Healing the Soul of America

"A life-changing read. With warmth, honesty, and storytelling, Lynne turns everything we think we know about money upside down...It's the book we all need right now." —Brené Brown, Ph.D., author of the #1 New York Times bestseller *Rising Strong* This liberating book shows us that examining our attitudes toward money—earning it, spending it, and giving it away—offers surprising insight into our lives. Through personal stories and practical advice, Lynne Twist asks us to discover our relationship with money, understand how we use it, and by assessing our core human values, align our relationship with it to our desired goals. In doing so, we can transform our lives. *The Soul of Money* now includes a foreword from Jack Canfield and a new introduction by Lynne Twist, in which she explores the effects of the Great Recession and environmental concerns about our monetary needs and aims.

Reclaim the State

The author proposes transforming "spiritual activism into a social activism that will in turn transform America into a nation seriously invested in the hope of every child and in the potential of every adult."--Cover.

Pro: Reclaiming Abortion Rights

The bestselling, beloved classic on how to go into the dark side of yourself to bring out the light -- now with new material. Debbie Ford believes that we each hold within us a trace of every human characteristic that exists, the capacity for every

human emotion. We are born with the ability to express this entire spectrum of characteristics. But, Ford points out, our families and our society send us strong messages about which ones are good and bad. So when certain impulses arise, we deny them instead of confronting them, giving them a healthy voice, then letting them go. It is to these feelings that Ford turns our attention, these parts of our selves that don't fit the personae we have created for the rest of the world. She shows us the effects of living in the dark, of keeping all our supposedly unsavory impulses under wraps. We find ourselves disproportionately frustrated and angry at the selfishness of friends, the laziness of colleagues, the arrogance of siblings. When we are unable to reconcile similar impulses in ourselves, Ford explains, we waste our own energy judging others instead of empathizing. But most important, we deny ourselves the power and freedom of living authentically. Through the stories and exercises in *The Dark Side of the Light Chasers*, Debbie Ford shows us not only how to recognize our hidden emotions, but also how to find the gifts they offer us. This is for fans of Marianne Williamson, Neale Donald Walsch, and Deepak Chopra. The very impulses we most fear may be the key to what is lacking in our lives.

Reclaiming the Wild Soul

You'll never see leadership the same way again after reading this book. These fifteen commitments are a distillation of decades of work with CEOs and other leaders. They are radical or provocative for many. They have been game changers for us and for our clients. We trust that they will be for you too. Our experience is that unconscious leadership is not sustainable. It won't work for you, your team or your organization in the long term. Unconscious leadership can deliver short term results, but the costs of living and leading unconsciously are great. Fear drives most leaders to make choices that are at odds with healthy relationships, vitality and balance. This fear leaves a toxic residue that won't be as easily tolerated in an increasingly complex business environment. Conscious leadership offers the antidote to fear. These pages contain a comprehensive road map to guide you to shift from fear-based to trust-based leadership. Once you learn and start practicing conscious leadership you'll get results in the form of more energy, clarity, focus and healthier relationships. You'll do more and more of what you are passionate about, and less of what you do out of obligation. You'll have more fun, be happier, experience less drama and be more on purpose. Your team will get results as well. They'll be more collaborative, creative, energized and engaged. They'll solve issues faster, and once resolved the issues won't resurface. Drama and gossip will all but disappear, and the energy and resources that fueled them will be redirected towards innovation and creativity. Any one of these commitments will change your life. All of them together are revolutionary. Leaders who practice the 15 commitments: - End blame and criticism - Speak candidly, openly and honestly, in a way that invites others to do the same - Find their unique genius - Let go of taking everything-especially themselves and their problems-so seriously - Create win for all solutions - Experience a new relationship to time and money where there is always enough What do you need to bring to the table? Be curious. Sounds so simple, and yet in our experience it's a skill few have mastered. Most of us are far more interested in being right and proving it, than we are in learning, growing and shifting out of our old patterns. By default we gravitate towards the familiar. We're asking you to take a chance and explore the unfamiliar. You'll get scared and reactive. We all do. So what? Just stay curious and let us introduce you to a whole new world of leadership.

Wait, What?

