Riddles, Ancient and Modern

Presents a guide to nearly 27,000 children's picture book titles grouped in over 1,200 subjects and indexed by author, title, and illustrator.

Blackwood's Edinburgh Magazine

This study examines several unexplored aspects of Robert Frost's

poetry—proverbs, riddles, and names—and shows how they contribute to the reader's experience. Timothy D. O'Brien argues that while they often shape Frost's poems as sites of inviting wisdom and play, these features also open up the poems to radical doubt about identity, authorship, and reality. This book offers the most extensive research to date of the relationship between Frost's poetry and the visual art that often accompanied it and sheds new light on the work of one of the twentieth century's most highly regarded poets.

St. Stephen's Review

I'm a? A Book of Rhymes, Riddles, and Choices Halloween Edition is a rhyming children's picture book for ages 0-7. Follow Collin and Claire on this chilling night while vampires and ghosts give them fright. This is an interactive book, being that you are able to read a riddle to or with your child, then have them guess from the multiple-choice page, which object they think the riddle is referring to. This creates an exciting interaction between the reader and listener, providing entertainment, education, and fun. Containing pumpkin carving, candy, creatures and more in wonky, colorful illustrations that'll have you walking through a Trick or Treating adventure giving you all those Halloween and Fall feels. You'll be led into a vampire's lair, a witch's shack where she's cooking up a delicious spell, a spider's web for some apple cider, and running from zombies before the night is over. In all its spooky splendor this is a kid's book made for toddlers, pre-k, kindergarten, first and second grade. Bring your best Vampire, Witch, and Zombie voice in this read aloud book at home or in the classroom. Can you solve these riddles?

Names, Proverbs, Riddles, and Material Text in Robert Frost

Sudoku has taken America by storm! Now kids can enjoy the puzzle that keeps their parents' minds racing and pencils sharpened. This edition, designed for children 8 and up, begins with a sudoku lesson from Will Shortz and very easy 4 x 4 grids to warm up. Then young solvers advance to more challenging 6 x 6 grids and finally tradition 9 x 9 sudoku puzzles. Features: · 150 all-new sudoku puzzles · Four difficulty levels including smaller "kid grids" · Fun commentary and illustrations · Edited by legendary New York Times crossword editor Will Shortz · Big grids with lots of space for easy solving

Blackwood's Magazine

Old English Enigmatic Poems and the Play of the Texts consists of a close study of a number of verse texts, most of which are preserved in the Exeter Book of Old English poetry. All of these texts are enigmatic. Some are riddles; others are riddle-like in their manner of simultaneously giving and withholding information.

The Exeter Book

The Riddles of Finnegans Wake

The works of Friedrich Nietzsche have fascinated readers around the world ever since the publication of his first book more than a hundred years ago. As Walter Kaufmann, one of the world's leading authorities on Nietzsche, notes in his introduction, "Few writers in any age were so full of ideas," and few writers have been so consistently misinterpreted. The Portable Nietzsche includes Kaufmann's definitive translations of the complete and unabridged texts of Nietzsche's four major works: Twilight of the Idols, The Antichrist, Nietzsche Contra Wagner and Thus Spoke Zarathustra. In addition, Kaufmann brings together selections from his other books, notes, and letters, to give a full picture of Nietzsche's development, versatility, and inexhaustibility. "In this volume, one may very conveniently have a rich review of one of the most sensitive, passionate, and misunderstood writers in Western, or any, literature." —Newsweek

Provides a framework for better appreciating this work. Shows that the riddles serve as a metaphor to life. Descriptions of the book's structure, language, and themes can teach us a great deal about Joyce's understanding of the nature of art and the role of the artist.

Riddles of Existence

Easy to read sentences along with pictures to aid reader to find the clues as they play I Spy.

Spooky Riddles and Jokes

Gr.2-4. There should be enough laughs to keep kids going for a long time. Based on ghosts, werewolves, monsters. Libraries needing more joke books will find these appropriate.--Booklist. "An excellent stimulus for storytelling."--Instructor. 128 pages,

A Dictionary of the English Language

Suggests ways to use humor to motivate students to read, including ideas for bulletin boards, exercises, crafts, riddles, and contests.

Collier's

Riddles of Existence makes metaphysics genuinely accessible, even fun. Its lively, informal style brings the riddles to life and shows how stimulating they can be to think about. No philosophical background is required to enjoy this book. It is ideal for beginning students. Anyone wanting to think about life's most profound questions will find Riddles of Existence provocative and entertaining. This new edition is updated throughout, and features two extra, specially written chapters: one on metaphysical questions to do with morality, and the other on questions about the nature of metaphysics itself.

Will Shortz Presents The Monster Book of Sudoku for Kids

Poetics of the Literary Self-Portrait

Side-splitting spooky riddles, jokes, and puns tickle your funny bone.

Monographic Series

A serious and independent contribution to the literature of autobiography. -- John Sturrock
French Studies
Clearly a landmark study. It seems certain to provoke a great deal of productive debate among those concerned with any of the many issues it raises. -- Comparative Literature
The literary self-portrait, often considered to be an ill-formed autobiography, is receiving more attention as a result of the current obsession with personal narrative, but little progress has been made toward an understanding of its specific features. With *Poetics of the Literary Self-Portrait*, Michel Beaujour reveals the hidden ambitions of this genre. From St. Augustine to Montaigne, from Nietzsche to Malraux, Leiris and Barthes, individual self-portraits are analyzed jointly with the enduring cultural matrix from which self-portrayal derives its disconcerting non-narrative structure, and many of its recurrent topics.

Expositor and Current Anecdotes

"In this unique book Mark Bryant has collected hundreds of the best riddles of all time, drawn from sources throughout the world. They range from simple jokes about fleas and worms enjoyed by earthy peasants to highly sophisticated puzzles composed by some of the greatest names in the world of letters, from Schiller, Swift and Cervantes to Edgar All Poe, Lewis Carroll and J.R.R. Tolkien. To introduce this anthology, Mark Bryant traces the history of riddles from their origins in pre-classical antiquity to modern times."--Jacket.
