All three character driven two-act plays in Beyond the Abyss Adams Daughter, Common Ground, and Sederare set in present day Chicago. Of note, while each explores themes that attend the tragedy of Holocaust, none of the plays attempts to portray the vile and violent conditions inside concentration or death camps. Rather, the plays portray the profound moral, social, and psychological ramifications of the Shoah as the horrors and dislocations of World War II continue to influence modern Jewish life."

Once Brothers

A Nebula Award-winning author reinvents the alien invasion novel with this story of a malevolent, galaxy-consuming hive mind—and its surprising human hosts. Drunk, angry, abusive, and pathetic, Dan Gurlick exists at the very lowest level of human civilization, sleeping in junkyard cars and scrounging through garbage cans for his dinner. But his last rotting meal contains something unexpected: a spore that originated from a galaxy many light-years away. First, Dan eats the spore, then, the spore eats Dan; and the homeless alcoholic becomes a host for the Medusa. An insatiable alien hive mind, the Medusa has already consumed the life forms of a billion planets. Now, it hungers for the dominant species of Earth. But to do so, it must somehow unite the planet's intelligent creatures into a single shared consciousness: an assignment the miserable wretch Dan may prove surprisingly capable of carrying out. To Marry Medusa is suspenseful, inventive, and surprisingly compassionate; a vibrant and unforgettable exploration of what it means to be more—or less—than human. This ebook features an illustrated biography of Theodore Sturgeon including rare images and never-before-seen documents from the University of Kansas's Kenneth Spencer Research Library and the author's estate, among other sources.

SUPREME COURT APPELLATE DIVISION FIRST DEPARTMENT

Everyone is guided by the voices of people in our lives--grandparents, parents, teachers, pastors, friends. Their words are woven into our life's fabric and influence how we live and the choices we make. As Christians, we are blessed also to hear the amazing voices of those who lived centuries ago--the voices found in Scripture. Author James W. Moore says, "When faced with choices and decisions, when trying to sort out priorities, when my heart is sad or glad, when challenges and problems thrust themselves into my life, when I need a word of assurance, or when faced with a new opportunity, I hear the voice of Jesus, I hear the voice of Mary, I hear the voices of Abraham and Micah and Esther and the apostle Paul and many other biblical voices whispering (or shouting!) to me powerful words that shape and direct my life." I Hear Voices and That's a Good Thing! celebrates the voices of the Bible who continue, every day, to strengthen and encourage us when we not only hear but listen to them.

Carnegie Institution of Washington Publication

A Golden Voice

"An eerie debut about a little boy who recovers from a mysterious global flu that's killed thousands and inherits an imaginary friend who makes him do violent things Kids have imaginary friends. Rachel knows this. So when her young son, Billy, miraculously recovers from a horrible flu that has proven fatal for many, she thinks nothing of Delfy, his new invisible friend. After all, her family is healthy and that's all that matters. But soon Delfy is telling Billy what to do, and the boy is acting up and lashing out in ways he never has before. As Delfy's influence is growing stranger and more sinister by the day, and rising tensions threaten to tear Rachel's family apart, she clings to one purpose: to protect her children at any cost--even from themselves. We Hear Voices is a mischievously gripping near-future horror novel that tests the fragility of family and the terrifying gray area between fear and love"--

The Man from Skibbereen

The Mad Monk Of Gidleigh (Knights Templar Mysteries 14)

"Holmes enthusiasts will again find a story that is true to their hero. . . .Readers who just enjoy a good mystery thriller will appreciate the terse narrative and fast moving action." —Lawrence J. Goodrich, Christian Science Monitor Located by a computer in the bowels of a major university where it had collected dust for over half a century, this missing manuscript by the biographer of Sherlock Holmes reveals for the first time a hitherto unknown episode in the life of the Great Detective. Holmes, master sleuth, was also an accomplished violinist. Following his discharge from therapy with Sigmund Freud (see The Seven-Per-Cent Solution), we now learn that he journeyed to Paris and there found employment as a pit musician at the Paris Opera. The year is 1891, Paris is the capital of the western world, and its opera house is full of surprises. First and by no means least is the sudden reappearance of the great love of Holmes's life, an accomplished singer from Hoboken, New

