A Treatise Upon the Law, Privileges, Proceedings and Usage of Parliament

Relocation disputes arise between separated parents when one of them proposes to move to a different geographic location with their child and the other parent objects to the plan. No matter where the proposed move is to be, the consequence of either allowing or refusing a relocation application is usually of the greatest importance to the parents and children involved. From a UK legal perspective, this book offers practitioners and parents a comprehensive handbook on the law and practice which is needed to successfully handle any relocation dispute, whether it ends up in court or not. The book explains the entire process of dealing with a relocation case. After a detailed discussion of both international and UK relocation law (including case examples and key summaries), it moves step-by-step through the entire process of a case, from first discussions to final hearings and appeals. Essential relocation cases and relevant Practice Directions are also contained in the appendices, making this an indispensable guide for anyone working in this complex and fast-changing area of law and practice. This second edition is fully updated to reflect all the latest UK case law developments, including detailed consideration of Brussels IIr and the 1996 Hague Convention, with new sections on applications for interim relocation and current research findings. [Subject: Family Law]

Relocation

Accountancy

Pensions on Divorce: A Practitioner's Handbook explains in an accessible fashion one of the most technical and pitfall-strewn areas of family law practice. It looks at the law and procedure relating to the redistribution of pension rights on divorce, covering the different types of pensions, the powers and procedures of the court, the actuarial issues involved, and how to deal with the many different situations that can arise.

Corporate Insolvency

With the creation of the new Property Chamber to unify the jurisdiction of all property related tribunals, this work examines the issue of land registration and how applications are made, heard and 'if necessary' judicially reviewed. The authors cover the practice and procedure of the hearing, evidential questions, and the basis of title in a clear and accessible manner. An absolute must for anyone dealing with conveyancing or property issues. This successor to the authors previous work 'A Practical Guide to Land Registry Adjudication' brings the area right up to date.

Taxation of Farmers and Landowners

Tolley's International Taxation of Corporate Finance

Co-operatives UK is pleased to announce the upcoming publication of an Update and Supplement to the second edition of the Handbook of Co-operative and Community Benefit Society Law. The Handbook is an essential tool for practitioners advising and working with (and within) co-operatives and community benefit societies. This supplement provides an update on developments since the enactment of the Co-operative and Community Benefit Societies Act 2014 and provides a commentary on FG15/12: Guidance on the FCA's registration function under the Co-operative and Community Benefit Societies Act 2014, published in November 2015.

British Books in Print

With this new edition of Tolley's Guide to Employee Share Schemes you can be sure you're giving the best, up-to-date guidance on implementing employee share schemes which will save money for your client. The new edition of this title evaluates the range of employee share schemes available, looking at their processes, the statutory and regulatory requirements, HMRC's interpretation of share scheme issues and most importantly the tax benefits associated with the

various schemes. You can rely on the detailed and expert guidance contained in this title to ensure you choose the most effective and tax efficient employee share scheme. This indispensable guide is written in a clear, practical style and includes worked examples and case studies throughout.

Current Law Index

Enforcement of Consumer Rights and Protections is a practical ready-reference to help guide lawyers when dealing with client work in relation to goods, digital content and services, and an essential aid for local authorities when prosecuting or bringing enforcement action against traders. The book covers powers and responsibilities of regulatory bodies, the UK's approach to sanctions, criminal penalties, investigatory powers, disclosure, consumer redress, the Ombudsmen Schemes and the EU framework within which UK measures apply. It provides a birds' eye view of the regulatory arena, encompassing the changes since April 2014 in every area where consumer rights and protections are engaged. It deals with the Consumer Law Reform Programme, notably: * The Consumer Rights Act 2015* Part 4A of the Consumer Protection from Unfair Trading Regulations 2008* Consumer Contracts (Information, Cancellation and Additional Charges) Regulations 2013* Alternative Dispute Resolution for Consumer Disputes (Competent Authorities and Information) Regulations 2015It also addresses the ways in which other legislation is making changes for consumers, especially in the provision of services such as consumer credit, communications and transport and contains pointers to much Government Guidance on the very many topics which comprise consumer law.

The International Family Law Practice

As a consequence of the increased mobility of families between different countries, family lawyers are now frequently faced with international issues arising in their cases. This major practitioner reference work provides comprehensive coverage of the international elements of English law, and includes all relevant source material, thereby providing an indispensable guide for solicitors, barristers and the judiciary to this rapidly expanding area of law and practice.

