This book is specially designed for undergraduate students in Forensic Medicine and Toxicology to help them in practical examinations. It covers all aspects of practical examinations as prescribed by Medical Council of India. It would also be useful for students of Ayurvedic, Homeopathic, Unani and Siddha systems of medicine. Key features All the six exercises that are commonly asked are explained in detail along with model format so that students can reproduce them in examinations easily. Questions asked in viva-voice are written in same fashion as asked by examiners. Spots shown in examination have been visually captured and provided in a CD form so that student can view them before going for examinations.