Jersey. Second is the series of seemingly bizarre accidents—each more sinister than the last—allegedly arranged by the "Opera Ghost," an opponent who goes by many names and is more than equal to Holmes. Alone in a strange and spectacular city, with none of his normal resources, Holmes is commissioned to protect a vulnerable young soprano, whose beautiful voice obsesses a creature no one believes is real, but whose jealousy is lethal. In this dazzling, long-awaited sequel to *The Seven-Per-Cent Solution*, the detective pits wits against a musical maniac, and we are treated to an adventure unlike any other in the archives of Sherlock Holmes.

Hearing Enslaved Voices

This book focuses on alternative types of slave narratives, especially courtroom testimony, and interrogates how such narratives were produced, the societies (both those that were majority slave societies and those in which slaves were a distinct minority of the population) in which testimony was permitted, and the meanings that can be attached to such narratives. The chapters in this book provide valuable information about the everyday lives—including the inner and spiritual lives—of enslaved African American and Native American individuals in the British and French Atlantic World, from Canada to the Caribbean. It explores slave testimony as a form of autobiographical narrative, and in ways that allow us to foreground enslaved persons' lived experience as expressed in their own words.

To Tame a Land

The *Mind's Ear* offers a unique approach to stimulating the musical imagination and inspiring creativity, as well as providing detailed exercises aimed at improving the ability to read and imagine music in silence, in the "mind's ear." Modeling his exercises on those used in theater games and acting classes, and drawing upon years of experience with improvisation and composition, Bruce Adolphe has written a compelling, valuable, and practical guide to musical creativity that can benefit music students at all levels and help music teachers be more effective and inspiring. The book also provides provocative ideas and useful tools for professional performers and composers, as well as offering games and exercises to serious listeners that can increase their musical understanding and level of engagement with music in a variety of ways.

America and Its Guns

Albert Lawrence Moon is a small-town guy with big-time dreams that never quite materialize. His only real asset is Moon's Bar and Grill in Gum Ridge, Arkansas. Even that business is struggling despite the busy racetrack across the street. But things at Moon's start to pick up after an odd fellow named Jack starts cooking for the joint. Jack's inexplicable ability and his passion for flavors and smells turn even the most ordinary dishes into magnificent creations and soon turns Moon's into

the hottest eatery in town. But Jack is plagued by voices only he can hear, and when he takes medicine to make the voices go away, he can no longer cook. Owner and co-workers bond as their stories unfold against the backdrop of a little Southern greasy spoon. Mary Ann, the waitress who befriends Jack, is waiting for a tall-cotton cowboy to sweep her off her feet and far away from this town. Moon's newest get-rich-quick scheme threatens the cafe's business, and Jack sinks further into madness as the murmurs in his mind turn into loud, angry roars. Brimming with Southern flavor and peppered with quirky characters with their own unique challenges, *We All Hear Voices* serves up a tale of unlikely friendships and the human desire for happiness.

The Canary Trainer: From the Memoirs of John H. Watson, M.D.

Through this moving tribute to his father's love, Davis III passes along the benefits of those lessons in a gem of a book that will improve your golf game—and enhance your life. With every shot he takes, *Davis Love III* provides a tribute to the strength and the value of his father's teachings. And in *Every Shot I Take*, he shares with us the psychological and technical lessons he learned about how to play golf with power, with skill, and with joy. His lessons include drills, the Ten Commandments of Putting, six steps to successful long bunker shots, and tips for playing in the wind and rain, on fast greens, or out of long rough. Yet each lesson is ultimately about something more than golf. Golf was, for Davis, Jr., a way of being a father, of teaching his sons how to learn, how to approach whatever they might choose to do with knowledge and with care, how to overcome obstacles through dedication and understanding. It was the vehicle through which he taught the most important lesson of all: "Follow your dream, and enjoy the trip."

