Dragon and Thief

The incredible second part of Shift, the follow up to bestseller Wool. Donald wasn't supposed to remember. In fact, he was punished for doing just that. But the information he should have forgotten may end up saving his future. Mission Jones is a young man who wants to change the world around him. The rules, the secrets, the lies. Putting his own life on the line, he fights to build a resistance and save those who have hope. But is he trying to save the wrong people? Donald knows the truth, but is he willing to use it to protect something that he regrets building in the first place?

The Borrowers

"A real player in the game of forensic sleuthing." —Kathy Reichs, author of Spider Bones "Forensic pathologist Jonathan Hayes brings his authentic voice—and a fascinating protagonist—to the crime novel." —Linda Fairstein, author of Silent Mercy Forensic pathologist Edward Jenner returns in this explosive sequel to Precious Blood—an edgy, electrifying thriller set in a small-town coastal community where nothing is as it seems. Fans of Sam Bourne, Jefferson Bass, and James Grippando will be captivated by Jonathan Hayes's intricate tale of betrayal, blood, and conspiracy—a chilling suspense novel made all the more enthralling by author Hayes's vivid details, culled from a lifetime of first-hand experience as a homicide forensics specialist in New York City.

Shift

The incredible third part of Shift, the follow up to bestseller Wool. Donald has woken again. Because this time the impossible has happened. Someone has fled one of the silos. And she is still alive. Jimmy is a sixteen-year-old boy, and his home is being destroyed. A betrayal has led to one of the worst uprisings in history. Jimmy's descent into 'Solo' is about to

begin. With Jules about to meet Solo, Donald's world is about to change for one final time. Will he obey the Order? Or will he risk everything to discover the truth?

Machine Learning

Second Shift: Order

Goodnight Desdemona (Good Morning Juliet) is an exuberant comedy and feminist revisioning of Shakespeare's Othello and Romeo and Juliet. It takes us from a dusty office in Canada's Queen's University, into the fraught and furious worlds of two of Shakespeare's best-known tragedies, and turns them upside-down. Constance Ledbelly is the beleaguered "spinster" academic, and unlikely heroine who embarks on a quest for Shakespearean origins and, ultimately, her own identity. When she deciphers an ancient and neglected manuscript, Constance is propelled through a very modern rabbit hole and lands smack in the middle of the tragic turning points of each play in turn. Her attempts to save first Desdemona, then Juliet, from their harrowing fates, result in a wild unpredictable ride through comedy and near-tragedy, as mild-mannered Constance learns to love, sword-fight, dance Renaissance-style, and master a series of disguises... Goodnight Desdemona (Good Morning Juliet) a gender-bendy, big-hearted and crazily intelligent romp, where irony and anger sing in perfect harmony with innocence and poignancy.

Goodnight Desdemona (Good Morning Juliet) (Play)

In 2007, the Center for Automation in Nanobiotech (CAN) outlined the hardware and software platform that would one day allow robots smaller than human cells to make medical diagnoses, conduct repairs, and even self-propagate. In the same year, the CBS network re-aired a program about the effects of propranolol on sufferers of extreme trauma. A simple pill, it had been discovered, could wipe out the memory of any traumatic event. At almost the same moment in humanity's broad history, mankind had discovered the means for bringing about its utter downfall. And the ability to forget it ever happened. This is the sequel to the New York Times best-selling Wool series.

Half Way Home

Two people find themselves stranded in worlds apart. One world is crumbling, the other already in ruin. Will their fight to be reunited spell doom for them both and all around them? Or will it bring salvation? Welcome to the exciting conclusion to the Wool saga.