Forthcoming Books

The third edition of Commercial Property Litigation is a fully updated, authoritative handbook for UK property litigators. It combines an analysis of the relevant substantive law and procedure with practical know-how focusing on common issues and problems faced by the property litigator. The authors explanatory commentary is supported by expertly drafted precedents, checklists, and extracts from key pieces of legislation and procedural rules, which are contained on an accompanying CD-Rom providing easy access to these time-saving precedent materials. Commercial Property Litigation will ensure that practitioners can be confident of having the relevant knowledge and clear guidance on the practice and procedure on how to deal with these difficult subjects. [Subject: Commercial Property Law]

Tolley's Taxwise II 2015-16

The second part of this two-volume set is a highly practical text on how to best approach real-life computations. Coverage includes capital transfer tax, IHT, IT rates, rates for trusts, taxation of estates and more. Worked examples are complemented by detailed explanatory notes and there are step-by-step guidelines on the layout of computations. Plus, full cross-referencing and comprehensive indexing further assist fast, effective research. Written by tax experts who are renowned not only for their technical skills but also for their ability to make sense of complex subjects. Required reading for all students in professional tax examinations.

Tolley's Guide to Employee Share Schemes

Commercial Property Litigation

Rayden and Jackson on Relationship Breakdown, Finances and Children

Practical Representation in Tax Investigations is a comprehensive guide for tax practitioners in representing clients under HMRC enquiry and investigation. Whilst offering a practical account of how investigations work, this title will act as a working blueprint for how a practitioner should conduct his own case. It includes tools such as work programmes, client questionnaires, job-costing budgets and capital statements. This product will equip professionals with practical guidance in representing clients under investigation so that they are able to deal with the matter instead of referring the work to a specialist. The book also integrates the latest developments in tax investigations work (tax fraud offences, new information gathering powers, latest VAT investigation techniques) into the mainstream of tax investigation work. Also included is a section on money laundering from a tax perspective. The author has also contrasted the HMRC modus operandi (theoretical and practical) when investigating the different types of cases with that which should be applied by the best practice practitioner when faced with the same problem.

Handbook of Co-operative and Community Benefit Society Law

Bailey and Groves: Corporate Insolvency - Law and Practice is a leading commentary on the substantive law of corporate insolvency and practical guidance on the various procedures arising in this important field. Written by recognised experts in the field, it remains a user-friendly text covering all aspects on corporate insolvency in one volume and is accessible to both legal and accountancy practitioners.

The British National Bibliography

Since the publication of the first edition in 1983 Macdonald's Immigration Law & Practice has established itself as the standard textbook in the field and is recognised by the legal profession as the most authoritative text on immigration law. Written with precision by leading immigration experts the work has been updated to offer all of the latest legislation, cases, political developments and commentary and guidance on every significant aspect of the law and practice of immigration. The ninth edition has been fully revised to contain all the latest SIs, and recent case law, including decisions from Strasbourg, the House of Lords and the Court of Appeal as well as the latest immigration appeals Procedure Rules, Practice Direction and CPR.

Anti-Social Behaviour

UK Taxation of Trusts is a portal for clear understanding of income tax, capital gains tax and inheritance tax on the various types of trusts. It also contains UK and offshore resident trusts and references to the Revenue Trust Manual.

Pensions on Divorce

Tolley's Yellow Tax Handbook ensures you have a complete view of contemporary tax legislation. This book is endorsed by the Chartered Institute of Taxation (CIOT). The new edition contains all the relevant UK direct tax legislation, along with EU Directives and Regulations and essential HMRC material. The impact of the Finance Act 2019 is expertly covered by Tolley's tax team. The reader's understanding of the legislation is assisted by cross-references to the HMRC Internal Guidance Manuals and market-leading commentary in Simon's Taxes. With arguably the longest tax code in the world, and Finance Acts of increasing complexity and volume, interpreting the legislation has become more difficult than ever. Tolley's Handbook is the imperative reliable guide to the legislation. Tolley's Yellow Tax Handbook 2019-20 comprehensively covers the up-to-date legislation relating to income tax, capital gains tax, corporation tax, national insurance contributions, tax credits, petroleum revenue tax and inheritance tax. The consolidated legislation is extensively annotated by our technical team with cross-references to commentary, tax cases and HMRC guidance to give you the answers you need quickly and easily. * Includes statutes and statutory instruments; extra-statutory concessions and statements of practice, cross-

references, definitions, additional helpful material such as HMRC Briefs and cross-references to the HMRC Internal Guidance Manuals, and numbered footnotes explaining amendments to the legislation.* Endorsed by the Chartered Institute of Taxation * Approved for use during CIOT and ATT examinations * Published in six volumes * Included as part of the Tolley's Yellow & Orange Tax Reference Set 2019-20 Endorsed by the CIOT, these authoritative volumes are the definitive guide to UK tax legislation.

