Evil Spy School

New York Times bestselling adult author of *The Bear and the Nightingale* makes her middle grade debut with a creepy, spellbinding ghost story destined to become a classic. After suffering a tragic loss, eleven-year-old Ollie only finds solace in books. So when she happens upon a crazed woman at the river threatening to throw a book into the water, Ollie doesn't think--she just acts, stealing the book and running away. As she begins to read the slender volume, Ollie discovers a chilling story about a girl named Beth, the two brothers who both loved her, and a peculiar deal made with "the smiling man," a sinister specter who grants your most tightly held wish, but only for the ultimate price. Ollie is captivated by the tale until her school trip the next day to Smoke Hollow, a local farm with a haunting history all its own. There she stumbles upon the graves of the very people she's been reading about. Could it be the story about the smiling man is true? Ollie doesn't have too long to think about the answer to that. On the way home, the school bus breaks down, sending their teacher back to the farm for help. But the strange bus driver has some advice for the kids left behind in his care: "Best get moving. At nightfall they'll come for the rest of you." Nightfall is, indeed, fast descending when Ollie's previously broken digital wristwatch, a keepsake reminder of better times, begins a startling countdown and delivers a terrifying message: RUN. Only Ollie and two of her classmates heed the bus driver's warning. As the trio head out into the woods--bordered by a field of scarecrows that seem to be watching them--the bus driver has just one final piece of advice for Ollie and her friends: "Avoid large places. Keep to small." And with that, a deliciously creepy and hair-raising adventure begins.

The Housemates

Zoey Turning thirty is overrated. Who said you had to be married with a fabulous career and three kids? I had a great life. Zoey Richards, strong-willed and driven, settled on the geeky struggling med student to share her apartment with, not the perfect-in-every-way stud who would just distract her and undoubtedly break her heart. When her ex comes back into the picture, Zoey seeks revenge and enlists her roommate's help. All Zoey and Drew need to do is pretend to be a couple for one night. But one night can change everything. Refusing to break their "roomie code," and in an effort to deny their feelings for each other, a war erupts between Zoey and Drew. She lives in the past; he, for the future. If opposites attract, will these two gamble their friendship for a chance at love?

The book includes Moody's interviews with Odyssey Works, an original short story by Amy Hempel, and six proposals for a new theory of making art.