The Cruel Prince

#1 New York Times Bestseller Oprah's Book Club Selection The “extraordinary . . . monumental masterpiece” (Booklist) that changed the course of Ken Follett’s already phenomenal career. Look out for the prequel, *The Evening and the Morning*, coming from Viking in September 2020. “Follett risks all and comes out a clear winner,” extolled Publishers Weekly on the release of *The Pillars of the Earth*. A departure for the bestselling thriller writer, the historical epic stunned readers and critics alike with its ambitious scope and gripping humanity. Today, it stands as a testament to Follett’s unassailable command of the written word and to his universal appeal. *The Pillars of the Earth* tells the story of Philip, prior of Kingsbridge, a devout and resourceful monk driven to build the greatest Gothic cathedral the world has known . . . of Tom, the mason who becomes his architect—a man divided in his soul . . . of the beautiful, elusive Lady Aliena, haunted by a secret shame . . . and of a struggle between good and evil that will turn church against state and brother against brother. A spellbinding epic tale of ambition, anarchy, and absolute power set against the sprawling medieval canvas of twelfth-century England, this is Ken Follett’s historical masterpiece.

Crewel

For the first time ever, *The Silo Saga Omnibus* brings together all of the work in Hugh Howey's ground-breaking, best-selling, acclaimed series, including the individual novels *Wool*, *Shift*, and *Dust*, as well as original essays by the author, and a bonus chapbook of short fiction, *Silo Stories*. The remnants of humanity live underground in a vast silo. In this subterranean world, rules matter. Rules keep people alive. And no rule is more strictly enforced than to never speak of going outside. The punishment is exile and death. When the sheriff of the silo commits the ultimate sin, the most unlikely of heroes takes his place. Juliette, a mechanic from the down deep, who never met a machine she couldn't fix nor a rule she wouldn't break. What happens when a world built on rules is handed over to someone who sees no need for them? And what happens when a world broken to its core comes up against someone who won't stop until things are set to right? Their world is about to fall. What - and who - will rise?

Molly Fyde and the Parsona Rescue

WARNING: NOT FIT FOR HUMAN CONSUMPTIONThis book contains foul language and fouler descriptions of life as a zombie. It will offend most anyone, so proceed with caution or not at all. And be forewarned: This is not a zombie book. This is a different sort of tale. It is a story about the unfortunate, about those who did not get away. It is a human story at its rotten heart. It is the reason we can't stop obsessing about these creatures, in whom we see all too much of ourselves.

Wool

Mary Jekyll and the Athena Club foil a plot to unseat the Queen and race to save one of their own in this electrifying conclusion to the Locus Award winning trilogy that began with *The Strange Case of the Alchemist's Daughter*. Life's always an adventure for the Athena Club especially when one of their own has been kidnapped! After their thrilling European escapades rescuing Lucina van Helsing, Mary Jekyll, and her friends return home to discover that their friend and kitchen maid Alice has vanished—and so has their friend and employer Sherlock Holmes! As they race to find Alice and bring her home safely, they discover that Alice and Sherlock's kidnapping are only one small part of a plot that threatens Queen Victoria, and the very future of the British Empire. Can Mary, Diana, Beatrice, Catherine, and Justine save their friends—and the Empire? In the final volume of the trilogy that Publishers Weekly called “a tour de force of reclaiming the narrative, executed with impressive wit and insight” in a starred review, the women of the Athena Club will embrace their monstrous pasts to create their own destinies.

Third Shift: Pact

An instant bestseller! By #1 New York Times bestselling author Holly Black, the first book in a stunning new series about a mortal girl who finds herself caught in a web of royal faerie intrigue. Of course I want to be like them. They're beautiful as blades forged in some divine fire. They will live forever. And Cardan is even more beautiful than the rest. I hate him more than all the others. I hate him so much that sometimes when I look at him, I can hardly breathe. Jude was seven years old when her parents were murdered and she and her two sisters were stolen away to live in the treacherous High Court of Faerie. Ten years later, Jude wants nothing more than to belong there, despite her mortality. But many of the fey despise humans. Especially Prince Cardan, the youngest and wickedest son of the High King. To win a place at the Court, she must defy him--and face the consequences. In doing so, she becomes embroiled in palace intrigues and deceptions, discovering her own capacity for bloodshed. But as civil war threatens to drown the Courts of Faerie in violence, Jude will need to risk her life in a dangerous alliance to save her sisters, and Faerie itself.