The best-selling book about restoring "heart and soul" to the workplace by one of today's most sought-after speakers. Praise for Reclaiming Higher Ground: "Reclaiming Higher Ground is a must read." Ken Blanchard, coauthor of The One-Minute Manager "Lance Secretan applies principles of higher consciousness to the business world. . .this book is extremely valuable." Marianne Williamson, author of A Return to Love "Finally, a clear, compelling voice arguing that employees are not

liabilities but instead are an organization's greatest asset."David Chilton, author of *The Wealthy Barber*

The Illusion of Money

A poet, essayist and columnist argues that abortion is a common part of a woman's reproductive life and shouldn't be vilified, but accepted as a moral right that can be a force for social good.

Farming While Black

New York Times bestselling author Jefferson Bethke delivers a call to resist our cultural worship of connectivity and achievement before we lose the essentials that make us distinctly and deeply human. Our culture makes constant demands of us. Do more. Accomplish more. Buy more. Post more. Tweet more. And in following those demands, we have indeed become more--more anxious, more tired, more hurt, more depressed, more frantic. What we are doing isn't working because, Jefferson Bethke argues, we have forgotten the fundamentals that make us human, the things that anchor our lives, providing us with roots and meaning. In this highly anticipated new book, Jefferson Bethke delivers a wake-up call to resist our culture and embrace the slowness of Jesus. To stop doing and start becoming by proactively setting up boundaries in our lives and cultivating disciplines within them. He shows his readers how to find landmarks, anchors, and rhythms that provide depth and meaning and that push back against the demands of contemporary life. And he reveals that what the world teaches us to avoid at all costs--things such as silence, obscurity, solitude, and vulnerability--are the very things that can give us the meaning, depth, order, and the richness we are truly looking for.

Nurturing the Soul of Your Family

Healing That Reaches Beyond the Self In this landmark work, Marianne Williamson reminds us that there is a point in everyone's spiritual journey where the search for self-awareness can turn into self-preoccupation. All of us are better off when contemplation of holy principles is at the center of our lives. But it is in applying those principles in our lives that we forge the true marriage between heaven and earth. In the compassionate but clear-eyed prose that has won her so many avid readers, Williamson shows us that the principles which apply to our personal healing also apply to the healing of the larger world. Calling on Americans to turn the compassion in our hearts into a powerful force for social good, Williamson shows us how to transform spiritual activism into a social activism that will in turn transform America into a nation seriously invested in the hope of every child and in the potential of every adult.

The Healing of America

Sacred Economics traces the history of money from ancient gift economies to modern capitalism, revealing how the money system has contributed to alienation, competition, and scarcity, destroyed community, and necessitated endless growth. Today, these trends have reached their extreme—but in the wake of their collapse, we may find great opportunity to transition to a more connected, ecological, and sustainable way of being. This book is about how the money system will have to change—and is already changing—to embody this transition. A broadly integrated synthesis of theory, policy, and practice, Sacred Economics explores avant-garde concepts of the New Economics, including negative-interest currencies, local currencies, resource-based economics, gift economies, and the restoration of the commons. Author Charles Eisenstein also considers the personal dimensions of this transition, speaking to those concerned with "right livelihood" and how to live according to their ideals in a world seemingly ruled by money. Tapping into a rich lineage of conventional and unconventional economic thought, Sacred Economics presents a vision that is original yet commonsense, radical yet gentle, and increasingly relevant as the crises of our civilization deepen. Reclaim Your Soul

Home. It is an elegant word, at once both simple and far-reaching. Home is a place to live in and feel comfortable, but it is much more than that. Home is where we are nurtured, where we live, and where we love. The language of Home is universal. It is where we find the eternal in the everyday. But the Home has been neglected. To millions of women today, there is nothing worse than being a "homemaker." If only they knew the supreme value (and reward) of giving loved ones a place to call Home. Written by three wives and mothers, Theology of Home is a simple guide to help reorient all of us toward our true home, allowing us to think purposefully about how to make our own homes on earth better equipped to get all those living in them to the Father's house. Featuring more than 100 beautiful (and inspiring) photographs from homes around the country, profound words from the saints and other literary figures, and in depth commentary on the theological and spiritual underpinnings of our love for Home, Theology of Home offers readers a tour of the both the Home and the human heart. Whether you live in a sprawling estate or a humble dwelling, whether alone or with a crowd, this is far more than a book of beautiful photos and great décor ideas. You will also learn how to create a deeper sense of the divine through: Creating a welcoming environment that starts with your Door Fostering a sense of remembrance through images, scents, and activities that will keep your family recollecting joy, family, and Christ Making your home a place for joyful gatherings and spiritual growth through an emphasis on light Prioritizing family dinners to feed the body and the soul Opening up your Home to those around you, spreading the joy and peace of Christ with your hospitality And much more. . . Discover how beauty and order can bring the eternal to your everyday, and help create a path to heaven for those you love most dearly.