Dead Voices

The issues surrounding mental health in Australia have for the past year created a great deal of exposure in the media. Andrew Denton's programme *Enough Rope* recently devoted an entire programme to the problems of Hearing Voices. This book contains a wealth of information of great practical value to people who hear voices as well as to those who simply wish to learn more about this fascinating aspect of human psychology. It also addresses many complex questions regarding personal identity, the nature of consciousness, the relationship between mind and brain and the place of spirituality in human life - issues which will be of interest to all thoughtful readers. John Watkins is an internationally-known and respected counsellor and educator whose main professional interest is in exploring and promoting holistic approaches to the development and maintenance of mental Health. In this latest book, he provides: a detailed description of a wide variety of voice hearing experiences, an overview of the theories accounting for how and why this happens, a range of practical techniques for coping with or stopping voices, guidelines for applying spiritual discernment to hearing voices, and strategies for optimising the personal value of voice hearing experiences.

The Day the Voices Stopped

Rye Tyler was twelve when his father was killed in an Indian raid. Taken in by a mysterious stranger with a taste for books and an instinct for survival, Rye is schooled in the hard lessons of life in the West. But after killing a man, he is forced to leave his new home. He rides lonely mountain passes and works on dusty cattle drives until he finds a job breaking horses. Then he meets Liza Hetrick, and in her eyes he sees his future. After establishing himself as marshal of Alta, he returns, only to discover that Liza has been kidnapped. Tracking her to Robbers' Roost, Rye is forced to face the man who taught him all he knows about books, guns, and friendship. Two old friends—one woman: Who will walk away?

The Supernatural Voice

We live immersed in thought. But do we actually know what a thought is? To answer this question, psychology professor Charles Fernyhough draws on everything from neuroscience to literary history to grasp the true nature of this most inscrutable of acts: thinking. Whether a medieval saint who hears voices or a writer absorbed in an imagined world, a daydreamer riding the subway or a captivated reader, we experience thought as a creative inner dialogue featuring multiple voices. Fernyhough uses this conception to demystify mental illness, showing that imagining voices is intimately linked to the feeling of artistic production. Drawing on literature, film, and psychology, as well as cognitive science, *The Voices Within* is a poetic venture into the depths of our mind. It will revolutionize the way we hear and understand the voices in our heads.

The Girl with the Louding Voice

James Atwood contends that the thirty thousand gun deaths America suffers every year cannot be understood apart from our national myth that God has appointed America as "the trustee of the civilization of the world" and even "Christ's light to the nations." Because these purposes are noble, and we are supposedly a good and trustworthy people, violence is sometimes "required" and gives license to individuals to carry open or concealed weapons, which "save lives" and can even be "redemptive." Atwood, an avid hunter, cautions that an absolute trust in guns and violence morphs easily into idolatry. Having spent thirty-six years as a Presbyterian pastor fighting against the easy access to firearms, one of which took the life of a friend, he uses his unique experience and his biblical and theological understanding to graphically portray the impact guns have on our society. He documents how Americans have been deceived into believing that the tools of violence, whether they take the form of advanced military technology or a handgun in the bedside stand, will provide security. He closes with a wake-up call to the faith community, which he says is America's best hope to unmask the extremism of the Gun Empire.

The Man who Heard the Land

The story is about a Cuban-American banker, living and working in South Florida, who is subjected to an extortion attempt. This scheme is masterminded by a former colleague, and now high government official in Cuba, who is using the banker's family remaining in Cuba as leverage for the extortion. The novel depicts how the banker came to be the victim of the plot, and how he organizes and carries out a plan to clandestinely rescue his family members and bring them safely to Florida.

The Man Who Heard Voices

A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

Rising from the Ashes Vol 1

2013 Best Book of the Year - Classic Images Mel Blanc needs no introduction to cartoon and radio fans. He was The Master of the funny voice. For the first time ever, here is the ultimate biography, encompassing Noel Blanc's unpublished biography, with an introduction by Bugs Bunny, plus a complete (and Huge) credit list and discography. Over 700 pages. Indexed.