Shift

Adam Griffey is living two lives. By day, he teaches literature. At night, he steals it. Adam is a plagiarist, an expert reader with an eye for great works. He prowls simulated worlds perusing virtual texts, looking for the next big thing. And when he finds it, he memorizes it page by page, line by line, word for word. And then he brings it back to his world, the real world, and he sells it. But what happens when these virtual worlds begin to seem more real than his own? What happens when the people within them mean more to him than flesh and blood? What happens when a living thing falls in love with someone

who does not actually exist?

The Sinister Mystery of the Mesmerizing Girl

In Orson Scott Card's classic apocalyptic science fiction novel *The Folk of the Fringe*, only a few nuclear weapons fell in America--the weapons that destroyed the nation were biological and, ultimately, cultural. But in the chaos, the famine, the plague, there existed a few pockets of order. The strongest of them was the state of Deseret, formed from the vestiges of Utah, Colorado, and Idaho. The climate has changed. The Great Salt Lake has filled up to prehistoric levels. But there, on the fringes, brave, hardworking pioneers are making the desert bloom again. A civilization cannot be reclaimed by powerful organizations, or even by great men alone. It must be renewed by individual men and women, one by one, working together to make a community, a nation, a new America. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Wool Omnibus

Deadly Secrets Tangled Lies Woven truths Incapable. Awkward. Artless. That's what the other girls whisper behind her back. But sixteen-year-old Adeline Lewys has a secret: She wants to fail. Gifted with the ability to weave time with matter, she's exactly what the Guild is looking for, and in the world of Arras, being chosen to work the looms is everything a girl could want. It means privilege, eternal beauty, and being something other than a secretary. It also means the power to manipulate the very fabric of reality. But if controlling what people eat, where they live, and how many children they have is the price of having it all, Adeline isn't interested. Not that her feelings matter, because she slipped and used her hidden talent for a moment. Now she has one hour to eat her mom's overcooked pot roast. One hour to listen to her sister's academy gossip and laugh at her dad's jokes. One hour to pretend everything's okay. And one hour to escape. Because tonight, they'll come for her.

The Stranded

A long, long time ago, an uprising erupted in Silo 18. The descendants of that great clash have been raised in its shadow. Nobody knows what went wrong. Nobody talks about what happened. Like all wars, it went from being something one could learn from -- to a legend one merely learns about. Now, almost two hundred years later, the people of Silo 18 will get more than just a chance to learn about that uprising. They'll get to start one of their own

Sand

In the highly anticipated conclusion to the Bern Saga, Molly and her friends are reunited while two wars erupt and collide. An entire universe hangs on the actions of Parsona's crew, and not all of them will survive. Reading Order: 1. Molly Fyde and the Parsona Rescue 2. Molly Fyde and the Land of Light 3. Molly Fyde and the Blood of Billions 4. Molly Fyde and the Fight for Peace

Beacon 23

Nearly sixty teens awaken halfway through their training, stranded on a harsh alien world with few supplies, no adults, and led by a treacherous artificial intelligence, but their greatest enemy is each other.

The Folk of the Fringe

There were numbers on each of the pockets. Juliette could look down at her chest and read them, and so it occurred to her that they must be printed upside down. They were there for her to read, and for no one else. She numbly stared at them through her helmet visor while the door behind her was sealed. There was another door, a forbidden one, looming in front of her. It stood silently as it waited to be opened. Juliette felt lost in this void between the two doors, trapped in this airlock full of its brightly colored pipes all jutting from the walls and ceiling, everything shimmering behind a plastic-wrapped shroud. The hiss of Argon being pumped into the room sounded distant through her helmet. It let her know the end was near. Pressure built against the plastic, crinkling it across the bench and walls, wrapping it tightly around the pipes. She could feel the pressure against her suit, like an invisible hand gently squeezing. She knew what was to happen next. And part of her wondered how she had gotten here, a girl from Mechanical who never cared one whit about the outside, who had only ever broken minor laws, and who would've been content for the rest of her life to live in the deepest bowels of the earth, covered in grease and fixing the broken things, little concern for the wider world of the dead that surrounded her—