I Will Not Die an Unlived Life

In 1920, 14 percent of all land-owning US farmers were black. Today less than 2 percent of farms are controlled by black people--a loss of over 14 million acres and the result of discrimination and dispossession. While farm management is among the whitest of professions, farm labor is predominantly brown and exploited, and people of color disproportionately live in "food apartheid" neighborhoods and suffer from diet-related illness. The system is built on stolen land and stolen labor and needs a redesign. *Farming While Black* is the first comprehensive "how to" guide for aspiring African-heritage growers to reclaim their dignity as agriculturists and for all farmers to understand the distinct, technical contributions of African-heritage people to sustainable agriculture. At Soul Fire Farm, author Leah Penniman co-created the Black and Latinx Farmers Immersion (BLFI) program as a container for new farmers to share growing skills in a culturally relevant and supportive environment led by people of color. *Farming While Black* organizes and expands upon the curriculum of the BLFI to provide readers with a concise guide to all aspects of small-scale farming, from business planning to preserving the harvest. Throughout the chapters Penniman uplifts the wisdom of the African diasporic farmers and activists whose work informs the techniques described--from whole farm planning, soil fertility, seed selection, and agroecology, to using whole foods in culturally appropriate recipes, sharing stories of ancestors, and tools for healing from the trauma associated with slavery and economic exploitation on the land. Woven throughout the book is the story of Soul Fire Farm, a national leader in the food justice movement. The technical information is designed for farmers and gardeners with beginning to intermediate experience. For those with more experience, the book provides a fresh lens on practices that may have been taken for granted as ahistorical or strictly European. Black ancestors and contemporaries have always been leaders--and continue to lead--in the sustainable agriculture and food justice movements. It is time for all of us to listen.

The Dark Side of the Light Chasers

New York Times bestselling author and comedian-turned-motivational speaker Cease shows how an obsession with money is actually preventing people from living the life of their dreams.

The Soul of Money: Transforming Your Relationship with Money and Life

"Advice and practices for supporting family peace, harmony, and connection in daily life from a life-balance

coach"--Provided by publisher.

The Art of Money

These past two decades, modern technology has brought into being scores of powerful challenges to our interior peace and well-being. We're experiencing a worldwide crisis of attention in which information overwhelms us, corrodes true communion with others, and leaves us anxious, unsettled, bored, isolated, and lonely. These pages provide the time-tested antidote that enables you to regain an ordered and peaceful mind in a technologically advanced world. Drawing on the wisdom of the world's greatest thinkers, including Plato, Aristotle, St. Augustine, and St. Thomas Aquinas, these pages help you identify - and show you how to cultivate - the qualities of character you need to survive in our media-saturated environment. This book offers a calm, measured, yet forthright and effective approach to regaining interior peace. Here you'll find no argument for retreat from the modern world; instead these pages provide you with a practical guide to recovering self-mastery and interior peace through wise choices and ordered activity in the midst of the world's communication chaos. Are you increasingly frustrated and perplexed in this digital age? Do you yearn for a mind that is more focused and a soul able to put down that iPhone and simply rejoice in the good and the true? It's not hard to do. The saints and the wise can show you how; this book makes their counsel available to you.

Money Can Heal

The author of *Strong Fathers, Strong Daughters* counsels mothers struggling with anxiety, low self-esteem and other common issues on how to embrace more positive habits, using inspirational stories and specific action plans based on living simply and rebalancing.