The Pawnee

The Mind's Ear

Crispin Mayo was a reckless young brawler who'd left his tiny fishing village for the vast American frontier. Headed west to join a railroad construction crew, he came upon an isolated station—and a mystery. The shack was abandoned, but fresh

blood spattered the floor, and the telegraph was clicking away unattended. When Mayo stepped inside and put a hand on the telegraph key, he had no way of knowing the course of his life would change forever—and that he would become entangled with a band of Civil War veterans with a score to settle against the government...and a feisty young woman who'd risk anything to save the people she loved. Cris Mayo, who had never backed away from a fight in his life, was about to have his courage put to the ultimate test.

The Journal of the Michigan State Medical Society

New York Times bestselling author Katherine Arden returns with another creepy, spine-tingling adventure in this follow-up to the critically acclaimed *Small Spaces*. Now in paperback. Having survived sinister scarecrows and the malevolent smiling man in *Small Spaces*, newly minted best friends Ollie, Coco, and Brian are ready to spend a relaxing winter break skiing together with their parents at Mount Hemlock Resort. But when a snowstorm sets in, causing the power to flicker out and the cold to creep closer and closer, the three are forced to settle for hot chocolate and board games by the fire. Ollie, Coco, and Brian are determined to make the best of being snowed in, but odd things keep happening. Coco is convinced she has seen a ghost, and Ollie is having nightmares about frostbitten girls pleading for help. Then Mr. Voland, a mysterious ghost hunter, arrives in the midst of the storm to investigate the hauntings at Hemlock Lodge. Ollie, Coco, and Brian want to trust him, but Ollie's watch, which once saved them from the smiling man, has a new cautionary message: BEWARE. With Mr. Voland's help, Ollie, Coco, and Brian reach out to the dead voices at Mount Hemlock. Maybe the ghosts need their help--or maybe not all ghosts can or should be trusted. *Dead Voices* is a terrifying follow-up to *Small Spaces* with thrills and chills galore and the captive foreboding of a classic ghost story.

We Hear Voices

Like *The Man Who Mistook His Wife for a Hat*, this is a fascinating voyage into a strange and wonderful land, a provocative meditation on communication, biology, adaptation, and culture. In *Seeing Voices*, Oliver Sacks turns his attention to the subject of deafness, and the result is a deeply felt portrait of a minority struggling for recognition and respect--a minority with its own rich, sometimes astonishing, culture and unique visual language, an extraordinary mode of communication that tells us much about the basis of language in hearing people as well. *Seeing Voices* is, as Studs Terkel has written, "an exquisite, as well as revelatory, work."

Did You Hear That?: Help For Children Who Hear Voices

Tracing the origins, influences and development of falsetto singing in Western music, Simon Ravens offers a revisionist

history of high male singing from the Ancient Greeks to Michael Jackson. This history embraces not just singers of counter-tenor and alto parts up to and including our own time but the castrati of the Ancient world, the male sopranists of late Medieval and Renaissance Europe, and the dual-register tenors of the Baroque and Classical periods. Musical aesthetics aside, to understand the changing ways men have sung high, it is also vital to address extra-musical factors--which are themselves in a state of flux. To this end, Ravens illuminates his chronological survey by exploring topics as diverse as human physiology, the stereotyping of national characters, gender identity, and the changing of boys' voices. The result is a complex and fascinating history sure to appeal not only to music scholars but to performers and all those with an interest particularly in early music [Publisher description]

Every Shot I Take

Julian Ramsay, the chronicler of the distinguished Lampitt family, witnesses the effects of such events as pharmaceutical tycoon Virgil D. Everett's murder and a Catholic scientist's unwitting development of the Pill

We Hear Voices

A behind-the-scenes look at the groundbreaking filmmaker M. Night Shyamalan In his relatively young career, M. Night Shyamalan has achieved phenomenal commercial and critical success. His films *The Sixth Sense*, *Unbreakable*, *Signs*, and *The Village* have grossed over \$1.5 billion and reinvented the thriller genre. Because Shyamalan has worked outside of the Hollywood system, however, his filmmaking habits and personality have remained largely unknown. But reporter Michael Bamberger obtained unprecedented access to Shyamalan during the tumultuous production of his film *Lady in the Water*, and in *The Man Who Heard Voices* exposes the struggles and triumphs of this modern-day Hitchcock at work. From revising the screenplay to shooting on location and evaluating the crucial initial test screening, *The Man Who Heard Voices* tracks all stages in the life of Shyamalan's film. Bamberger delves into Shyamalan's relationship with the actors and the studio (he moved from Disney to Warner Bros. for this film) while also profiling various players on set. The result is a fascinating insider portrait of creative genius—and the real-life story behind a Hollywood thriller.