Dust

The new novel from the international bestselling author of the Wool trilogy. The old world is buried. A new one has been forged atop the shifting dunes. Here in this land of howling wind and infernal sand, four siblings find themselves scattered and lost. Palmer has never been the same since his father walked out twelve years ago. His elder sister, Vic, is trying to run away from the past; his younger brothers, Connor and Rob, are risking their lives to embrace it. His mother, left with nothing but anger, is just trying to forget. Palmer wants to prove his worth, not only to his family, but to himself. And in the barren, dune-covered landscape of his home, there is only one way to earn respect: sand-diving. Plunging deep below the desert floor in search of relics and scraps of the old world. He is about to embark on the most dangerous dive of his young

life, aiming to become the first to discover the rumoured city below. Deep within the sand lies the key to bringing his family together – and tearing their world apart.

The Pillars of the Earth

Fourteen-year-old orphan Jack Morgan is hiding out. In a spaceship. Falsely accused of a crime, he pilots his Uncle Virgil's spaceship to a remote and uninhabited planet hoping to escape capture. When another ship crashes after a fierce battle, Jack rescues the sole survivor-- a K'da warrior names Draycos. It turns out Draycos can help Jack clear his name. All they have to do is team up. No problem, right? Until Jack learns that Draycos is not your average alien in Timothy Zahn's Dragon and Thief. Ages 10 and up At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Wizardoms

The incredible first part of the follow up to bestseller Wool. Donald Keene has been recruited by the government to design a shelter. He has been told that it is just protocol. That it won't really be used. That it is 'just-in-case'. It is underground. Over fifty years later Donald's design has been realised and the last remnants of mankind live in his silo. But no one can remember what life was like before. In fact, they're forced to forget. One simple pill erases a memory. And with it, any chance of hope.

Wool 3

Famine. Death. War. Pestilence. These are the harbingers of the biblical apocalypse, of the End of the World. In science fiction, the end is triggered by less figurative means: nuclear holocaust, biological warfare/pandemic, ecological disaster, or cosmological cataclysm. But before any catastrophe, there are people who see it coming. During, there are heroes who fight against it. And after, there are the survivors who persevere and try to rebuild. THE APOCALYPSE TRIPTYCH will tell their stories. Edited by acclaimed anthologist John Joseph Adams and bestselling author Hugh Howey, THE APOCALYPSE TRIPTYCH is a series of three anthologies of apocalyptic fiction. THE END IS NIGH focuses on life before the apocalypse. THE END IS NOW turns its attention to life during the apocalypse. And THE END HAS COME focuses on life after the apocalypse. THE END IS NIGH features all-new, never-before-published works by Hugh Howey, Paolo Bacigalupi, Jamie Ford, Seanan McGuire, Tananarive Due, Jonathan Maberry, Scott Sigler, Robin Wasserman, Nancy Kress, Charlie Jane Anders, Ken Liu, and many others.

Wool 4

This Omnibus Edition collects the five Wool books into a single volume. The first Wool story was released as a standalone short in July of 2011. Due to reviewer demand, the rest of the story was released over the next six months. My thanks go out to those reviewers who clamored for more. Without you, none of this would exist. Your demand created this as much as I did. This is the story of mankind clawing for survival, of mankind on the edge. The world outside has grown unkind, the view of it limited, talk of it forbidden. But there are always those who hope, who dream. These are the dangerous people, the residents who infect others with their optimism. Their punishment is simple. They are given the very thing they profess to want: They are allowed outside.

The Silo Saga Omnibus

'Look out there, Cassie girl. All that belongs to you.' Cassie Logan finds it hard to understand why the family farm means so much to her father. She finds it even harder growing up in a place like Mississippi in the 1930s. But, as she witnesses the prejudice and destruction all around her, Cassie begins to see why she must find strength in the people she loves and stand up for what she believes in.

The End Is Nigh

Daniel Stillman's Life: 42 Facebook friends 18 Cell phone contacts 6 Twitter followers 4 blog subscribers Now a category five storm is about to take this all away. And replace it with a neighbor he's never met.

