Password requirements: 6 to 30 characters long; ASCII characters only (characters found on a standard US keyboard); must contain at least 4 different symbols;

## **Higher Education | Pearson**

In economics, industrial organization is a field that builds on the theory of the firm by examining the structure of (and, therefore, the boundaries between) firms and markets. Industrial organization adds real-world complications to the perfectly competitive model, complications such as transaction costs, limited information, and barriers to entry of new firms that may be associated with

In the context of the history of the 20th century, the interwar period was the period between the end of the First World War on 11 November 1918 and the beginning of the Second World War on 1 September 1939.. Despite the relatively-short period of time, the period represented an era of significant changes worldwide. Petroleum-based energy production and associated mechanisation expanded