The Voices Within

A comprehensive exploration of the history, phenomenology, meanings and causes of hearing voices that others cannot hear (auditory verbal hallucinations).

I Hear Voices, and That's a Good Thing!

WE ALL HEAR VOICES

During the Vietnam War, a Vietnamese boy must free the "Man in the Box," a captured American soldier, and bring him to safety. A powerful tale of friends in the midst of battle, "The Man in the Box" won the prestigious Oklahoma Sequoyah Children's Book Award in 1968. It remains as memorable today -- and its message of compassion and friendship as fresh -- as the day it was first published. Includes a Foreword by Ardath Mayhar from the 2006 edition, plus a new Publisher's Foreword by John Betancourt.

The Things They Carried

"A man driving a lonely Minnesota highway hears the voice of the land and embarks on an arduous odyssey of self-discovery."--Jacket.

Hearing Voices

A nationally renowned spokesperson for the mentally ill recalls his three-decade struggle with schizophrenia and reveals how he was able to overcome the disease and create a new life.

Mel Blanc: The Man of a Thousand Voices

Christians Hearing Voices

The Man in the Box

After a young woman tragically dies, it is up to Sir Baldwin and Simon Puttock to unravel the mystery surrounding her suspicious death Michael Jecks brings medieval England to life in the fourteenth mystery of his Knights Templar series, featuring the ever-popular Sir Baldwin de Furnhill and Bailiff Simon Puttock. Perfect for fans of Bernard Cornwell and Susanna Gregory. 'The most wickedly plotted medieval mystery novels' - The Times As the winter of 1323 descends upon a windswept chapel on the edge of Dartmoor, who could blame the young priest, Father Mark, for seeking affection from

Mary, the miller's daughter? But when Mary, and her unborn child, are found dead, Mark is the obvious suspect. Called to investigate, Sir Baldwin de Furnshill and his friend Bailiff Simon Puttock soon begin to have their doubts. Could one of Mary's many admirers have murdered her in a fit of jealousy? Or might it be someone even closer to home? By the time their search is over, life for Baldwin and Simon, and their families, will never be quite the same again. What readers are saying about *The Mad Monk of Gidleigh*: 'There is excellent attention to period detail and a very strong sense of time and place. All the characters are fully dimensional and well-drawn' 'The story is very well plotted. Just when I thought I knew where it was going, it turned' 'Yet another fantastic book from Michael Jecks. The stories are really well crafted'

Hearing Voices

Seeing Voices

In this insightful book, accounts of voice hearers are presented, evaluated and interpreted by a Christian theologian and psychiatrist. By listening to the first-hand experiences of voice hearers and evaluating them in the light of Christian theology, the book enables the reader to understand the experiences of voice hearers as a part of Christian experience and to engage with the theological issues raised by them, including the nature of revelation. This engaging and thought-provoking collection looks at a range of stories - ranging from comforting to complex to simply conversational - to encourage debate and search for meaning and also show how the reader can adapt clinical and pastoral practice to better aid people in this situation.

The Man Who Died Twice

A READ WITH JENNA TODAY SHOW BOOK CLUB PICK! • Named a Most Anticipated Book of 2020 by The New York Times, Marie Claire, Vogue, Essence, PopSugar, Daily Mail, Electric Literature, Red Magazine, Stylist, Daily Kos, Library Journal, The Every Girl, and Read It Forward! "A courageous story."—The New York Times "A celebration of girls who dare to dream."—Imbolo Mbue, author of *Behold the Dreamers* (Oprah's Book Club pick) A powerful, emotional debut novel told in the unforgettable voice of a young Nigerian woman who is trapped in a life of servitude but determined to fight for her dreams and choose her own future. Adunni is a fourteen-year-old Nigerian girl who knows what she wants: an education. This, her mother has told her, is the only way to get a "louding voice"—the ability to speak for herself and decide her own future. But instead, Adunni's father sells her to be the third wife of a local man who is eager for her to bear him a son and heir. When Adunni runs away to the city, hoping to make a better life, she finds that the only other option before her is servitude to a wealthy family. As a yielding daughter, a subservient wife, and a powerless slave, Adunni is told, by words