The Lord of the Highlands

In a land of lost wonders, the past is stirring once more . . . Gene's life resembles a debutante's dream. Yet she hides a secret that would see her shunned by the nobility. Gene is both male and female. Then she displays unwanted magical abilities - last seen in mysterious beings from an almost-forgotten age. Matters escalate further when her parents plan a devastating betrayal, so she flees home, dressed as a boy. The city beyond contains glowing glass relics from a lost civilization. They call to her, but she wants freedom not mysteries. So, reinvented as 'Micah Grey', Gene joins the circus. As an aerialist, she discovers the joy of flight - but the circus has a dark side. She's also plagued by visions foretelling danger. A storm is howling in from the past, but will she heed its roar?

The Plagiarist

Growing up an orphan in the Milky Way hasn't been easy, especially as a teenage girl in the Naval Academy. Unfortunately for Molly Fyde, things are about to get worse. Just as she's finding her place amongst the boys, her unfair expulsion from the Academy takes away the only two things that truly matter: flying in space and her training partner, Cole. Sent off to a normal school, she feels destined for a dull, unspectacular future. Then, a marvelous discovery changes everything: Her father's old starship, missing for a decade, turns up halfway across the galaxy. Its retrieval launches Molly and Cole on the adventure of a lifetime, one that will have lasting consequences for themselves and billions of others. What starts off as a simple quest to reconnect with her past, ends up forging a new future. And the forgotten family she hoped to uncover is replaced by a new one she never foresaw: a band of alien misfits and runaways The crew of the starship Parsona.

Molly Fyde and the Fight for Peace

The much-anticipated final instalment of the Wool trilogy. 'The next Hunger Games' The Sunday Times 'Thrilling, thought-provoking and memorable one of dystopian fiction's masterpieces alongside the likes of 1984 and Brave New World.' Daily Express In the aftermath of the uprising, the people of Silo 18 are coming to terms with a new order. Some embrace the change, others fear the unknown; none have control of their fate. The Silo is still in danger. There are those set on its destruction. Jules knows they must be stopped. The battle has been won. The war is just beginning.

The Hurricane

The first book in the acclaimed, New York Times best-selling trilogy, Wool is the story of a community living in an underground silo completely unaware of the fate of the outside world. When the silo's sheriff asks to leave the silo, a series of events unravels the very fabric of their fragile lives. In a world where all commodities are precious and running out, truth and hope may be the most rare and the most needed.

Pantomime

Shadows is fan-fiction set in Hugh Howey's WOOL universe as part of the Silo Saga. Life within the silos follows a well-worn pattern passed down through the generations from master to apprentice, 'caster to shadow. "Don't ask! Don't think! Don't question! Just stay in the shadows." But not everyone is content to follow the past

First Shift: Legacy

The fourth entry in the Fate of Wizardoms epic fantasy series.

A Hard Death

Lord Anakreon, Warden of the First Circle, has lost a weapon. Not just any weapon; the Planet Forge is an ancient alien artefact with the power to create worlds or to end them. His arch-rival, the traitor Lord Demios, is hell-bent on conquering Earth. He aims to tear the planet to pieces, and sell off the human population as spare parts. As sworn guardians of Earth, Anakreon and his hand-picked crew of fighters must stop him, no matter how terrible the cost. But that is not their only challenge. Because there are far, far worse things than rogue Wardens in the galaxy. As people on the sleepy planet of Arixia are about to find out, jump on board for a high-octane adventure full of epic space battles, deadly robots and genetically engineered assassins! You'll love Warden's Folly because flashes of humor blend with the action, making it impossible to put down. Grab your copy today! What people are saying about Earth Warden: "Earth Warden is a fast paced and explosive space adventure!" "Very much in the vein of 'Star Wars', 'The Fifth Element' and 'Firefly', it's chock full of space battles, genetically-engineered assassins, and mysterious alien artefacts. The galaxy is a seriously dangerous place!" "Bestselling author Tony James Slater's sci fi debut is a scorcher."