Macdonald's Immigration Law & Practice

Butterworths In House Lawyers' Handbook is the first and only text to bring together all the practical guidance, precedents, expert commentary and key source material for the in-house law department. In-house lawyers in all types of institutions will benefit from the insights Ian Jones' commentary provides. The book covers all the key planks of the internal legal advisors' role, from managing a legal team to handling the procurement process. In today's world, in-house counsel in businesses and the public sector are expected to have a thorough understanding of the aims and activities of their institution, and relate that understanding to the advice they give their employer. Aside from this requirement, the in-house lawyer needs a high level understanding of a range of legal issues in multiple jurisdictions and to know how to access that information quickly. This book assists that by providing key precedents and accessible information on a range of the most common issues in core jurisdictions. Butterworths In House Lawyers' Handbook also: * Helps in-house legal teams demonstrate their value to the business and especially to the FD * Provides comprehensive best practice guidance on the role of the in-house lawyer * Includes useful precedents * Is accessible and portable * Teaches you how to make decisions about the legal team and outsourcing/in-sourcing based on value to the business * Collates useful black letter sources, making it a one-stop shop * Is of use particularly to in-house lawyers newly managing teams * Benefits solicitors in private practice by providing unique insights into the world of clients

Butterworths In-House Lawyers Handbook

Tolley's Yellow Tax Handbook 2019-20

This book introduces and discusses international tax issues relating to corporate finance, group treasury, and banking operations. The book is intended to benefit accountants, lawyers, economists, financial managers and government officials by explaining practical corporate finance international tax issues. These issues include: examples of country tax regimes; corporate finance including issuing shares; debt instruments; bank loans; investment banking activities; and alternative finance such as crowdfunding; microfinance and alternative energy funding; and international tax issues relating to interest

and dividend flows; capital gains; and foreign tax credits. The book reviews related topics, including: mergers and acquisitions funding; asset and project finance; securitisation; derivatives; hybrid securities and entities; Islamic financing; bank capital structures; group treasury companies; debt restructuring; and transfer pricing issues. The book is based on Corporate Finance and International Taxation courses presented by the author in London, Paris, Zurich, Lugano, Rio de Janeiro, Mexico City, Hong Kong and Singapore.

Enforcement of Consumer Protection Legislation

Now in its fourth edition, Tolley's Taxation of Collective Investment has been fully updated to provide useful advice and wide-ranging coverage on the taxation of collective investment vehicles and investors in those vehicles. The user-friendly, practical title explains in clear detail the taxation of the different collective investment vehicles available and examines the taxation issues affecting investors in the schemes as well as considering the taxation of holders of life policies, pension fund investors, ISAs and PAFs. The book also explains the different investment possibilities available from collective investment and the tax implications for the investor, thereby assisting in structuring such investment in the most tax-efficient manner. The authors, who are all experts in their respective fields, are drawn from leading accountancy firms, City law firms, investment management industry trade bodies and the financial services industry itself. The consultant editor, Stephen Newcombe, has wide experience of this area, formerly as an external adviser and currently working in the industry. Stephen also contributed to the tax work of several industry bodies including chairing the AUTIF and IMA tax committees. This is an invaluable handbook for those who work in the area of investment management, both within the industry and outside of it, including tax accountants and solicitors.

Bowker's Law Books and Serials in Print

The new edition of Rayden and Jackson focusses on the needs of the practitioner. Volume 1 deals comprehensively with the law of relationship breakdowns and the financial applications that flow from those breakdowns: the substantive law, the procedural law and inter-jurisdictional matters. The Family Procedure Rules 2010 are analysed and explored and the ever-developing case law is set out in the text. The new loose-leaf format ensures that practitioners are kept up to date in an ever-developing area. Volume 2 is a one-stop resource for practitioners, judges and scholars. Comprehensive, authoritative, practical and easily accessible, the Volume brings together statutes, procedural rules, case-law and analysis in self-contained sections and covers all areas of family law relating to children, including international aspects, local authority duties, appeal and costs. Rayden and Jackson will be updated four times a year.

Residence Nil Rate Band - Practical thoughts on its use and application

Books in Print

The Journal of the Law Society of Scotland

Sir Mark Hadley's aim in this book is to be frank rather than scholarly about judging. The trial judge is in a very different position to the appellate judge. The trial is where the facts are determined, and it is essentially a trial judge who exercises the powers of discretion which modern society increasingly vests in its judiciary. As society becomes more complex, so does the law. However, law cannot provide for every circumstance and so its application often involves the exercise of discretion. Criminal sentencing, child welfare, the protection of those who lack mental capacity, and disputes about medical treatment are obvious examples. How do judges go about that? How far are judges influenced or affected by their backgrounds, beliefs, and own life experiences? And, if consistency is an aspect of public justice, can that be achieved? And what about the conflict between public justice and personal privacy? These are pressing questions in a society where judges have greater effective power than ever before. [Subject: Family Law, Judicial History]

Modern Judge

This new book provides an overview of the various legal issues that can arise in the workplace through the use and application of social media. It explains the application of the law to the use of social media in the workplace, providing employers and their advisers with guidance on establishing and maintaining IT and social media policies. The book also sets out the preventative steps that can be taken by employers to safeguard themselves and their employees from risk. Such risks include employee behaviour via social media that could give rise to disciplinary or dismissal procedures or which might impact on other employees; the need to safeguard data and the extent to which employers are able to monitor social media usage by their employees; and the risks that social media poses in respect of other claims, such as those pursuant to the Protection from Harassment Act 1997. Recommended reading for solicitors and barristers advising companies, charities, local authorities and universities. It is also suitable reading for in-house lawyers and company secretaries advising on best practice.