Love Money, Money Loves You

If you could have a conversation directly with Money, what would it say to you? *Love Money, Money Loves You* is the answer to this question and the message is breathtakingly simple. Money is the powerful energy that underlies every form of exchange that takes place between human beings. It is an extraordinary system for dealing with the billions of financial and material requests that are made by humans every day - many of them hopelessly confused, often desperate. Money speaks to us directly through this book, explaining simply, often with a sense of humour, exactly how our financial requests are processed and delivered, why so many of them never arrive and why we get so many bills, especially when we are broke. This blueprint for making money is for people who haven't yet been able to afford the lifestyle of their dreams but still believe they will - and for anyone interested in exploring more deeply your relationship with money.

Happy Money

A celebration of healing ways of women offers a philosophical and practical approach to wellness that integrates body, mind, and spirit and uses stories, myths, and parables to teach women to connect with the inherent strength and knowledge of their bodies.

Reclaiming Art in the Age of Artifice

The sister book to Nautilus Award-Winning *Burning Woman* from Lucy H. Pearce. A deep questioning of how the system deals with the modern epidemic of chronic illness, combining a raw personal memoir of sickness and healing, the voices of sick women of the world and a feminine cultural critique that digs deep into the roots of patriarchal medicine.

Sacred Economics

New in paperback from the author of *Outrageous Openness*: a witty and spirited guide to radically releasing the burdens of financial fears. It's natural to crave prosperity. Some seek to manifest it in myriad ways--using anything from vision boards to writing a pretend check for a million dollars from the Bank of Divinity. Yet whatever comes, or doesn't, the mind always seems to want more. But what if there was a whole other way? Instead of grasping and chasing, what if we offered everything--our money (or lack of it), our triumphs, our problems, our desires--fully back to Love? What if this offering itself was actually the secret to abundance? Tosha Silver, internationally beloved spiritual guide, has created a practical and powerful financial book unlike any other. Leading you through a deeply transformative eight-week process, she shares the mental, emotional, and spiritual steps that anyone can take to learn to fully receive and prosper. Her step-by-step guidance is filled with prayers, meditations, and stories to help you find and heal the source of these fears and unworthiness. As you come to know you are part of something larger--something that you serve and that longs to serve you--you begin to feel a new sense of freedom and abundance. You yourself become a vehicle for Divine Flow.

The Energy of Money

The anniversary edition of this beloved bestseller is celebrated in Prefaces by Oprah Winfrey and Maya Angelou and contains a new Foreword by the author, website links, and a new Study Guide to help readers find even deeper meaning and fulfillment. *The Seat of the Soul* encourages you become the authority in your own life. It will change the way you see the world, interact with other people, and understand your own actions and motivations. Beginning with evolution, Gary Zukav takes you on a penetrating exploration of the new phase humanity has entered: we are evolving from a species that

understands power as the ability to manipulate and control—external power—into a species that understands power as the alignment of the personality with the soul--authentic power. Our evolution requires each of us to make the values of the soul our own: harmony, cooperation, sharing, and reverence for Life. Using his scientist's eye and philosopher's heart, Zukav shows us how to participate fully in this evolution, enlivening our everyday activities and all of our relationships with meaning and purpose. The Seat of the Soul has sold millions of copies around the globe, and as it changes lives, more and more people begin to live by the values of the spirit. Indeed, a new world is emerging, and this book brings its message to you.

Financial Recovery

The author and psychotherapist shares her journey of illness and recovery in this inspiring guide to living your life to the fullest. In *I Will Not Die an Unlived Life*, Dawna Markova recounts her incredible journey from being diagnosed with a life-threatening illness to finding deeper meaning in her life. Along the way, she guides readers toward discovering their own sense of value and purpose. When we feel lost, Markova points out, we can either continue to live habitual lives and resign our strength—or we can choose to follow our passions. Many of us have times of feeling stagnant and sapped of energy. Rather than judging these moments negatively, Dr. Markova reframes them as periods of rest for our passions. In doing so, she challenges us to slow down and stay in touch with ourselves. Poetic and inspiring, *I Will Not Die an Unlived Life* is a powerful reminder that it is never too late to live your life.