All Systems Red

"I need you to help me rescue your father_" With those words, Molly Fyde—and the rest of the known universe—will never be the same. What began as a simple task to retrieve her father's spaceship, has turned into more than Molly bargained for. Setting off to reconnect with her past, she is about to meet it in a way she never expected: Head-on. Her father is alive. Her mother's memories are trapped inside the very ship which bears her name. On the run from her own Navy, Molly and her crew are now tasked with the impossible: Rescue her parents. Save the galaxy. End a war. But before they can attempt such heroics, Molly must first save a friend. One of her crew members is in trouble, their life hanging by a thread. And the only race of people Molly can turn to just happens to be the very aliens she's been raised to fear, trained to meet in battle. Drenard. Homeworld of humanity's sworn enemy. And the next stop for the starship Parsona.

I, Zombie

A new collection of stories, including some that have never before been seen, from the New York Times best-selling author of the Silo trilogy Hugh Howey is known for crafting riveting and immersive page-turners of boundless imagination, spawning millions of fans worldwide, first with his best-selling novel Wool, and then with other enthralling works such as Sand and Beacon 23. Now comes Machine Learning, an impressive collection of Howey's science fiction and fantasy short fiction, including three stories set in the world of Wool, two never-before-published tales written exclusively for this volume, and fifteen additional stories collected here for the first time. These stories explore everything from artificial intelligence to

parallel universes to video games, and each story is accompanied by an author's note exploring the background and genesis of each story. Howey's incisive mind makes *Machine Learning: New and Collected Stories* a compulsively readable and thought-provoking selection of short works—from a modern master at the top of his game.

Roll of Thunder, Hear My Cry

Wool introduced the world of the silo. Shift told the story of its creation. Dust will describe its downfall. Juliette, now mayor of Silo 18, doesn't trust Silo 1, especially its leader, Donald. But in the world of the Silos, there is no black and white — everything is shades of gray. Donald may not be the monster Juliette thinks he is, and may in fact be key to humanity's continued survival. But can they work together long enough to succeed?

Warden's Folly

Miniature people who live in an old country house by borrowing things from the humans are forced to emigrate from their home under the clock.

Shadows

The much anticipated prequel to bestseller *Wool* that takes us back to the beginnings of the silo. The full novel which brings together First, Second and Third Shift. 'The next Hunger Games' *The Sunday Times* 'An epic feat of imagination. You will live in this world.' Justin Cronin In a future less than fifty years away, the world is still as we know it. Time continues to tick by. The truth is that it is ticking away. A powerful few know what lies ahead. They are preparing for it. They are trying to protect us. They are setting us on a path from which we can never return. A path that will lead to destruction; a path that will take us below ground. The history of the silo is about to be written. Our future is about to begin.

Molly Fyde and the Land of Light

For centuries, men and women have manned lighthouses to ensure the safe passage of ships. It is a lonely job, and a thankless one for the most part. Until something goes wrong. Until a ship is in distress. In the 23rd century, this job has moved into outer space. A network of beacons allows ships to travel across the Milky Way at many times the speed of light. These beacons are built to be robust. They never break down. They never fail. At least, they aren't supposed to.

Dust

Winner: 2018 Hugo Award for Best Novella Winner: 2018 Nebula Award for Best Novella Winner: 2018 Alex Award Winner: 2018 Locus Award One of the Verge's Best Books of 2017 A New York Times and USA Today Bestseller A murderous android discovers itself in *All Systems Red*, a tense science fiction adventure by Martha Wells that interrogates the roots of consciousness through Artificial Intelligence. "As a heartless killing machine, I was a complete failure." In a corporate-dominated spacefaring future, planetary missions must be approved and supplied by the Company. Exploratory teams are accompanied by Company-supplied security androids, for their own safety. But in a society where contracts are awarded to the lowest bidder, safety isn't a primary concern. On a distant planet, a team of scientists are conducting surface tests, shadowed by their Company-supplied 'droid — a self-aware SecUnit that has hacked its own governor module, and refers to itself (though never out loud) as "Murderbot." Scornful of humans, all it really wants is to be left alone long enough to figure out who it is. But when a neighboring mission goes dark, it's up to the scientists and their Murderbot to get to the truth. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
