Stepsiblings in search of the truth about their mother's succession of beloved husbands—and their own surprising identities as eligible young nobles—are the endearing stars of this dazzling series from New York Times bestselling author Sabrina Jeffries . . . A past kiss with adorably bookish Miss Olivia Norley should be barely a memory for Marlowe Drake, the Duke of Thornstock. After all, there are countless debutantes for a handsome rake hell to charm beyond a young lady whose singular passion is chemistry—of the laboratory type. But Thorn has not forgotten—or forgiven—the shocking blackmail scheme sparked by that single kiss, or the damage caused to both their names. Now Thorn's half-brother, Grey, has hired the brilliant Miss Norley for her scientific expertise in solving a troubling family mystery. And the once-burned Thorn, suspicious of her true motives, vows to follow her every move . . . For Olivia, determining whether arsenic poisoning killed Grey's father is the pioneering experiment that could make her career—and Thorn's constant presence is merely a distraction. But someone has explosive plans to derail her search. Soon the most unexpected discovery is the caring nature of the reputed scoundrel beside her—and the electricity it ignites between them . . . “Anyone who loves romance must read Sabrina Jeffries!” —Lisa Kleypas, New York Times bestselling author

Sinful Pleasures

My own private opinion is that there is no such thing as preaching Christ and him crucified, unless you preach what now-a-days is called Calvinism. It is a nickname to call it Calvinism; Calvinism is the gospel, and nothing else. I do not believe we can preach the gospel, if we do not preach justification by faith, without works; nor unless we preach the sovereignty of God in his dispensation of grace; nor unless we exalt the electing, unchangeable, eternal, immutable, conquering, love of Jehovah: nor do I think we can preach the gospel, unless we base it upon the peculiar redemption which Christ made for his elect and chosen people; nor can I comprehend a gospel which lets saints fall away after they are called, and suffers the children of God to be burned in the fires of damnation after having believed. Such a gospel I abhor. The gospel of the Bible is not such a gospel. We preach Christ crucified in a different fashion, and to all gainsayers we reply. "We have not so learned Christ." (Charles Spurgeon)

Anthem

Equality 7-2521 finds himself out of step with the collectivist society of the future, and discovers a means to freedom in Ayn Rand's fable of the individual in conflict with society. First published in 1938, Anthem takes place in a dystopian future world in which humanity is enduring a new dark age, human life is regimented in every respect and personal identity has been all but snuffed out by a totalitarian government. The narrator, writing his story in secret, realizes he is a criminal simply for having thoughts of his own. Exploring the ruins of a previous civilization he discovers relics, conducts forbidden experiments and learns enough to question the very structure of his society. Can he share this knowledge with his fellow citizens? The author strips the relationship of humanity to civilization down to its bare essence in this modern parable that starkly illuminates the challenge an oppressive government presents to individuality. With an eye-catching new cover, and professionally typeset manuscript, this edition of Anthem is both modern and readable.

Sinful Secrets

The New York Times Bestseller '[An] earth-shaking exposé of clerical corruption' - National Catholic Reporter In the Closet of the Vatican exposes the rot at the heart of the Vatican and the Roman Catholic Church today. This brilliant piece of investigative writing is based on four years' authoritative research, including extensive interviews with those in power. The celibacy of priests, the condemnation of the use of contraceptives, the cover up of countless cases of sexual abuse, the resignation of Benedict XVI, misogyny among the clergy, the dramatic fall in Europe of the number of vocations to the priesthood, the plotting against Pope Francis - all these issues are clouded in mystery and secrecy. In the Closet of the Vatican is a book that reveals these secrets and penetrates this enigma. It derives from a system founded on a clerical culture of secrecy which starts in junior seminaries and continues right up to the Vatican itself. It is based on the double lives of priests and on extreme homophobia. The resulting schizophrenia in the Church is hard to fathom. But the more a prelate is homophobic, the more likely it is that he is himself gay. 'Behind rigidity there is always something hidden, in many cases a double life'. These are the words of Pope Francis himself and with them the Pope has unlocked the Closet. No one can claim to really understand the Catholic Church today until they have read this book. It reveals a truth that is extraordinary and disturbing.