Money and the Prosperous Soul

Ken Honda—Japan's #1 bestselling personal development guru—teaches you how to achieve peace of mind when it comes to money with this instant national bestseller. Too often, money is a source of fear, stress, and anger, often breaking apart relationships and even ruining lives. We like to think money is just a number or a piece of paper, but it is so much more than that. Money has the ability to smile, it changes when it is given with a certain feeling, and the energy with which it imbues us impacts not only ourselves, but others as well. Although Ken Honda is often called a “money guru,” his real job over the past decade has been to help others discover the tools they already possess to heal their own lives and relationships with money. Learn how to treat money as a welcome guest, allowing it to come and go with respect and without resentment; understand and improve your money EQ; unpack the myth of scarcity; and embrace the process of giving money, not just receiving it. This book isn't to fix you, because as Ken Honda says, you're already okay!

In the House of the Moon

“This urgent book offers not only a clear-eyed explanation of the forces that broke our politics, but a thoughtful and, yes, patriotic vision of how we create a government that’s truly by and for the people.”—DAVID DALEY, bestselling author of Ratf**ked and Unrigged In the vein of On Tyranny and How Democracies Die, the bestselling author of Republic, Lost argues with insight and urgency that our democracy no longer represents us and shows that reform is both necessary and possible. America’s democracy is in crisis. Along many dimensions, a single flaw—unrepresentativeness—has detached our government from the people. And as a people, our fractured partisanship and ignorance on critical issues drive our leaders to stake out ever more extreme positions. In They Don’t Represent Us, Harvard law professor Lawrence Lessig charts the way in which the fundamental institutions of our democracy, including our media, respond to narrow interests rather than to the needs and wishes of the nation’s citizenry. But the blame does not only lie with “them”—Washington’s politicians and power brokers, Lessig argues. The problem is also “us.” “We the people” are increasingly uninformed about the issues, while ubiquitous political polling exacerbates the problem, reflecting and normalizing our ignorance and feeding it back into the system as representative of our will. What we need, Lessig contends, is a series of reforms, from governmental institutions to the public itself, including: A move immediately to public campaign funding, leading to more representative candidates A reformed Electoral College, that gives the President a reason to represent America as a whole A federal standard to end partisan gerrymandering in the states A radically reformed Senate A federal penalty on states that don’t secure to their people an equal freedom to vote Institutions that empower the people to speak in an informed and deliberative way A soul-searching and incisive examination of our failing political culture, this nonpartisan call to arms speaks to every citizen, offering a far-reaching platform for reform that could save our democracy and make it work for all of us.

Reclaim Your Heart

Reclaiming the Wild Soul takes us on a journey into Earth's five great landscapes -- deserts, forests, oceans and rivers, mountains, and grasslands -- as aspects of our deeper, wilder selves. Where the inner and outer worlds meet we discover our own true nature mirrored in the Earth's wild beauty and fierce challenges. A powerful archetypal model for transformation, the "soulsapes" return us to a primal terrain rich in knowing, healing, and wholeness. To guide our path, each soulscape offers up wisdom in the form of soul qualities the modern world often undervalues and even undermines. We see how deserts model simplicity and silence, how forests help us make peace with uncertainty, how rivers and oceans reveal the power of flow, how mountains inspire our highest purpose, and how grasslands teach us about giving back. Weaving personal story with poetry, imagery, and explorations, Reclaiming the Wild Soul is simultaneously self-help and a courageous call to action. It is written for all those disillusioned with our hyper-paced, high-tech world, who decry what we are doing to the Earth, who feel the tug of their own wild souls longing for discovery and mystery -- a new, yet ancient, way of being human.

The Call of the Wild and Free

Awarded the 2016 Nautilus Silver Medal for Personal Growth! This is the book your money-savvy best friend, therapist, and accountant would write if they could. It's the book about money for people who don't even want to think about money, until the arrival of that inevitable day when we all realize we must come to terms with this thing called money. Everyone has

pain and challenges, strengths and dreams about money, and many of us mix profound shame into that relationship. In *The Art of Money*, Bari Tessler offers an integrative approach that creates the real possibility of "money healing," using our relationship with money as a gateway to self-awareness and a training ground for compassion, confidence, and self-worth. Tessler's gentle techniques weave together emotional depth, big picture visioning, and refreshingly accessible, nitty-gritty money practices that will help anyone transform their relationship with money and, in so doing, transform their life. As Bari writes, "When we dare to speak the truth about money, amazing healing begins."