and deeds, that she is nothing. But while misfortunes might muffle her voice for a time, they cannot mute it. And when she realizes that she must stand up not only for herself, but for other girls, for the ones who came before her and were lost, and for the next girls, who will inevitably follow; she finds the resolve to speak, however she can—in a whisper, in song, in broken English—until she is heard.

The Peterson Magazine

YouTube sensation Ted Williams's memoir of addiction, homelessness, and unlikely redemption, cowritten by #1 New York Times bestselling author Bret Witter Ted Williams was panhandling in December 2010 when a passerby taped him and posted a clip of his gorgeous radio voice on YouTube. The video went viral, and overnight, launched him—the homeless man with a golden voice—into the hearts of millions. Since then, millions have heard pieces of his story: his successful radio career, his crack addiction, his multiple arrests, and his heartbreaking relationship with his ninety-year-old mother. But in *A Golden Voice*, Ted Williams finally puts all the pieces together to give an unforgettable, searingly honest account of life on the streets. Nothing is held back, as Williams takes the reader through prostitution, theft, crack houses, and homeless shelters in a search, ultimately, for redemption and hope. Along the way, we see his relationship with his long-term girlfriend, Kathy, grow into an unlikely and inspiring love story, and we hear the Golden Voice of God lead Ted from the selfishness of crime to the humility of the street corner—almost a year before he was “discovered” on that highway entrance ramp. But this memoir isn’t just an exploration of wrongs and a once-in-a-lifetime chance to give homelessness a voice. It is a deeply American, from-the-heart comeback story about the power of hope, faith, and personal responsibility. With the innate charisma that has won him millions of fans, Ted Williams proves that no one, no matter how degraded, is too lost for a second chance.

Hearing Voices, Demonic and Divine

To steal a Caribbean inheritance, an American impersonates a prodigal son Though his name is Duncan Ward, he lands in Barbados with a passport reading “Jim MacQuade.” The MacQuade family meets him at the airport with open arms, welcoming home the son who left the Caribbean over a decade earlier. Duncan knows Jim from college, and over the years has accumulated enough details of the MacQuade plantation to carry off the fraud. Old John MacQuade is near death, and Duncan hopes to win Jim’s piece of the disintegrating family fortune. Expecting a broken-down, heavily mortgaged farm, he finds a thriving business, one that is valuable enough for his supposed family to be on their guard. Someone has already tried to poison the old man in an attempt to kill him before he changes the will in Jim’s favor. If Duncan is found out, the family may not be amused by his lie.

Voices ; Birth-marks ; The Man and the Elephant

Did You Hear That? Help for Children Who Hear Voices is about five very different children who share one thing in common — hearing voices and seeing things that are not there. Susie is a 9-year-old who keeps her challenges with auditory and visual hallucinations a secret until a teacher alerts her parents of her difficulties at school. With compassion, empathy, love and understanding, Susie's parents encourage her to see a counselor. Susie builds trust and rapport with her counselor, which finally allows her to share her well-guarded secret. After divulging what has been troubling her for years, with her counselor's help, she discovers that she is not the only one in the world who struggles with voices. Susie then introduces readers to four other children of different ethnicities, ages, backgrounds, talents and interests who also hear voices. All of the children share with readers their challenges with voices and personal life circumstances that contributed to them hearing voices. Then they go on to speak about their personal choices regarding what role they want voices to have in their lives and how counselors helped them achieve their individual goals. Did You Hear That? is a beautifully illustrated practical therapeutic storybook for psychologists, psychiatrists and mental health practitioners treating children with auditory and visual hallucinations. While it normalizes the experience and assists children in seeking professional help, it is also an easy to understand and user-friendly guide for concerned parents, teachers, pediatricians and allied health professionals.