Losing Your Job- Reclaiming Your Soul

New York Times Bestseller "What, What? is a welcome—and joyful—reminder that true wisdom comes from asking the right questions. Should you read this book? Absolutely." —Clayton Christensen, bestselling author of *How Will You Measure Your Life?* Based on the wildly popular commencement address, the art of asking (and answering) good questions by the Dean of Harvard University's Graduate School of Education. Whether we're in the boardroom or the classroom, we spend far too much time and energy looking for the right answer. But the truth is that questions are just as important as answers, often more so. If you ask the wrong question, for instance, you're guaranteed to get the wrong answer. A good question, on the other hand, inspires a good answer and, in the process, invites deeper understanding and more meaningful connections between people. Asking a good question requires us to move beyond what we think we know about an issue or a person to explore the difficult and the unknown, the awkward, and even the unpleasant. In *Wait, What?*, Jim Ryan, dean of Harvard University's Graduate School of Education, celebrates the art of asking—and answering—good questions. Five questions in particular: Wait, what?; I wonder...? Couldn't we at least...?; How can I help?; and What truly matters? Using examples from politics, history, popular culture, and social movements, as well as his own personal life, Ryan demonstrates how these essential inquiries generate understanding, spark curiosity, initiate progress, fortify relationships, and draw our attention to the important things in life—from the Supreme Court to Fenway Park. By regularly asking these five essential questions, Ryan promises, we will be better able to answer life's most important question: "And did you get what you wanted out of life, even so?" At once hilarious and illuminating, poignant and surprising, *Wait, What?* is an inspiring book of wisdom that will forever change the way you think about questions.

Theology of Home

The last command Jesus gave the church before he ascended to heaven was the Great Commission, the call for Christians to "make disciples of all the nations." But Christians have responded by making "Christians," not "disciples." This, according to brilliant scholar and renowned Christian thinker Dallas Willard, has been the church's Great Omission. "The word disciple occurs 269 times in the New Testament," writes Willard. "Christian is found three times and was first introduced to refer

precisely to disciples of Jesus. . . . The New Testament is a book about disciples, by disciples, and for disciples of Jesus Christ. But the point is not merely verbal. What is more important is that the kind of life we see in the earliest church is that of a special type of person. All of the assurances and benefits offered to humankind in the gospel evidently presuppose such a life and do not make realistic sense apart from it. The disciple of Jesus is not the deluxe or heavy-duty model of the Christian -- especially padded, textured, streamlined, and empowered for the fast lane on the straight and narrow way. He or she stands on the pages of the New Testament as the first level of basic transportation in the Kingdom of God." Willard boldly challenges the thought that we can be Christians without being disciples, or call ourselves Christians without applying this understanding of life in the Kingdom of God to every aspect of life on earth. He calls on believers to restore what should be the heart of Christianity -- being active disciples of Jesus Christ. Willard shows us that in the school of life, we are apprentices of the Teacher whose brilliance encourages us to rise above traditional church understanding and embrace the true meaning of discipleship -- an active, concrete, 24/7 life with Jesus.

To Hell with the Hustle

To abuse or neglect a child, to deprive the child of his or her own identity and ability to experience joy in life, is to commit soul murder. Soul murder is the perpetration of brutal or subtle acts against children that result in their emotional bondage to the abuser and, finally, in their psychic and spiritual annihilation. In this compelling, disturbing, and superbly readable book, Dr. Leonard Shengold, clinical professor of psychiatry at the New York University School of Medicine, explores the devastating psychological effects of this trauma inflicted on a shocking number of children. Drawing on a lifetime of clinical experience and wide-ranging reading in world literature, Dr. Shengold examines the ravages of soul murder in the adult lives of his patients as well as in the lives and works of such seminal writers as George Orwell, Dickens, Chekhov, and Kipling. One hopeful note in this saga of pain is that a terrible childhood can, if survived, be a source of strength, as Dr. Shengold finds in the cases of Dickens and Orwell. Provocatively original in its approach to literature and psychology, unsettling in its vivid portrayal of the darker side of human nature, far-reaching in its conclusions, Soul Murder will stand alongside such works as Alice Miller's *The Drama of the Gifted Child* as one of the most important studies of the psyche to appear in decades.

It's Not Your Money

Allow your children to experience the adventure, freedom, and wonder of childhood with this practical guide that provides all the information, inspiration, and advice you need for creating a modern, quality homeschool education. Inspired by the spirit of Henry David Thoreau—"All good things are wild and free"—mother of five Ainsley Arment founded Wild + Free. This growing online community of mothers and families want their children to receive a quality education at home by

challenging their intellectual abilities and nurturing their sense of curiosity, joy and awe—the essence of a positive childhood. The homeschool approach of past generations is gone—including the stigma of socially awkward kids, conservative clothes, and a classroom setting replicated in the home. The Wild + Free movement is focused on a love of nature, reading great books, pursuing interests and hobbies, making the entire world a classroom, and prolonging the wonder of childhood, an appealing philosophy that is unpacked in the pages of this book. The Call of the Wild and Free offers advice, information, and positive encouragement for parents considering homeschooling, those currently in the trenches looking for inspiration, as well as parents, educators, and caregivers who want supplementary resources to enhance their kids' traditional educations.

They Don't Represent Us

After healing her own unhealthy relationship with money, and transforming her financial disaster into prosperity and security, Karen McCall created a recovery program she has now used for more than twenty years to help individuals, couples, and businesses large and small. In the midst of her money troubles, she saw a need for something other than financial planners, accountants, and credit counselors. These experts could tell her what she should be doing differently, but she needed someone to help her understand the underlying causes of chronic, self-defeating overspending and credit card debt, underearning, and low or no savings. To save herself, she created practical, holistic tools that address these sources of pain and shame. McCall's program supports people as they uncover their deep-seated attitudes about money; provides simple, step-by-step tools for healing areas of physical, emotional, and spiritual deprivation; and teaches skills and strategies for experiencing lasting personal and financial fulfillment even in the midst of economic challenges and reversals.

Reclaim Your Heart is not just a self-help book. It is a manual about the journey of the heart in and out of the ocean of this life. It is a book about how to keep your heart from sinking to the depths of that ocean, and what to do when it does. It is a book about redemption, about hope, about renewal. Every heart can heal, and each moment is created to bring us closer to that transformative return. Reclaim Your Heart is about finding that moment when everything stops and suddenly looks different. It is about finding your own awakening. And then returning to the better, truer, and freer version of yourself. Many

of us live our lives, entrapped by the same repeated patterns of heartbreak and disappointment. Many of us have no idea why this happens. Reclaim Your Heart is about freeing the heart from this slavery. It is about the journey in an out of life's most deceptive traps. This book was written to awaken the heart and provide a new perspective on love, loss, happiness, and pain. Providing a manual of sorts, Reclaim Your Heart will teach readers how to live in this life without allowing life to own you. It is a manual of how to protect your most prized possession: the heart.

The Great Omission

Now updated with new material by #1 New York Times bestselling author and 2020 Democratic presidential candidate Marianne Williamson, the twentieth anniversary edition of Healing the Soul of America shares her timeless, visionary message of political healing. In the twentieth anniversary edition of Healing the Soul of America, Marianne Williamson reclaims her powerful voice for social conscience in American society. This is a time, according to Williamson, for Americans to return once again to our first principles, both politically and spiritually. Here, Williamson draws plans to transform the American political consciousness and encourage powerful citizen involvement to heal our society. With updated material throughout, Williamson explores the current state of American politics, reminding us of her theory of holistic politics—the convergence of political activists looking toward spiritual wisdom and spiritual contemplatives extending their service into the political landscape. She believes that a morally concerned American must now take an active stand in turning this country away from its current identity as a nation obsessively in love with its money to a nation more seriously invested in all of its children and the potential brilliance of every citizen. “Marianne Williamson...is attempting to...help not only her followers but an entire nation” (People). In the wake of the current political dysphoria, with countless tragedies consistently on the nightly news, America is facing a time of immense division. Political parties that completely polarize friends and family, mass shootings, threats of nuclear war, and a lack of confidence in our governmental leaders show that the country is in desperate need of restoration. We need a new paradigm of political understanding, a moral commitment to express it, and a new kind of activism to bring it forth. Healing the Soul of America is a blueprint for all three and there has never been a more urgent need.
